Clearwater County was established in 1902 as the 83rd County in Minnesota, with Bagley as its county seat. Its name comes from the Ojibwe word “gawakomitgweia”, which means “clear water”. The Mississippi river starts in Clearwater County out of Lake Itasca. This is one of Clearwaters most famous traits. Clearwater also contains the beautiful Itasca State Park with over 3,000 acres of old growth pine. Clearwater County is home to approximately 8,695 people.

**BAGLEY (COUNTY SEAT)** - pop. 1,392

**CLEARBROOK** - pop. 518

**GONVICK** - pop. 282

**LEONARD** - pop. 41

**SHEVLIN** - pop. 176

*\*Populations are approximate.*

## **BAGLEY**

Bagley was named after Sumner C. Bagley who was a local lumberman. It was settled in 1894 and incorporated on January 4, 1899. It is also the county seat of Clearwater. Lake Lomond is right within the city limits with Lake Itasca just south of that, where the mighty Mississippi starts. They have had a post office in operation since 1898 called Bagley. Bagley is home to approximately 1,392 people.

## **CLEARBROOK**

Clearbrook began in 1907 with only a few buildings and tent residents. At that time it was a community named Shanty Town. It really started to develop in 1910 when the Soo Line Railroad came through. It was incorporated as a village on June 15, 1918 and got its name from the brook there. The biggest industry in Clearbrook is wild rice. Clearbrook is home to approximately 518 people.

## **GONVICK**

Gonvick started to develop in 1896 when the Red Lake Reservation opened for prospective homesteaders. The Soo Line Railroad came through there in 1910 bringing more business and the neighboring town Wildwood became part of Gonvick. Seven years later Gonvick was incorporated as a village on August 1, 1917. Gonvick is home to approximately 282 people.

## **LEONARD**

Leonard was incorporated as a village on June 12, 1922. It was named after Leonard French, the first child of an early pioneer merchant. A post office was established in 1899 and remained in operation for 95 years. In 1994 it was discontinued. Leonard is home to approximately 41 people.

## **SHEVLIN**

Shevlin was incorporated as a village in 1898. It was named after Thomas Henry Shevlin of Minneapolis. He came to Minnesota in 1886 and was president of several logging and lumber companies. Shevlin was founded as a logging camp in the late 19th century. It was where the Minnesota Logging Championships were held during the Sawdust Dayz festival. Sawdust Dayz began in 1987 as a part of the Shevlin Community Improvement Project. Shevlin is home to approximately 176 people.

# WOUNDED WARRIORS GUIDE SERVICE

## WOUNDED WARRIORS GUIDE SERVICE

is a cost free guide service founded by veterans for veterans. We here at WOUNDED WARRIORS GUIDE SERVICE provide waterfowl hunting and fishing opportunities for our vets that have been wounded serving our great nation. # Mahnomen County History

Mahnomen County was established in 1906 after a mass meeting and a special election. The meeting and election happened because the people were unhappy about the city seat being too far away and lack of services. It's the only county in Minnesota that is inside an Indian reservation. The White Earth Indian Reservation officially marked boundaries in 1868 that contain 796,000 acres. Mahnomen County is also one of Minnesota's prime producing areas of wild rice. Its name comes from the Ojibway word for wild rice. Mahnomen County is home to approximately 5,413 people, with Mahnomen as its county seat.

**MAHNOMEN (COUNTY SEAT)** – pop. 1,214

**BEJOU** – pop. 89

**WAUBUN** – pop. 400

*\*Populations are approximate.*

## MAHNOMEN

Mahnomen was incorporated as a village on March 21, 1905 and is the county seat of Mahnomen county. In 1904 the first train arrived and the town started growing. The first person to set up a permanent building there was Sigurd Bernard Olson and it was a hardware store. After that many more businesses started popping up all over in the area. Sigurd Bernard Olson was also Mahnomen's postmaster for sometime while the town was growing. Mahnomen is home to approximately 1,214 people.

## BEJOU

Bejou got its name from the french word Bon jour. This happened around 1904 when the Soo Line Railroad started going through there. The name came from the fur traders and voyageurs greeting one another, but while creating the towns name they changed the pronunciation and spelling a bit. Bejou was incorporated as a village on January 13, 1921. The first post office was established in 1906 with John A. Hinzen as the postmaster. This post office is still in operation. Bejou is home to approximately 89 people.

## WAUBUN

Bement was first established in 1905 and then changed to Waubun in 1906. Waubun in Ojibwe language means rising sun. The Soo Line Railroad first came through in 1904. There was a mill along the tracks that ground grain for farmers and stores sold by Fredenburg's Waubun Flour. At this time there was a butcher shop, general store, First State Bank and Woodworth Elevator Co. It didn't take long for more business and people to follow. Waubun is home to approximately 400 people.

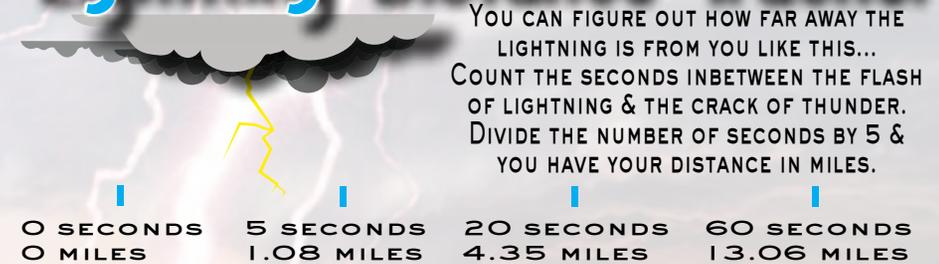

## Precautions:

- KNOW WHERE YOU CAN TAKE SHELTER IN SECONDS.
- HAVE A PLACE, EVERYONE KNOWS, TO GO TO AFTER THE STORM HAS PASSED.
- FLYING DEBRIS IS THE BIGGEST DANGER DURING A TORNADO. YOUR SHELTER SPACE SHOULD HAVE MATTRESSES OR THICK BLANKETS AROUND, TO PROTECT YOURSELVES.
- DO NOT OPEN YOUR WINDOWS TO TRY & "EQUALIZE THE PRESSURE." THIS ONLY MAKES IT EASIER FOR DEBRIS TO INJURE YOU.
- ALSO, STAY AWAY FROM WINDOWS!

## Things to Look and Listen for:

- CONSTANT ROTATION OF THE CLOUDS BASE.
- FLYING/ROTATING DEBRIS UNDER THE CLOUD.
- TORNADOS DON'T ALWAYS HAVE A VISIBLE FUNNEL.
- HEAVY RAIN OR HAIL FOLLOWED BY EITHER BY AN EERIE CALM IN THE STORM OR RAPID WIND CHANGES & SHIFTS.
- LISTEN FOR LOUD, CONTINUOUS RUMBLING WITH NO BREAKS IN IT LIKE THUNDER.

## Lightning Distance Tracker

# Do Not Open Your Windows!

Norman County was organized in 1881 and had its name chosen because the population at the time was mostly Norwegian. Its located in the Red River Valley of Minnesota which is one of the best farming regions in the world. Frenchman's Bluff is located here and is one of the highest points in northwestern Minnesota. It has an elevation of around 1340 feet and contains birds and insects only found in that area. From the top of the bluff you can get an amazing view of Glacial Lake Agassiz basin. Norman County is home to approximately 6,852 people, with Ada as its county seat.

**ADA (COUNTY SEAT)** – pop. 1,707

**BORUP** – pop. 110

**GARY** – pop. 214

**HALSTAD** – pop. 597

**HENDRUM** – pop. 307

**PERLEY** – pop. 92

**SHELLY** – pop. 191

**TWIN VALLEY** – pop. 821

*\*Populations are approximate.*

## ADA

Ada was incorporated as a village in 1884, then to a town in 1890, and finally a city in 1908. Ada got its name from Ada Nelson Fisher, she was the daughter of prominent local resident and farmer, H. W. Fisher. Unfortunately she died at the age of six in 1880. In 1823 Major Stephan R. went out to investigate the Red River Valley for possible value. Herds of elk and buffalo were abundant and the farming land looked exceptional. But with grasshopper masses, fear of Indians, and long travel distance to markets, very few people ventured there till 1876. Adas existence and livelihood is due to the strength of the local agricultural economy. Ada is home to approximately 1,707 people.

## BORUP

Borup was named in honor of Charles William Wulff Borup. He established the banking house of Borup and Oakes, it was the first in Minnesota. The city settled next to the Great Northern Railway and a grain warehouse. Borup was platted in 1899, and incorporated as a village in 1951. The post office has been in operation since 1896 and is named after the city. Borup is home to approximately 110 people.

## GARY

Gary was founded in 1883 by Garrett L. Thorpe and was incorporated on February 21, 1901. In 1877 the first settlers started arriving in the area, by 1880 most of the homesteaded sections were taken up. The town had gotten word in 1885 that the Great Northern Railroad would be coming through their town. The towns people worked hard on getting ready for the railway by clearing a path and setting grade for the tracks to be placed, but in 1886 the Northern Pacific Railroad had already completed a track 3 miles to the west, with a depot at Gary. Gary is home to approximately 597 people.

## HALSTAD

Halstad township was organized in 1879 and incorporated as a village on February 13, 1893. The city was named after Ole Halstad. He was a pioneer farmer from Norway. For many years he was also the postmaster for Marsh River post office. The topography of this region is pretty extreme with areas of the Red River that have an inch of elevation change per mile. Halstad is home to approximately 597 people.

## HENDRUM

Hendrum was organized in 1880, its city was founded in 1881, and was incorporated on August 26, 1901. The early settlers of this city were mostly Norwegian and named it after a group of farms in Norway. The post office was established in 1878 and Johanas Hagen was the postmaster. He spent his whole life there on his farm and helped organize the township and village. Hendrum is home to approximately 307 people.

## TWIN VALLEY

Twin Valley started when S. P. Olson selected a site and built a flour mill, this attracted farmers to the area and it was an established village by 1880. It was named from its location between the Wild Rice River and a tributary creek. Running through the city is the Agassiz Recreational Trails, its a 53-mile multi-use rail trail. The trail allows biking, hiking, horseback riding, snowmobiling, snowshoeing, and more. Another trail in the city is the Prairie Passage trail, this trail is full of native grasses, flowers, and wildlife. Twin Valley is home to approximately 821 people.

## **SANTEE PRAIRIE SCIENTIFIC AND NATURAL AREA**

Mahnomen | (218) 739-7576

A diverse prairie that adjoins the Wambach Wildlife Management Area.

(2ND SEASON)

03/01/15 - 03/31/15

(3RD SEASON)

09/01/15 - 10/31/15

(4TH SEASON)

12/15/15 - 12/31/15

## **TURKEY**

SPRING

04/15/15 - 05/28/15

FALL

10/03/15 - 11/01/15

## **DEER HUNT**

ARCHERY SEASON

09/19/15 - 12/31/15

FIREARM SEASON - 1A

11/07/15 - 11/22/15

FIREARM SEASON - 2A AND 3A

11/07/15 - 11/15/15

FIREARM SEASON - 3B

11/21/15 - 11/29/15

MUZZLELOADER SEASON

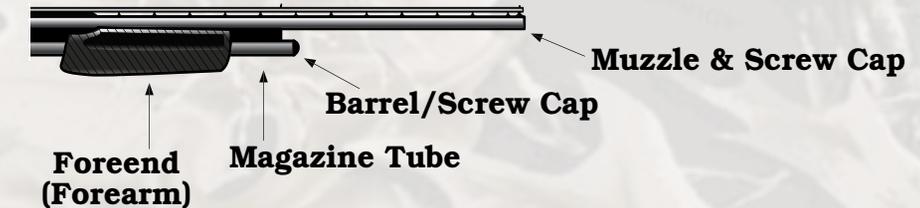

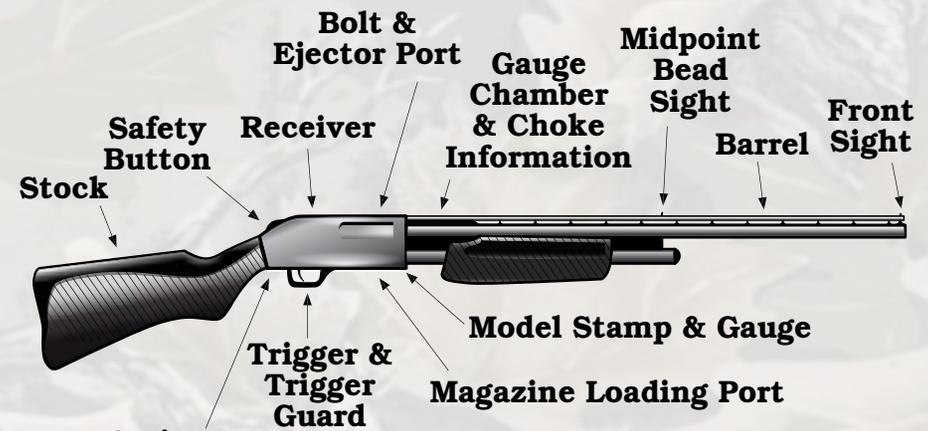

11/28/15 - 12/13/15

## **SMALL GAME - RABBITS, SQUIRRELS**

09/19/15 - 02/28/16

*\*At the time of publication not all of the 2015 Minnesota Hunting Seasons were available.*

Contact [www.dnr.state.mn.us](http://www.dnr.state.mn.us) for more information

*All hunters should consider taking an advanced hunter education class to learn the latest hunting techniques along with tips on coming home alive.*

Here are 5 Suggestions for a safe and successful hunting experience:

1. Get a detailed map of the area you are hunting, review it before you leave, and carry it with you in the field.
2. Carry a compass and know how to use it. Decide ahead of time the direction to head for if you get lost or disoriented.
3. Weather can change quickly, so hunters should carry a simple survival kit and be prepared for an unexpected overnight stay in the field. The survival kit should contain a rope, a knife, water, waterproof matches, an emergency shelter, and first aid supplies.
4. If you are on the water, make sure to wear a personal flotation device (life preserver).
5. Know your hunting partners' physical and emotional limitations, as well as your own, and don't push your partners or yourself beyond those limits.

You can purchase hunting and fishing licenses, cross-country ski passes and snowmobile trail stickers through the Electronic License System. Online [www.dnr.state.mn.us](http://www.dnr.state.mn.us), Toll Free: 1 (888) 646-6367  
Or visit one of the ELS agents available throughout the area:

# ICE SAFETY GUIDELINES:

**THERE IS NO SUCH THING AS 100% SAFE ICE!!!**

## Did you know?

- Ice always forms unevenly. It can be 2 feet thick in one spot, and just a few inches thick a couple feet away.
  - The most dangerous ice is formed over flowing water. It's especially dangerous near streams, culverts and bridges. Also, the faster the water is running, usually means the weaker the ice will be.
  - Snow insulates the ice and slows the freezing process. The added weight of the snow reduces the strength of the ice. Also, ice that is closer to shore is usually weaker than ice farther out.
  - Cracking and rumbling ice isn't always bad. The ice expands and contracts as the temperature rises and falls.
  - Fish and birds/wildlife can also effect the ice. Schools of fish can bring warm water from the bottom of lakes, and open holes in seemingly thick ice.
- ALWAYS BE CAUTIOUS WHEN YOU ARE ON ICE!**

# FISHING SEASONS

04/25/15 - 02/28/16 Sucker Spearing - 2015 season	01/17/15 - 01/19/15 Take-a-Kid Ice fishing weekend
04/25/15 - 02/14/16 Bullhead, Redhorse, other rough fish Spearing - 2015 season	05/09/15 - 02/28/16 Walleye, sauger, northern pike - 2015 season
04/25/15 - 02/28/16 Bowfishing - 2015 season	05/09/15 - 05/10/15 Take-a-Mom fishing weekend
05/09/15 - 02/28/16 Smallmouth and Largemouth Bass - 2015 season -North and East of U.S. Hwy 53 from Duluth to International Falls and Pelican and Ash lakes in St. Louis County	06/05/15 - 06/07/15 Take-a-Kid fishing weekend
05/23/15 - 02/28/16 Largemouth Bass - 2015 season -South and West of US Hwy 53 from Duluth to International Falls except Pelican and Ash Lakes in St. Louis County	06/06/15 - 12/01/15 Muskellunge (Muskie) - 2015 season
05/23/15 - 09/13/15 Smallmouth Bass - 2015 Season -South and West of U.S. Hwy 53 from Duluth to International Falls except Pelican and Ash lakes in St. Louis County	05/09/15 - 05/22/15 Smallmouth and Largemouth Bass - 2015 early Catch and Release season Only -South and West of U.S. Hwy 53 from Duluth to International Falls except Pelican and Ash lakes in St. Louis County
09/14/15 - 02/28/16 Smallmouth Bass - 2015 Catch and Release season only (statewide)	05/23/15 - 09/13/15 Smallmouth Bass - 2015 Season -South and West of U.S. Hwy 53 from Duluth to International Falls except Pelican and Ash lakes in St. Louis County
11/15/15 - 02/28/16 Dark House Spearing-2015 season	09/14/15 - 02/28/16 Smallmouth Bass - 2015 late Catch and Release Only season-South and West of U.S. Hwy 53 from Duluth to International Falls except Pelican and Ash lakes in St. Louis County
04/18/15 - 09/14/15 Stream Trout in streams SE - 2015 season	*Contact the MN DNR for specific zone information by calling: 1 (888) 646-6367 or go to <a href="http://www.dnr.state.mn.us">www.dnr.state.mn.us</a> for more information.
04/18/15 - 09/30/15 Stream Trout in streams, except SE - 2015 season	
09/15/15 - 10/15/15 Stream Trout (Fall) SE - 2015 season Catch and Release season only	
01/01/15 - 03/31/15 Stream trout (Winter) SE - 2015 catch and release season	

## Operating Watercraft

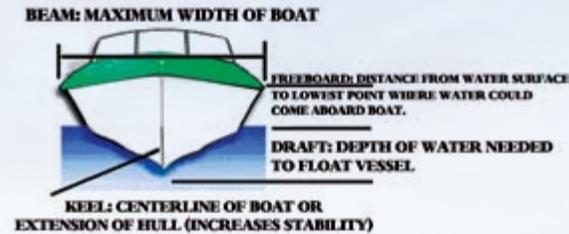

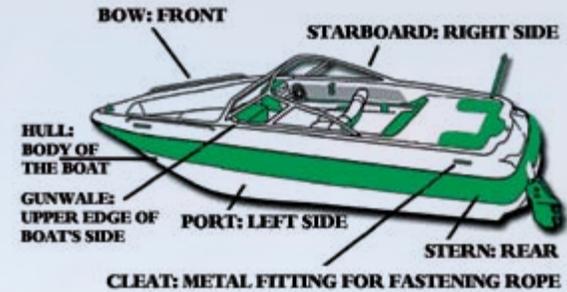

FOLLOW THESE GUIDELINES TO HELP PREVENT AND PREPARE FOR CAPSIZING, SWAMPING, OR SOMEONE FALLING OVERBOARD.

- MAKE SURE THAT YOU AND YOUR PASSENGERS ARE WEARING LIFE-JACKETS WHILE THE BOAT IS MOVING.
- ATTACH THE IGNITION SAFETY LANYARD TO YOUR WRIST, CLOTHES, OR LIFE JACKET.
- DON'T ALLOW ANYONE TO SIT ON THE GUN WALE, BOW, SEAT BACKS, MOTOR COVER, OR AREAS NOT DESIGNED FOR SEATING. ALSO, DON'T LET ANYONE SIT ON PEDESTAL SEATS WHEN CRAFT IS NOT IN IDLE.
- DON'T OVERLOAD YOUR BOAT. BALANCE THE LOAD OF PASSENGERS AND GEAR STORED ON-BOARD.
- KEEP YOUR CENTER OF GRAVITY LOW BY NOT ALLOWING PEOPLE TO STAND UP OR MOVE AROUND WHILE CRAFT IS IN MOTION.
- IN SMALL BOATS, DON'T ALLOW ANYONE TO LEAN BEYOND THE GUNWALE.
- TURN BOAT AT SLOW RATES OF SPEED.
- SECURE THE ANCHOR LINE TO THE BOW, NEVER TO THE STERN.
- DON'T RISK OPERATING WATER CRAFT IN ROUGH CONDITIONS OR BAD WEATHER.

## Who May Operate a Motorboat

(OTHER THAN A PERSONAL WATERCRAFT)

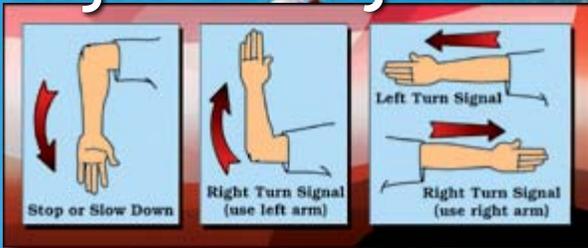

- **FOR ENGINES 25 HORSEPOWER OR LESS:**
  - THOSE UNDER AGE 12 MAY OPERATE WITHOUT RESTRICTIONS.
- **FOR ENGINES OVER 25 HORSEPOWER THROUGH 75 HORSEPOWER:**
  - THOSE UNDER AGE 12 MUST HAVE SOMEONE 21 YEARS OF AGE OR OLDER ON BOARD WITHIN REACH OF THE CONTROLS.
- **FOR ENGINES OVER 75 HORSEPOWER:**
  - NO CHILDREN UNDER AGE 12 MAY OPERATE, EVEN WITH AN ADULT ON BOARD.
  - OTHER RESTRICTIONS APPLY TO BOAT OPERATORS 12 TO 17 YEARS OLD:
    - OPERATORS FROM 12 TO 17 YEARS OF AGE MAY OPERATE ENGINES OF 25 HORSEPOWER OR LOWER WITH NO RESTRICTIONS.
- **FOR ENGINES OVER 25 HORSEPOWER:**
  - OPERATORS 12 TO 17 YEARS OF AGE MUST HAVE: A WATERCRAFT OPERATOR'S PERMIT, OR SOMEONE AGE 21 YEARS OR OLDER ON BOARD WITHIN REACH OF THE CONTROLS.

## All Watercraft Must Have...

- AT LEAST ONE COAST GUARD APPROVED TYPE 1, 2, 3 OR 5 FLOTATION DEVICE THAT IS THE PROPER SIZE FOR EACH PERSON ON BOARD OR BEING TOWED.
- ALL DEVICES MUST BE IN GOOD CONDITION AND EASILY ACCESSIBLE.
- CHILDREN UNDER AGE 10 MUST WEAR A DEVICE WHEN ON BOARD A BOAT THAT IS UNDERWAY UNLESS:
  - IN AN ENCLOSED CABIN OR BELOW DECK OR ON AN ANCHORED BOAT THAT IS BEING USED FOR SWIMMING OR DIVING OR PASSENGER CRAFT WITH A LICENSED CAPTAIN.
- ALONG WITH THE ABOVE AT LEAST ONE APPROVED TYPE 4 MUST BE ON BOARD BOATS 16 FT. OR LONGER (EXCEPT CANOES AND KAYAKS) AND IMMEDIATELY AVAILABLE.
- A COAST GUARD APPROVED TYPE 5 DEVICE MAY BE SUBSTITUTED FOR ANY OTHER COAST GUARD APPROVED DEVICE IF IT MEETS THE SAME REQUIREMENTS AND IS NOTED ON THE LABEL.
- ANYONE RIDING A JET SKI OR OTHER PERSONAL WATER CRAFT MUST WEAR AN APPROVED -NON INFLATING FLOTATION DEVICE, AS WELL AS ANYONE BEING TOWED BY A WATER CRAFT.

# Bicycle Hand Signals

# Snowmobile Hand Signals

Communication is an essential part of safe riding. Hand signals are a practical way to communicate between other riders and traffic. Be sure to give easy to see and clear hand signals when snowmobiling. Hand signals should never be subtle, but always deliberate.

<b>Right Turn</b> 	<b>Slowing</b> 
<b>Stop</b> 	<b>Sleds Following</b> 
<b>Left Turn</b> 	<b>Last Sled in Line</b> 
<b>Oncoming Sleds</b> 	

**Read the owner's manual** and know your vehicle thoroughly.

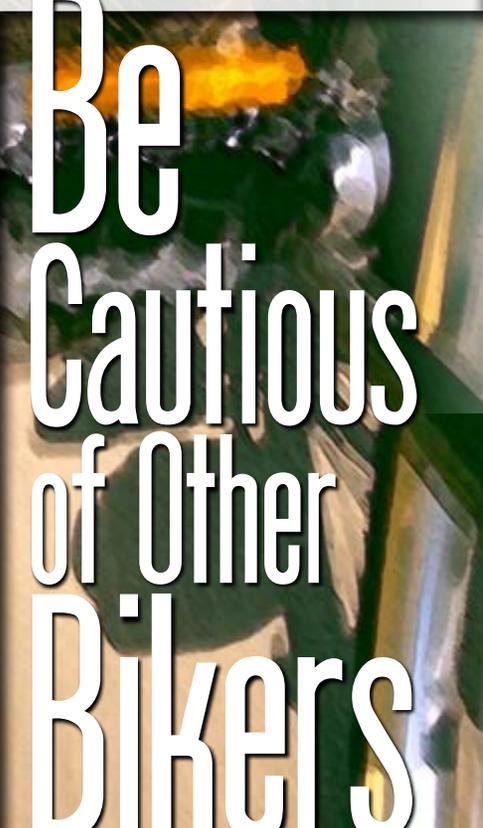

- Check your vehicle before you ride.
- Wear protective equipment and clothing.
- Don't lend your vehicle to unskilled riders.
- Supervise young or inexperienced riders.
- Never carry a passenger on vehicles meant for one rider.
- Do not operate under the influence of drugs or alcohol.
- Drive at speeds that are appropriate to trail conditions.
- Stay to the right on trails.
- Stay away from thin ice, open water and wetlands.
- Know the weather forecast.
- Make sure headlights and taillights work properly.
- Maintain safe distances between other riders.
- Reduce your speed when riding at night.
- Yield to other motor vehicles and trail users.
- Young or beginning riders are encouraged to take a safety training course.

# Know Your ATV

## Drink lots of Water!

- Always wear a properly fitting bike helmet as most serious injuries are to the head.
- Be sure your handlebars, seat and wheels fit snugly.
- Keep your bike in good shape by checking and oiling your chain, making sure your brakes work properly and maintaining your tire pressure.
- Always ride with both hands on the handlebars except when doing turn signals.
- When leaving a driveway, curb or alleyway always stop and check for traffic in both directions.
- Cross only at intersections.
- Use the crosswalk to walk your bike across busy intersections and follow the traffic signals.
- Never ride against traffic. Travel in the same direction as the cars.
- Whenever you can, use bike routes and avoid busy streets.
- Don't ride near parked cars as doors can open and cause accidents.
- Obey all traffic signs and traffic lights.
- When biking with friends, ride in a single file.
- Always pass other bikers or pedestrians on the left and say "On your left!" to make your presence known.
- Always use bicycle hand signals to alert traffic of your changing direction.

# Be Cautious of Other Bikers

**PRIVATE PROPERTY**  
**NO TRESPASSING**

Please respect private property and no trespassing signs. Stay on trails. Exercise extreme caution on all lakes and streams. Obey all state and local laws and ordinances. Do not operate snowmobiles/ATV's on county roads or state highways.

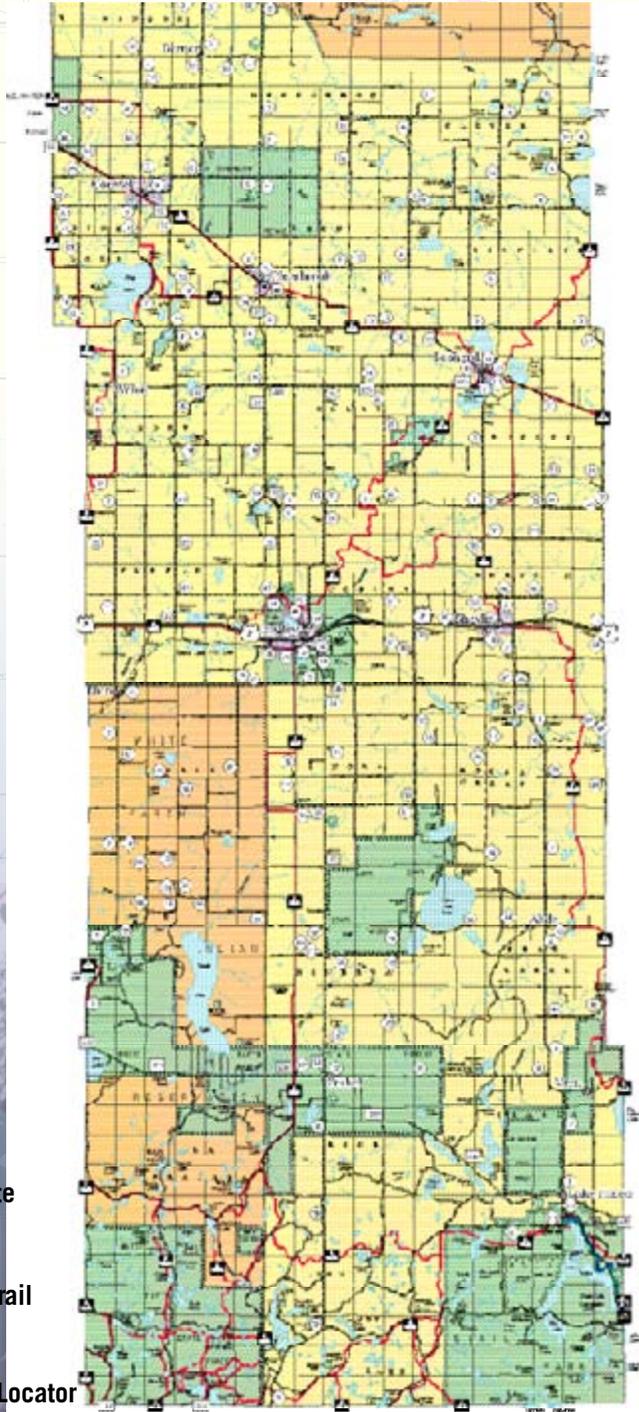

- Do not consume alcohol or take drugs prior to or during your snowmobile trip. Doing so increases your chances of injury or death.
- Slow down and don't cut to the inside of the trail corners. It's dangerous and illegal.
- If you snowmobile at night, don't override your lights.
- Always use the buddy system. Never ride off alone.
- Drowning is one of the causes of many snowmobile fatalities. Whenever possible, avoid the ice.
- Wear sensible, protective clothing designed for operating a snowmobile.
- Use a full size helmet, goggles, or visor to prevent injuries from twigs, stones, ice chips and other debris.
- Avoid wearing long scarves. They may get caught in moving parts of the snowmobile.
- Know the terrain you are going to ride. If unfamiliar to you, ask someone who has traveled over it before.
- Know the weather forecast, especially the ice and snow conditions.
- Be sure your snowmobile is in top-notch mechanical condition throughout the months of use.
- Familiarize yourself with the snowmobile you are driving. Thoroughly read the manual that accompanies the snowmobile.
- Do not pursue domestic or wild animals. That is not the conduct of a sportsman. Report such violations to the nearest law enforcement officer.

# Slow Down!

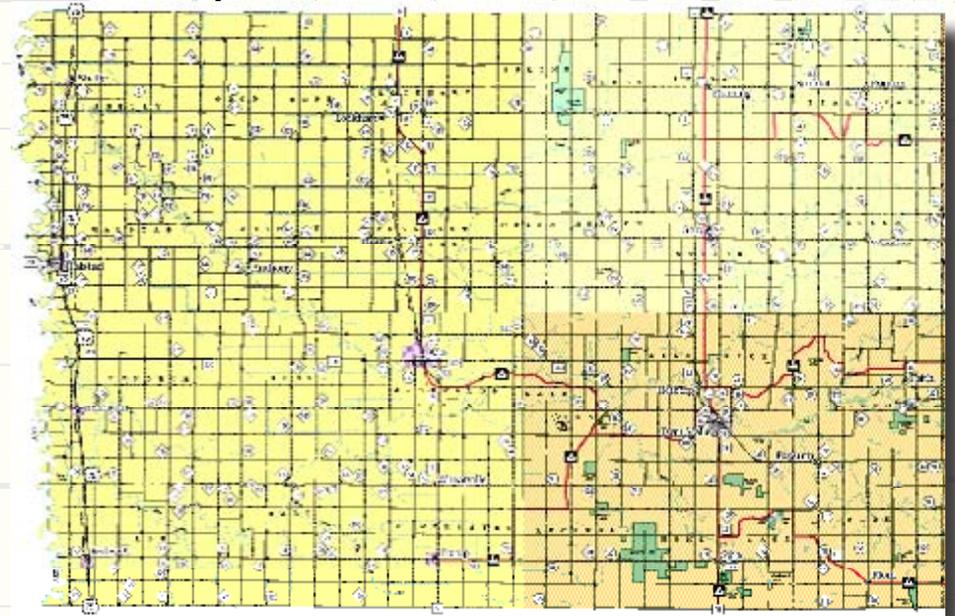

Snowmobiling is fun. Going to the hospital isn't.

# LOCAL AREA TRAILS

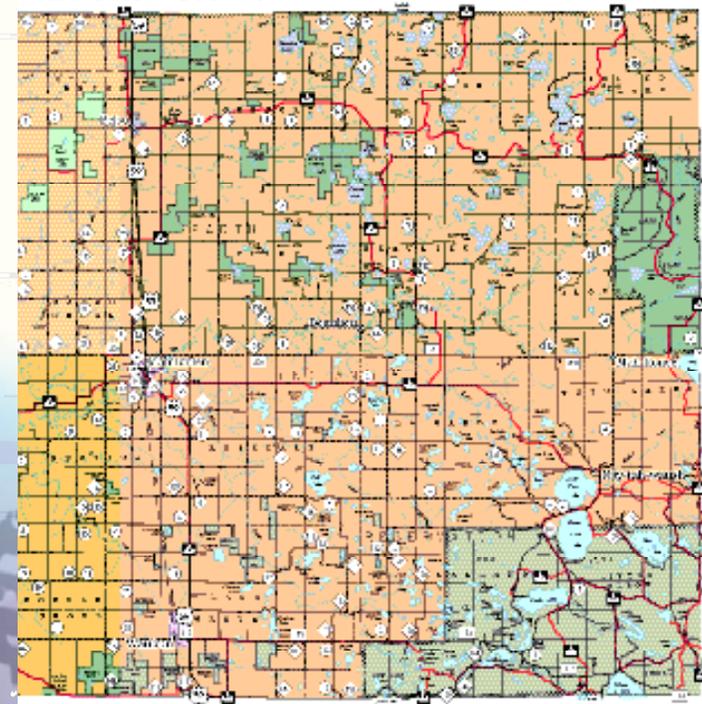

## Clearwater County

## Norman County

## Mahnomen County

-  Bicycle Trail/Route
-  Equestrian Trail
-  Hiking/Walking Trail
-  In-Line Skating
-  Disc Golf Course Locator

# 10 Tips for Green Thumb GARDENING

Don't like all the dirt in your fingernails while you work in the garden? Before you go out, run your fingernails across a bar of soap and you'll effectively seal the undersides of your nails so dirt cannot accumulate. Then, after you are all done gardening, use a toothpick or nailbrush to remove the soap and your nails will be sparkling clean.

Spray vegetable oil on your string trimmer to help prevent jamming or breaking (Treat before installing string in trimmer).

Make a convenient measuring tool out of a long handled garden tool by laying it on the ground next to a tape measure. Use a permanent marker to copy the inches and feet. Next time you are spacing plants you already have a dual-purpose measuring tool in your hand!

Write the names of your plants (With a permanent marker) on the flat parts of stones of any size and lay them in front of your plants for natural looking markers.

The next time you boil or steam vegetables, use the leftover water to water potted patio plants, and you'll be surprised at how the plants grow with "vege-soup."

You can use leftover tea and coffee grounds to help acidify the soil of acid-loving plants like azaleas, rhododendrons, camellias, gardenias and blueberries. A light sprinkle of about 1/4 of an inch applied once a month will help keep the pH of the soil on the acidic side.

You can use chamomile tea to control damping-off fungus, which often attacks young seedlings quite suddenly. Just add some tea to the soil around the soil of seedlings once a week for healthy plant.

Here is a really quick way to dry out your herbs: Just lay a sheet of newspaper on the seat of your car, arrange the herbs in a single layer, then roll up the windows and shut the car doors. Your herbs will be dry in no time!

Use your blender to grind up egg shells. Just like a mother bird chews up worms for the baby birds making the food easier to digest, grinding eggshells makes it easy for your garden to absorb the calcium egg shells retain.

Animals (cats especially) seem to think all of the hard work you've put into your garden looks like a huge litter box. To keep them from pooping on your basil and other plants, strategically place a few plastic forks around your plants to deter them from destroying your fresh herbs, fruits, and vegetables.

## PARENTS:

- Teach your kids that an emergency is when you need help from a doctor, a police officer or a firefighter.
- Designate a safe place by your house that a child can go to if they need help right away.
- Have your kids memorize your address and phone numbers. They should also know your full name and where you work.

## KIDS:

### FIRE SAFETY

- If you or someone else is on fire - remember to STOP, DROP and ROLL. Wrap a blanket on the person to help put out the fire.
- If there is a fire, leave the house as fast as you can! Crawl on the floor to avoid smoke and if the door is hot, don't open it - find another way out.
- Learn all the fire exits in your house. Assign a safe place outside for everyone to meet in case of a fire emergency.

### HOME ALONE

- Never tell anyone that you are home alone.
- If someone calls and asks for your mom and dad, tell them "They cannot come to the phone right now, can you please call back later?"
- Do not answer the door, unless it is someone that you know your parents have okay'd them to come over.

## FIRST AID FOR INSECT BITES/ANAPHYLAXIS & POISON SAFETY

### INSECT BITES/ANAPHYLAXIS

**Anaphylaxis is a severe allergic reaction from insect bites (latex, food and drug allergies can also cause Anaphylaxis). Typical symptoms include hives, the swelling of lips or eyes, swollen throat, drop in blood pressure, light headedness, confusion, nausea or diarrhea. If someone is having an allergic reaction from an insect bite with these symptoms:**

### POISON PREVENTION

**Teach your children about poison and how it can look like a food or drink. They should always ask an adult before eating or drinking anything. Have them learn the poison control phone number: 1-800-222-1222 and keep it programmed or posted near all your phones. Here are some prevention tips.**

**Lock up your poisons and medications.** Keep them out of the reach of children, lock them up if possible. Make sure your children understand that medicine is not candy.

**Follow directions carefully.** Read your labels. Be sure to use and store all poisons and medications properly according to recommendations.

**Keep your pets safe from household chemicals, too.** Don't allow pets near areas that have just been cleaned with chemicals, such as freshly mopped floors or bleached bathtubs and sinks. Clean up any anti-freeze/coolant spills. Pets like the flavor but they can die if they ingest it. Store poisonous foods or plants in areas that your pets cannot access. Call your local emergency veterinary hospital if you believe your pet has been poisoned.

## FIRST AID FOR BURNS & CHOKING

### BURNS

**For minor 1st and 2nd degree burns smaller than 3" in diameter:** Cool the Burn. Run cool water over the burned area for 5 minutes, or until the pain diminishes. Never put ice on a burn!

#### **Bandage the burn with sterile gauze:**

It is important to use loosely wrapped gauze. This will avoid pressure and the bandage protects blisters. NEVER put lotions, vaseline, ointments or butter on burn. Do not break any blisters, which can cause infection.

#### **Take Aspirin, Ibuprofen, Naproxen or Acetaminophen to relieve pain:**

Minor burns usually heal with these basic treatments. Be aware for signs of infection which may include: increased pain, redness, fever, swelling or oozing. If symptoms develop, seek medical help. Avoid tanning the burned area for at least a year. Protect the area with sun-screen outdoors. Avoid giving aspirin to children.

**For 3rd degree burns/all major burns - DIAL 911**

**DO NOT run cold water over large severe burns - this can cause shock.**

**DO NOT remove burnt clothing.**

**Check for signs of breathing/coughing/movement.**

**If there are no signs of breathing begin CPR.**

**Elevate burned areas above heart level, if possible.**

**Cover the burn(s) with cool, sterile, moist bandages, towels or cloth.**

### CHOKING

Most people clutch at their throats when choking, an obvious symbol for help. However, if a person isn't giving that signal, be alert for these indications. Inability to talk, difficulty breathing or noisy breathing, inability to cough forcefully, skin/lips/nails turning blue, loss of consciousness.

The Red Cross recommends a "five-and-five" method for first aid: First give five blows between the person's shoulders with the heel of your hand. Second, perform the Heimlich maneuver (abdominal thrusts) five times. Alternate between five back blows and five abdominal thrusts until the blockage is dislodged.

**IN AN EMERGENCY, DIAL 911**
