BELLINGHAM
Bellingham was established as the railroad arrived in 1887 and a post office was founded by Hans M. Hagestead. The community was named in honor of Charles T.S. Bellingham, a local resident and streets were platted in 1889. Bellingham was incorporated in 1890 and a newspaper office was established the following year. Today Bellingham is home to approximately 168 residents.

BOYD
Boyd was platted and named by the railway company in 1884. In 1893 Boyd was incorporated and railroad development allowed for growth. Boyd is now widely recognized for its annual Good Time Days celebration held in June which has been celebrated since 1906. Today Boyd is home to approximately 175 residents.

DAWSON
Dawson was named in honor of banker and land owner William Dawson and streets were platted in 1884. Charles J. Coghlan served as the community’s first postmaster who also published the first town newspaper. The community was incorporated as a city in 1911 and Dawson has continued to thrive. Today Dawson is home to approximately 1,540 residents.

LOUISBURG
Ole Thompson and William R. Thomas platted streets in Louisburg in 1887 and Ole Thompson’s son Thomas served as the first postmaster in 1888. Railroad expansion prompted growth and Louisburg was incorporated as a village in 1905. Today Louisburg is home to approximately 47 residents.

MADISON (COUNTY SEAT)
Madison was settled in 1877 and named after Claus P. Moe’s hometown of Madison, Wisconsin. The post office was established in 1883 and H.A. Larson platted streets in 1884. Madison was incorporated in 1886 and its population reached over 600. In 1889 the community was selected as the county seat, beating Dawson and Lac qui Parle Village in local elections. The first courthouse was constructed in 1899 and the area continued to grow. Madison is now widely recognized as the Lutefisk Capital of the United States with a 25 foot “Lou T. Fisk” cod sculpture located in J.F. Jacobson Park. Today Madison is home to approximately 1,551 residents.

MARIETTA
In 1884 Marietta was platted and named by officers of the railroad in honor of many settlers’ hometown of Marietta, Ohio. A post office was established and in 1900 the community was incorporated. Early industry was dominated by agriculture and Marietta continued to grow. More recently, in 2009 the community celebrated its 125th anniversary. Today Marietta is home to approximately 162 residents.

NASSAU
In 1888 the first post office in the Nassau area was established and the community was named after Nassau, Germany, from where many settlers originated. Streets were platted in 1893 and Nassau was incorporated in 1897. A railway station was established and the area continued to develop. Today Nassau is home to approximately 72 residents.

ORTONVILLE
Located in Lac qui Parle and Big Stone Counties, Ortonville was first settled in 1871 by Cornelius Knute Orton and the community was named in his honor. Mr. Orton platted streets in 1872 and established a post office in 1875. The proximity to Big Stone Lake attracted many residents and by 1881 Ortonville was organized as a village and selected as the county seat for Big Stone County. A courthouse was built in 1902 and by 1915 Ortonville housed a variety of businesses including a hotel, hospital, library and a movie theatre. Today Ortonville is home to approximately 1,916 residents.
Yellow Medicine County was established in 1871 and named for the nearby Yellow Medicine River. Granite Falls was selected as the county seat and by 1880 its population had reached 5,884. Agriculture dominated early industry and by 1900 its population had reached 14,602. The area now houses the Upper Sioux Indian Reservation that was established in 1879 and then as a city in 1905. Today Canby is home to approximately 1,795 residents.

**Yellow Medicine County History**

---

**Canby**

In 1872 John Swenson arrived to the Canby area and established a store and trading post. The community was platted in 1876 by the railway company and named in honor of General Edward Richard Sprigg Canby, who served during the Civil War. Railroad expansion prompted dramatic growth and Canby was incorporated as a village in 1879 and then as a city in 1905. Today Canby is home to approximately 1,795 residents.

**Clarkfield**

A post office was founded in the Clarkfield area in 1883 and streets were platted the following year. The community was named in honor of Thomas E. Clark who worked with the railroad. Clarkfield was incorporated in 1887 and businesses, churches and a school were established to meet the growing needs of its residents. Today Clarkfield is home to approximately 944 residents.

**Echo**

Echo was settled in 1869 and first recognized as Empire, then Rose and in 1874 the community was given its present name. In 1879 a post office was started on Samuel Mather’s farm and Echo was incorporated in 1893. The original plat of Echo included 26 blocks of land, however the railway company vacated all but nine blocks in 1889. Today Echo is home to approximately 278 residents.

**Granite Falls (County Seat)**

Located in Yellow Medicine, Chippewa and Renville Counties, Granite Falls was platted on land belonging to Henry Hill in 1872 and its name was derived from the granite and gneiss deposits located near the Minnesota River. Ample natural resources and access to water attracted many settlers and the community grew quickly. George Daniels served as the first postmaster and a dam, mill and reservoir were constructed to harness the power of the nearby river. Granite Falls was selected as the county seat which was moved from Yellow Medicine City and the area grew steadily. Today Granite Falls is home to approximately 2,897 residents.

**Hanley Falls**

Hanley Falls was established in 1884 as rail lines were constructed. The community was named in honor of John A. Hanley, an officer of the railroad. Streets were platted by the railway company and the plat design was based on the plat of Washington D.C. In 1894 Hanley Falls was incorporated as a village and the area is now widely recognized for its annual threshing show held every August. Today Hanley Falls is home to approximately 304 residents.

**Hazel Run**

Hazel Run was settled in 1871 and named after the nearby creek. The community was platted in 1884 as a railway village and a post office was established by Guttorm Halvorson Fostvedt. In 1902 Hazel Run was incorporated and the area has continued to prosper. Today Hazel Run is home to approximately 63 residents.

**Porter**

First known as Lone Tree Station, Porter was platted in 1881 and renamed after the L.C. Porter Milling Company which established the first grain elevator in the area. In 1898 Porter was incorporated and a schoolhouse was constructed. The community is now recognized as the birthplace of the first Culligan Water softener, built by Emmet J. Culligan who lived in the area. Today Porter is home to approximately 183 residents.

**St. Leo**

In 1880 the first post office in the St. Leo area was established on the farm of Valentine Lenz and early industry was led by agriculture. In 1896 a church was constructed and named in honor of Pope Leo and the village adopted the name. St. Leo was incorporated in 1940 and the community has continued to thrive. Today St. Leo is home to approximately 100 residents.

**Wood Lake**

Wood Lake was first settled in 1868 and named for the nearby lake. In 1873 the community was organized and streets were platted in 1884. Francis Robson served as the first postmaster and the lush prairie and fertile soil attracted residents. In 1891 Wood Lake was incorporated and railroad expansion prompted growth. Today Wood Lake is home to approximately 439 residents.
Chippewa County History

Chippewa County was established in 1862 and named after the nearby Chippewa River. Montevideo was selected as the county seat and by 1880 its population had reached 5,408. Early industry was led by agriculture and the area continued to grow as rail lines were constructed. By 1900 the population of Chippewa County had reached 12,499. Today Chippewa County is home to approximately 12,441 residents.

Chippewa County Communities

CLARA CITY
Clara city was settled in 1880 and named in honor of the wife of Theodore F. Koch, who was a colonizer and prominent real-estate developer throughout the state of Minnesota. Railroad development allowed for growth and by 1881 the area housed a post office, railroad depot, windmill and water tank. Clara City was incorporated in 1891 and the area has continued to grow. Today Clara City is home to approximately 1,360 residents.

MAYNARD
In 1887 Maynard was platted by John M. Spicer on land belonging to J.V.H. Bailey and L.D. Ruddock. By 1889 a post office was established and businesses included grain elevators, grocery stores, banks, hardware shops and specialty shops. In 1897 Maynard was incorporated and 2012 marked the city’s 125th anniversary. Today Maynard is home to approximately 366 residents.

MILAN
In 1879 the first post office in the Milan area was founded by Thorbjorn Anderson and the area was settled the following year. Streets were laid out by the railway company in 1880 and in 1883 Milan was incorporated. By 1890 businesses included general stores, lumberyards, a bank, creamery and specialty shops and by 1905 its population had reached 450. Today Milan is home to approximately 369 residents.

MONTEVIDEO (COUNTY SEAT)
Originally a trading post, Montevideo was platted in 1870 and its name means, “Mount of Vision.” Fertile soil attracted residents and early industry was dominated by agriculture. The community was incorporated in 1879 and selected as the county seat. In 2004 Montevideo received the All-America City Award which is the oldest community recognition program in the country awarded to ten communities each year in honor of their individual civic accomplishments. Today Montevideo is home to approximately 5,383 residents.

WATSON
Watson was platted in 1879 and named by officers of the railway. A post office was established that same year and in 1883 Watson was incorporated. The area is widely recognized as having been home to the oldest co-op elevator in the nation, the Watson Farmers Elevator, which was established in 1886. Today Watson is home to approximately 205 residents.

Hiking Safety Tips

Before heading out on a hike, make sure you are prepared. Determine the length of the hike you’re going on and the type of terrain you are going to traverse. Make sure to wear suitable footwear depending on the weather and terrain. Pack an appropriate size backpack and proper gear for your hike. Let a friend or family member know when and where you are going and how long you plan on being gone.

www.LincolnMarketing.us - 11
Lincoln County was established in 1873 from part of Lyon County and named in honor of President Abraham Lincoln. Ivanhoe was selected as the county seat and by 1880 its population had reached 2,945. Early industry was dominated by agriculture and railroad expansion prompted development. By 1900 the population of Lincoln County had reached 8,966 and the area has continued to thrive. Today Lincoln County is home to approximately 5,896 residents.

Lincoln County History

**ARCO**

Arco was originally recognized as Arola when streets were platted in 1900 and the first post office was established that same year. Its name was derived from the Italian city Arcola and was shortened to avoid postal confusion with an already established railway station of the same name. The community was reincorporated in 1903 and railroad development allowed for growth. Today Arco is home to approximately 75 residents.

**HENDRICKS**

The first post office in the Hendricks area was established in 1884 and the community was incorporated in 1900. Its location near rail lines allowed the community to become a trading center between Minnesota and South Dakota. The community is now home to the Buffalo Wind Farm, one of the largest wind farms in the nation. Today Hendricks is home to approximately 713 residents.

**IVANHOE (COUNTY SEAT)**

Ivanhoe was platted in 1889 and its name was derived from a character created by Sir Walter Scott. A post office was established and the community was incorporated in 1901. Ivanhoe was selected as the county seat after it was moved from Lake Benton and the area continued to develop. The community is widely recognized for its Polska Kielbasa Days celebrated every August, that pays homage to its first settlers. Today Ivanhoe is home to approximately 559 residents.

**LAKE BENTON**

Lake Benton was named in honor of Senator Benton who served until 1851. The community was selected as the county seat until it was moved to Ivanhoe in 1902. Lake Benton is widely recognized as the “Original Wind Power Capital of the Midwest,” as over 600 wind turbines border the nearby Buffalo Ridge and the area houses the Heritage Museum and Wind Power Learning Center of Southwest Minnesota. Today Lake Benton is home to approximately 683 residents.

**TYLER**

Tyler was named in honor of C.B. Tyler, a prominent businessman, and the first post office was established in 1879. Railroad expansion allowed for growth and Tyler’s population grew dramatically. Streets were platted and the community was incorporated in 1887. Early businesses included saloons, banks, hat shops, grocery stores, hotels, a movie house and a wide variety of specialty shops. Today Tyler is home to approximately 1,143 residents.
APPLETON AREA OHV PARK
1000 15th St. S | Benson | (320) 289-1527
Located on over 300 acres northeast of Appleton, the Appleton Area OHV Park features 6 miles of trails for ATVs, off highway motorcycles and snowmobiles, motorcycle practice track and a picnicking area.

BIG STONE LAKE STATE PARK
35889 Meadowbrook S.P. Rd. | Ortonville | (866) 857-2757

NORWEGIAN CREEK COUNTY PARK
P.O. Box 369 | Lake Benton | (507) 368-9350
Located on 128 acres near Lake Benton, the Norwegian Creek County Park features a campground, picnic areas, swimming beach with bath house and fishing opportunities.

ORAAS COUNTY PARK
1320 13th St. | Granite Falls | (320) 564-3331
Located south of Clarkfield, Oraas County Park features a campground, picnic areas and playground equipment.

PICNIC POINT COUNTY PARK
P.O. Box 369 | Lake Benton | (507) 368-9350
Located on 43 acres on Lake Shaokatun, Picnic Point County Park features a campground, picnic areas, swimming beach with bath house, fishing opportunities and playground equipment.

SALT LAKE
2100 111th Ave. | Marietta | (320) 743-4451
Located on the border of Minnesota and South Dakota, Salt Lake is the only alkaline wetland in Minnesota and serves as a wildlife preservation area with over 150 species of birds, making it one of the top bird watching locations in the area.

SWEDE’S FOREST, HOMME-KOLLIN UNIT
175 Co. Rd. 26 | Windom | (507) 831-2900
Located on 207 acres in the Minnesota River Valley, Swede’s Forest serves as a wildlife preservation area that supports the rare five-lined skink, painted turtles, waterfowl, great blue herons, eastern bluebirds, red-winged blackbirds, whitetail deer and features hiking and snowshoeing areas, and wildlife viewing opportunities.

THIELKE LAKE WILDLIFE MANAGEMENT AREA
243 2nd St. NW | Ortonville | (320) 734-4451
Located north of Ortonville, the Thielke Lake Wildlife Management Area serves as a wildlife preservation area with western grebes, great blue herons, black terns and ring-billed gulls, and features wildlife viewing opportunities.

UPPER SIOUX AGENCY STATE PARK
5908 Hwy. 67 | Granite Falls | (320) 564-4777
Located on 1,280 acres near the junction of the Yellow Medicine and Minnesota Rivers, the Upper Sioux Agency State Park serves as a historic site with open prairie knolls, bluffs and forested areas, and features equestrian, hiking, skiing and snowmobile trails, wildlife viewing opportunities, and a campground.

TIMM COUNTY PARK
1320 13th St. | Granite Falls | (320) 564-3331
Located near Wood Lake, the Timm County Park features a campground, swimming area, fishing opportunities and picnic areas.

Get up earlier
Some of the most successful people in the world start their days before 6 a.m. It may be hard at first, but you can start by waking up 15 minutes earlier and gradually increase the time from there. Soon enough you will be awake and getting things done before most people are out of bed. That will allow you a head start on everybody else.

Start with “me time”
First thing in the morning go through all of your social media posts, respond to all of the little things that others need you to so they can get to work and set up a schedule for the rest of your day. Getting organized in the morning will help the rest of the day go smoother.

Sleep well
While waking up early is important, so is going to bed early. The bare minimum a person needs to sleep is 7-8 hours at a time to stay healthy. You will be able to think more clearly and make better decisions if you have a good night's sleep.

Use time-blocking
Take your to-do list and block off a time to get each item done. Make sure all of your desktop, online, mobile, and physical calendar’s are in sync. You want to be on the same page with all your devices. Once you have the time set aside to accomplish a task do not get distracted. If turning off your phone and locking yourself in a room is what it takes, then do that!

Use checklists
If you are operating under a deadline or you have a lot of tasks to accomplish, a checklist will help you keep you focused and on track.

Schedule breaks
Taking breaks is important because it allows your body and mind to get organized. If you schedule your breaks regularly it allows your mind to structure your day better. It would be hard for most people to do but if you can take a 10-20 minute power nap right after lunch it may help you feel energized and refreshed!

Clear your clutter
It is important to keep a clean work station because order will help your mind focus on accomplishing your goals. Even if it looks like a mess to others having a place for everything will help anybody focus and be more productive.

Get Fit
Being in shape and exercising regularly will help keep you energized throughout the day.
**Bicycle Safety**

- Always wear a properly fitting bike helmet as most serious injuries are to the head. Be sure your handlebars, seat and wheels fit snugly. Keep your bike in good shape by checking and oiling your chain, making sure your brakes work properly and maintaining your tire pressure. Always ride with both hands on the handlebars except when doing turn signals. When leaving a driveway, curb or alleyway always stop and check for traffic in both directions. Cross only at intersections. Use the crosswalk to walk your bike across busy intersections and follow the traffic signals. Never ride against traffic. Travel in the same direction as the cars. Whenever you can, use bike routes and avoid busy streets. Don’t ride near parked cars as doors can open and cause accidents. Obey all traffic signs and traffic lights. When biking with friends, ride in a single file. Always pass other bikers or pedestrians on the left and say “On your left!” to make your presence known. Always use bicycle hand signals to alert traffic of your changing direction.

**Drink lots of Water!**

**Snowmobile Safety**

- Do not consume alcohol or take drugs prior to or during your snowmobile trip. Doing so increases your chances of injury or death. Slow down and don’t cut to the inside of the trail corners. It’s dangerous and illegal. If you snowmobile at night, don’t override your lights. Always use the buddy system. Never ride off alone. Drowning is one of the causes of many snowmobile fatalities. Whenever possible, avoid the ice. Wear sensible, protective clothing designed for operating a snowmobile. Use a full size helmet, goggles, or visor to prevent injuries from twigs, stones, ice chips and other debris. Avoid wearing long scarves. They may get caught in moving parts of the snowmobile. Know the terrain you are going to ride. If unfamiliar to you, ask someone who has traveled over it before. Know the weather forecast, especially the ice and snow conditions. Be sure your snowmobile is in top-notch mechanical condition throughout the months of use. Familiarize yourself with the snowmobile you are driving. Thoroughly read the manual that accompanies the snowmobile. Do not pursue domestic or wild animals. That is not the conduct of a sportsman. Report such violations to the nearest law enforcement officer.

**Read the owner’s manual**

- Read the owner’s manual and know your vehicle thoroughly. Check your vehicle before you ride. Wear protective equipment and clothing. Don’t lend your vehicle to unskilled riders. Supervise young or inexperienced riders. Never carry a passenger on vehicles meant for one rider. Do not operate under the influence of drugs or alcohol. Drive at speeds that are appropriate to trail conditions. Stay to the right on trails. Stay away from thin ice, open water and wetlands. Know the weather forecast. Make sure headlights and taillights work properly. Maintain safe distances between other riders. Reduce your speed when riding at night. Yield to other motor vehicles and trail users. Young or beginning riders are encouraged to take a safety training course.

**ATV Safety**

- Do not consume alcohol or take drugs prior to or during your ATV trip. Doing so increases your chances of injury or death. Slow down and don’t cut to the inside of the trail corners. It’s dangerous and illegal. If you snowmobile at night, don’t override your lights. Always use the buddy system. Never ride off alone. Drowning is one of the causes of many snowmobile fatalities. Whenever possible, avoid the ice. Wear sensible, protective clothing designed for operating a snowmobile. Use a full size helmet, goggles, or visor to prevent injuries from twigs, stones, ice chips and other debris. Avoid wearing long scarves. They may get caught in moving parts of the snowmobile. Know the terrain you are going to ride. If unfamiliar to you, ask someone who has traveled over it before. Know the weather forecast, especially the ice and snow conditions. Be sure your snowmobile is in top-notch mechanical condition throughout the months of use. Familiarize yourself with the snowmobile you are driving. Thoroughly read the manual that accompanies the snowmobile. Do not pursue domestic or wild animals. That is not the conduct of a sportsman. Report such violations to the nearest law enforcement officer.

**Know Your ATV**

- Read the owner’s manual and know your vehicle thoroughly. Check your vehicle before you ride. Wear protective equipment and clothing. Don’t lend your vehicle to unskilled riders. Supervise young or inexperienced riders. Never carry a passenger on vehicles meant for one rider. Do not operate under the influence of drugs or alcohol. Drive at speeds that are appropriate to trail conditions. Stay to the right on trails. Stay away from thin ice, open water and wetlands. Know the weather forecast. Make sure headlights and taillights work properly. Maintain safe distances between other riders. Reduce your speed when riding at night. Yield to other motor vehicles and trail users. Young or beginning riders are encouraged to take a safety training course.

**ATV Safety Hand Signals**

- Hand signals are a practical way to communicate between other riders and trail users. Be sure to give easy-to-see and clear hand signals when snowmobiling. Hand signals should never be subtle, but always obvious.

**Snowmobile Hand Signals**

- Snowmobile hand signals are essential for safe communication between riders and trail users. Be sure to use prominent and clear hand signals when snowmobiling. Hand signals should never be subtle, but always obvious.
10 Tips for Green Thumb Gardening

Don’t like all the dirt in your fingernails while you work in the garden? Before you go out, run your fingernails across a bar of soap and you’ll effectively seal the undersides of your nails so dirt cannot accumulate. Then, after you are all done gardening, use a toothpick or nailbrush to remove the soap and your nails will be sparkling clean.

Spray vegetable oil on your string trimmer to help prevent jamming or breaking (Treat before installing string in trimmer).

Make a convenient measuring tool out of a long handled garden tool by laying it on the ground next to a tape measure. Use a permanent marker to copy the inches and feet. Next time you are spacing plants you already have a dual-purpose measuring tool in your hand!

Write the names of your plants (With a permanent marker) on the flat parts of stones of any size and lay them in front of your plants for natural looking markers.

The next time you boil or steam vegetables, use the leftover water to water potted patio plants, and you’ll be surprised at how the plants grow with “vege-soup.”

You can use leftover tea and coffee grounds to help acidify the soil of acid-loving plants like azaleas, rhododendrons, camellias, gardenias and blueberries. A light sprinkle of about 1/4 of an inch applied once a month will help keep the pH of the soil on the acidic side.

You can use chamomile tea to control damping-off fungus, which often attacks young seedlings quite suddenly. Just add some tea to the soil around the soil of seedlings once a week for healthy plant.

Here is a really quick way to dry out your herbs: Just lay a sheet of newspaper on the seat of your car, arrange the herbs in a single layer, then roll up the windows and shut the car doors. Your herbs will be dry in no time!

Use your blender to grind up egg shells. Just like a mother bird chews up worms for the baby birds making the food easier to digest, grinding eggshells makes it easy for your garden to absorb the calcium egg shells retain.

Animals (cats especially) seem to think all of the hard work you’ve put into your garden looks like a huge litter box. To keep them from pooping on your basil and other plants, strategically place a few plastic forks around your plants to deter them from destroying your fresh herbs, fruits, and vegetables.
SAFETY TIPS

PARENTS:

• Teach your kids that an emergency is when you need help from a doctor, a police officer or a firefighter.

• Designate a safe place by your house that a child can go to if they need help right away.

• Have your kids memorize your address and phone numbers. They should also know your full name and where you work.

KIDS:

FIRE SAFETY

• If you or someone else is on fire - remember to STOP, DROP and ROLL. Wrap a blanket on the person to help put out the fire.

• If there is a fire, leave the house as fast as you can! Crawl on the floor to avoid smoke and if the door is hot, don’t open it - find another way out.

• Learn all the fire exits in your house. Assign a safe place outside for everyone to meet in case of a fire emergency.

HOME ALONE

• Never tell anyone that you are home alone.

• If someone calls and asks for your mom and dad, tell them “They cannot come to the phone right now, can you please call back later?”

• Do not answer the door, unless it is someone that you know your parents have okay’d them to come over.

FIRST AID FOR INSECT BITES/ANAPHYLAXIS & POISON SAFETY

INSECT BITES/ANAPHYLAXIS

Anaphylaxis is a severe allergic reaction from insect bites (latex, food and drug allergies can also cause Anaphylaxis). Typical symptoms include hives, the swelling of lips or eyes, swollen throat, drop in blood pressure, light headedness, confusion, nausea or diarrhea. If someone is having an allergic reaction from an insect bite seek medical attention immediately.

POISON PREVENTION

Teach your children about poison and how it can look like a food or drink. They should always ask an adult before eating or drinking anything. Have them learn the poison control phone number: 1-800-222-1222 and keep it programmed or posted near all your phones. Here are some prevention tips.

• Lock up your poisons and medications. Keep them out of the reach of children, lock them up if possible. Make sure your children understand that medicine is not candy.

• Follow directions carefully. Read your labels. Be sure to use and store all poisons and medications properly according to recommendations.

• Keep your pets safe from household chemicals, too. Don’t allow pets near areas that have just been cleaned with chemicals, such as freshly mopped floors or bleached bathtubs and sinks. Clean up any antifreeze/coolant spills. Pets like the flavor but they can die if they ingest it. Store poisonous foods or plants in areas that your pets cannot access. Call your local emergency veterinary hospital if you believe your pet has been poisoned.
FIRST AID FOR BURNS & CHOKING

BURNS
For minor 1st and 2nd degree burns smaller than 3” in diameter: Cool the Burn. Run cool water over the burned area for 5 minutes, or until the pain diminishes. Never put ice on a burn!

Bandage the burn with sterile gauze:
It is important to use loosely wrapped gauze. This will avoid pressure and the bandage protects blisters. NEVER put lotions, vaseline, ointments or butter on burn. Do not break any blisters, which can cause infection.

Take Aspirin, Ibuprofen, Naproxen or Acetaminophen to relieve pain:
Minor burns usually heal with these basic treatments. Be aware for signs of infection which may include: increased pain, redness, fever, swelling or oozing. If symptoms develop, seek medical help. Avoid tanning the burned area for at least a year. Protect the area with sunscreen outdoors. Avoid giving aspirin to children.

For 3rd degree burns/all major burns - DIAL 911
DO NOT run cold water over large severe burns - this can cause shock.
DO NOT remove burnt clothing.
Check for signs of breathing/coughing/movement.
If there are no signs of breathing begin CPR.
Elevate burned areas above heart level, if possible.
Cover the burn(s) with cool, sterile, moist bandages, towels or cloth.

CHOKING
Most people clutch at their throats when choking, an obvious symbol for help. However, if a person isn’t giving that signal, be alert for these indications. Inability to talk, difficulty breathing or noisy breathing, inability to cough forcefully, skin/lips/nails turning blue, loss of consciousness.

The Red Cross recommends a “five-and-five” method for first aid: First give five blows between the person’s shoulders with the heel of your hand. Second, perform the Heimlich maneuver (abdominal thrusts) five times. Alternate between five back blows and five abdominal thrusts until the blockage is dislodged.

IN AN EMERGENCY, DIAL 911
