Where others have branches... we have roots!
Our roots began right here in Del Rio back in 1910! While banking has evolved over the last century, we know that what we learned back then still works today. We are proud to be the only locally owned bank where decisions are made right here at home! Our Board of Directors and Shareholders are men and women who live, work and raise their families in this community. Their roots in Del Rio and Val Verde County are as strong as The Bank & Trust roots. You know many of them as your friends and neighbors. Board Members are around the bank most days... so stop by for a visit and a cup of coffee.
While most "big banks" have evolved past the point of local directors, cups of coffee, and local decisions; our roots are firmly planted and still growing in this tradition!
