## Roseau County History

### ROSEAU (COUNTY SEAT)

Roseau County was established in 1894 and received an addition from Beltrami county later in 1896. It is named from the Roseau Lake and river which are located in the county. Many early settlers arrived to the area in search of timber and farming land for agriculture. The city of Roseau was named the county seat after its incorporation in 1895. Railroad expansion allowed for development and by 1900 the county saw a growth in industry and businesses. By 1920 Roseau County had a population of 13,305 people. The area has since become a very important spot for passage and trade between the United States and Canada. Today Roseau County is home to approximately 15,911 residents.

## Roseau County Communities

### BADGER

Badger was first settled by J. W. Durham in 1884 and was named after Badger Creek, which flows northwest of the city and is also a tributary to the Roseau River. The first post office was established in 1889 and as railroad lines were constructed, Badger began to thrive. Badger was incorporated as a village in 1906 and businesses were organized to meet the growing needs of the community. The village was later incorporated as a city in 1968. Today Badger is home to approximately 459 residents.

### GREENBUSH

The name of Greenbush is derived from the Ojibwe Indian word “Sha Ach Wah,” which means spruce tree or green bush. Settlers arrived in the 1800s and were mainly of Scandinavian descent. The post office was established in 1892 and the railroad arrived soon after running through the town to Warroad. As the area began to develop, schools, churches, stores, mills and blacksmith shops were built and the area continued to grow. Greenbush officially was incorporated as a city in 1905. Today Greenbush is home to approximately 739 residents.

### ROSEAU (COUNTY SEAT)

Roseau was settled in 1888 and was named like the county for the Roseau Lake and River. The city was platted in 1892 and later incorporated in 1895, the same year the post office was established. Roseau was selected as the county seat and as the railroad was built in 1900, the area continued to develop. Roseau became a gateway to Canada in 1930 and new business and industry made the community prosperous. Roseau later became a commercial entry port to Canada in 1989. The community has become very popular for summer and winter travelers due to its proximity to a variety of lakes. Today Roseau is home to approximately 2,758 residents.

# Roseau County Communities

## STRATHCONA

Strathcona was named in honor of Donald Alexander Smith, who later became Baron Strathcona, of Scotland. The first settlers arrived in the area in the late 1890s and Charlie Gunheim, built the first store in the city in 1904. Hans Lerum served as the first postmaster when the post office was established in 1905. As railroads arrived business and industry began to thrive in the community. Today Strathcona is home to approximately 28 residents.

## WARROAD

Warroad was once the largest Chippewa Indian village in the area. The name comes from the area where both the Chippewa and Sioux Indians often fought their wars along the trails of the Warroad River. Early settlement began in the late 1800s and by 1900 Warroad supported strong commercial fishing operations. The community was incorporated in 1901 and a school, churches and businesses were established. As commercial fishing declined in the mid 1900s tourism became the main sustenance for the local economy drawing sport fisherman due to Warroad's location on Lake of the Woods. Today Warroad is home to approximately 1,656 residents.

## Lake of the Woods County History

### BAUDETTE (COUNTY SEAT)

Lake of the Woods County was named after Lake of the Woods as its shores lie to the north of the county and it is also the most northern point of the continental United States. Settlement began in the early 1900s but the area was discovered as early as the late 17th century by French explorers. Most settlers were fur traders or loggers looking for good land for timber and places to trade. As the area grew, residents decided to separate from Beltrami County and form their own. Lake of the Woods County was established in 1922 making it the youngest county in Minnesota. By 1930 Lake of the Woods County had a population of 4,194 people. Today Lake of the Woods County is home to approximately 3,880 residents.

*\*Populations are approximate.*

# Lake of the Woods County Communities

## ANGLE INLET

Angle Inlet is the northern most community located in Minnesota. The townsite was an ideal location for travelers to dock their boats on Lake of the Woods during their journeys between Minnesota and Winnipeg, Canada. The first post office was established in 1936 and Angle Inlet has become a very popular tourist destination and is known for its excellent fishing. Currently the only travel options to Angle Inlet from Minnesota is by boat or plane until Lake of the Woods freezes over in the winter months. Today Angle Inlet is home to approximately 152 residents.

## BAUDETTE (COUNTY SEAT)

Baudette was settled in the early 1880s and was named after Joseph Baudette, a trapper who was also one of the first settlers in the area. The city began as a steamboat landing and lumber town with a sawmill, following the railroad coming through in 1901. A post office was established in 1900 and the city was incorporated as a village in 1907. As the lumber industry grew Baudette became a hub for business and soon became the most populous city in the area. With the decline of the lumber industry after a forest fire in 1910, agriculture became the largest source of income for the local economy. Baudette was named the county seat of Lake of the Woods County when it was established in 1923. Today Baudette is home to approximately 925 residents.

## ROOSEVELT

Located in both Roseau and Lake of the Woods Counties, Roosevelt was named in honor of Theodore Roosevelt, the 26th president of the United States. Residents were attracted to the nearby Lake of the Woods and a post office was established in 1901 soon after the first settlers arrived. As the railroads arrived in 1904 industry thrived and new businesses, churches and a school were founded. Today Roosevelt is home to approximately 161 residents.

## WILLIAMS

Williams was settled in the early 1900s by pioneers in search of fertile soil. The community was incorporated as a village in 1922 and developed into a railroad shipping center for timber products. The original name for the village was "The Siding" but it was later changed and named in honor of William Mason and George Williams, the first settlers in the area. Today Williams is home to approximately 178 residents.

# Koochiching County History

## INTERNATIONAL FALLS (COUNTY SEAT)

Koochiching County's name was derived from the Ojibwe Indian word "Koochiching" meaning "at the place of inlets," referring to the neighboring Rainy Lake and River. Many of the first settlers arrived to the area in the 1880s and were fur traders and loggers looking for places to set up camps. With the arrival of the railroad, businesses and industry began to develop and allowed for transportation so new residents could enter the area. The county was officially established in 1906 after it broke off from Itasca County. By 1920 Koochiching County had a population of 13,520 people. Koochiching County has since become a popular tourist destination offering a variety of recreational activities year round. Today Koochiching County is home to approximately 13,128 people.

# Koochiching County Communities

---

## **BIG FALLS**

Big Falls is named after the Big Fork River which runs through the town and has numerous waterfalls. The area was first settled in the late 1880s and was a popular trading camp for fur traders. By the early 1900s it became a logging community due to the vast amounts of timber and waterways in the area. Railroad lines came in 1905 and with them came a growth in business and industry. Farming developed as timber was cleared from the land and helped the community grow after the decline of the lumber industry. Today Big Falls is home to approximately 236 residents.

## **INTERNATIONAL FALLS (COUNTY SEAT)**

The community was platted in 1895 by L. A. Ogaard, a teacher and preacher, for the Koochiching Company and named the community Koochiching. The word “Koochiching” is derived from either the Ojibwe word Goojijing or Cree Kocicik, both meaning “at the place of inlets.” The city was incorporated as a village in 1901 and was later renamed to International Falls because of its location on the border of the United States and Canada. The community was an important area for the lumber industry and offered both Canada and Minnesota a place for business and trade. Lumber mills and dams were erected all over the nearby river and the area became very prosperous and International Falls was incorporated as a city in 1909. Currently the area is often referred to as the coldest city in the continental United States. Today International Falls is home to approximately 5,906 residents.

## **LITTLEFORK**

Settlers arrived to Littlefork in 1905 and found the region covered with cedar, spruce, balsam, tamarack, and some white pine. Logging led local industry and the area was used as a transportation hub for sending timber to International Falls. Its proximity to the Rainy and Little Fork River helped the area transport timber faster than any other community in the area. With the decline of the lumber industry, Littlefork became very prosperous as a farming community. Today Littlefork is home to approximately 680 residents.

## **MIZPAH**

Mizpah was first settled in 1900 and the post office was established in 1901. The community was incorporated as a village in 1905 and it was named for the Hebrew word for watchtower. Early industry was centered around logging and many jobs were created as a result. As rail lines were constructed the area began to grow and business began to thrive. Today Mizpah is home to approximately 71 residents.

# Koochiching County Communities

---

## **NORTHOME**

Settled in the late 1890s, Northome was originally named New Bridgie. The post office was established in 1902 the community’s name was changed to Phena. The city was incorporated in 1903 the name was changed once again to Northome. The railroads arrived in 1903 bringing new residents, industry and businesses to the area. Churches and schools were established as demand grew and as the population grew steadily. Today Northome is home to approximately 207 residents.

## **RANIER**

Ranier was first settled in 1898 by John A. Holler, a U.S. customs officer. Settlers were attracted to the ample natural resources and access to water. Businesses and schools were established to meet the growing needs of the community and development of the railroad in 1907 added to its growth. Ranier was incorporated in 1908 and the area continued to flourish. The city separated from its township in 1919 and was named Ranier after a Duluth, Rainy Lake and Winnipeg Railway officer. Today Ranier is home to approximately 168 residents.

## Parks & Recreation

### FRANZ JEVNE STATE PARK

Birchdale | (218) 783-6252

Located on 118 acres near Birchdale, Franz Jevne State Park offers great fishing opportunities on the Rainy River, picnic areas and hiking and nature trails.

### GARDEN ISLAND STATE PARK

Williams | (218) 783-6252

Located 19 miles north of the southern point of Lake of the Woods, Garden Island State Park is the northern most state park located in Minnesota. The park offers picnic areas, excellent wildlife viewing and fishing opportunities.

### HAYES LAKE STATE PARK

Roseau | (218) 425-7504

Located on 2,950 acres south of Roseau, Hayes Lake State Park features nature trails, a history trail, a bog boardwalk and wildlife viewing opportunities.

### SCENIC STATE PARK

Bigfork | (218) 743-3362

Located on 3,360 acres near Bigfork, Scenic State Park features a year round campground, hiking and nature trails, fishing and canoeing opportunities and restroom facilities.

### PINE ISLAND STATE FOREST

Koochiching County

Pine Island State Forest encompasses 878,040 acres and is the largest of all the state forests in Minnesota. The Big Bog River Trail runs through the forest and is excellent for canoeing and fishing opportunities. The forest features picnic shelters, nature trails, wildlife viewing opportunities and hunting areas.

### ZIPPEL BAY STATE PARK

Williams | (218) 783-6252

Located 16 miles northwest of Baudette on Lake of the Woods, Zippel Bay State Park features fishing opportunities, a swimming beach, camping areas, picnic areas, excellent bird watching opportunities and three miles of snowmobile trails during the winter months.

# Boating Safety

---

## Operating Watercraft

**Follow these guidelines to help prevent and prepare for capsizing, swamp-  
ing, or someone falling overboard.**

Make sure that you and your passengers are wearing life jackets while the boat is moving.

Attach the ignition safety lanyard to your wrist, clothes, or life jacket.

Don't allow anyone to sit on the gunwale, bow, seat backs, motor cover, or areas not designed for seating. Also, don't let anyone sit on pedestal seats when craft is not in idle.

Don't overload your boat. Balance the load of passengers and gear stored on-board.

Keep your center of gravity low by not allowing people to stand up or move around while craft is in motion.

In small boats, don't allow anyone to lean beyond the gunwale.

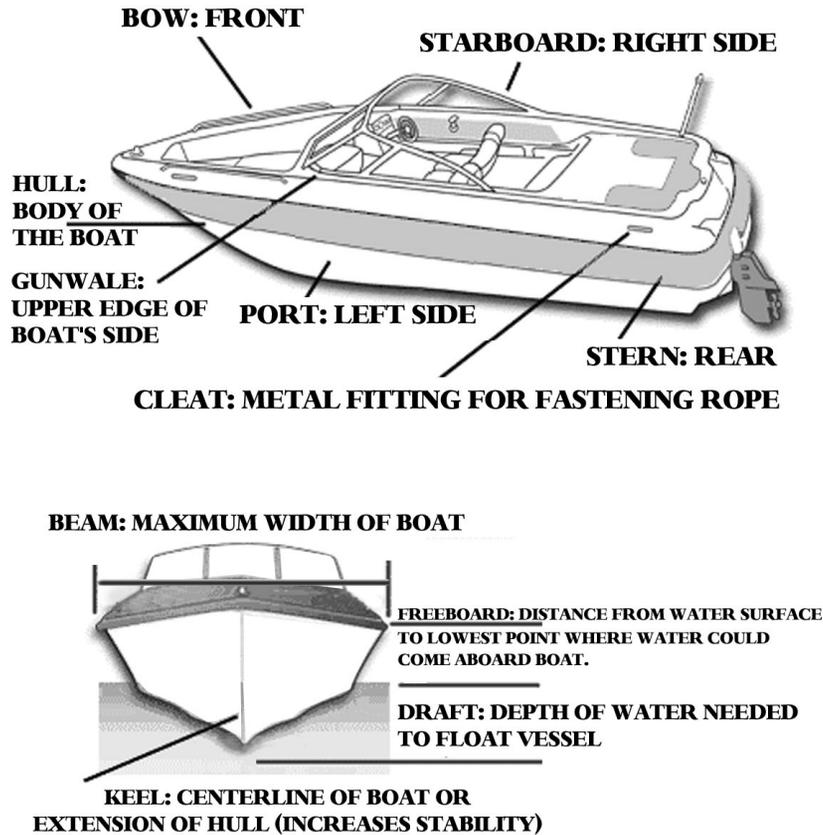

Turn boat at slow rates of speed.

Secure the anchor line to the bow, never to the stern.

Don't risk operating water craft in rough conditions or bad weather.

# Boating Safety

## Know Your Craft

## Who May Operate a Motorboat (Other Than a Personal Watercraft)

### For engines 25 horsepower or less:

Those under age 12 may operate without restrictions.

### For engines over 25 horsepower through 75 horsepower:

Those under age 12 must have someone 21 years of age or older on board within reach of the controls.

### For engines over 75 horsepower:

No children under age 12 may operate, even with an adult on board.

### Other restrictions apply to boat operators 12 to 17 years old:

Operators from 12 to 17 years of age may operate engines of 25 horsepower or lower with no restrictions.

### For engines over 25 horsepower:

Operators 12 to 17 years of age must have:

A watercraft operator's permit, or someone age 21 years or older on board within reach of the controls.

# Boating Safety

## Flotation Devices

### Offshore Life Jackets - Type 1:

For rough or remote waters where rescue may take awhile. Provide the most buoyancy, excellent for flotation, turns most unconscious persons face up in the water.

### Near-Shore Vests - Type 2:

Good for calm waters when quick assistance or rescue is likely. Turns some unconscious wearers face up in the water, but not as efficiently as offshore life jackets.

### Flotation Aids - Type 3:

Vests or full-sleeved jackets good for calm waters when quick assistance is likely. Not for rough waters. They will not turn most unconscious persons face up. Used for sports, such as water-skiing. Some inflate in water.

### Unwearable / Throwable Devices - Type 4:

Cushions and ring buoys designed to be thrown to someone in trouble. Type 4 is not designed to be worn. Not for rough waters - not for anyone unable to hold on to it.

### Special Use - Type 5:

Vests, hybrids/others designed for specific activities, for example windsurfing, kayaking, water-skiing. Some Type 5 devices inflate when entering the water. To be acceptable, Type 5 must be used in compliance with their label instructions.

**All watercraft must have at least one** Coast Guard Approved Type 1, 2, 3 or 5 flotation device that is the proper size for each person on board or being towed.

**All devices must** be in good condition and easily accessible.

**Children under age 10 must wear a device** when on board a boat that is underway unless: in an enclosed cabin or below deck or on an anchored boat that is being used for swimming or diving or passenger craft with a licensed captain.

**Along with the above** at least one approved Type 4 must be on board boats 16 ft. or longer (except canoes and kayaks) and immediately available.

**A Coast Guard approved Type 5 device may be substituted** for any other Coast Guard approved device if it meets the same requirements and is noted on the label.

**Anyone riding a jet ski or other Personal Water Craft** must wear an approved -non inflating flotation device, as well as anyone being towed by a water craft.

## HUNTING

### RABBIT & SQUIRREL

09/15/12 - 02/28/13; 09/14/13 - 02/28/14

### GRAY & RED FOX, BADGER, OPOSSUM & RACCOON

(North) 10/20/12 - 03/15/13; 10/19/13 - 03/13/14  
(South) 10/20/12 - 03/15/13; 10/19/13 - 03/15/14

### GOOSE

(Spring Light Goose) 03/01/13 - 04/30/13  
(Early Canada Goose) 09/01/13 - 09/20/13

### CROW

03/01/13 - 03/31/13; 07/15/13 - 10/15/13

### BEAR

09/01/13 - 10/13/13

### MOURNING DOVE

09/01/13 - 10/30/13

### SNIPE & RAIL

09/01/13 - 11/04/13

### DEER

(Archery) 09/14/13 - 12/31/13  
(Youth) 10/17/13 - 10/20/13  
(Camp Ripley Archery) 10/17/13 - 10/18/13  
(Firearm 2A & 3A) 11/09/13 - 11/17/13  
(Firearm 1A) 11/09/13 - 11/24/13  
(Firearm 3B) 11/23/13 - 12/01/13  
(Muzzleloader) 11/30/13 - 12/15/13

### SHARPTAILED GROUSE

09/14/13 - 11/30/13

## HUNTING, CONTD.

### GROUSE & GRAY PARTRIDGE

09/15/12 - 01/01/13; 09/14/13 - 01/01/14

### WOODCOCK

09/22/12 - 11/05/12

### MOOSE

(Northeast Zone) 09/28/13 - 10/13/13

### TURKEY

09/28/13 - 10/27/13

### PHEASANT

10/12/13 - 01/01/14

### PRAIRIE CHICKEN

10/19/13 - 10/23/13

### FISHER & PINE MARTEN

11/30/13 - 12/05/13

## FURBEARER TRAPPING

### BEAVER

(North) 10/26/13 - 04/30/14  
(South) 11/02/13 - 04/30/14

### MINK & MUSKRAT

(North) 10/26/13 - 02/28/14  
(South) 11/02/13 - 02/28/14

### OTTER

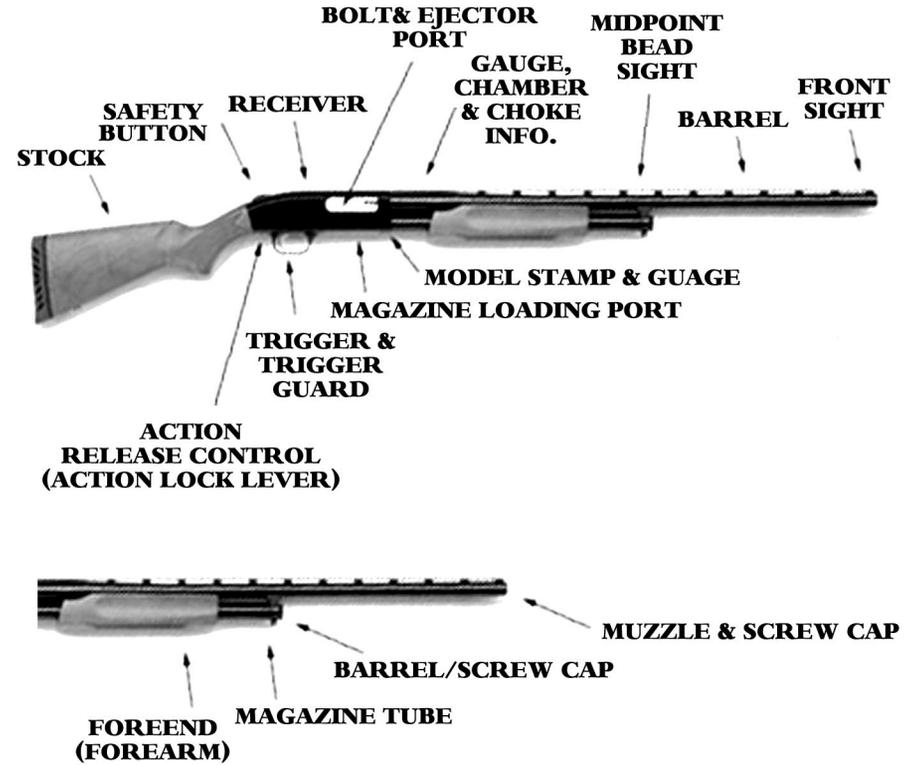

(North Zone) 10/26/13 - 01/05/14  
(South Zone) 11/02/13 - 01/05/14

### BOBCAT

11/24/12 - 01/05/13; 11/30/13 - 12/05/13

*\*At the time of publication not all of the 2013-2014 Minnesota Hunting Seasons were available. Contact [www.dnr.state.mn.us](http://www.dnr.state.mn.us) for more information*

# Hunting Safety

**All hunters should consider taking an advanced hunter education class to learn the latest hunting techniques along with tips on coming home alive.**

**Here are five suggestions for a safe and successful hunting experience:**

1. Get a detailed map of the area you are hunting, review it before you leave, and carry it with you in the field.
2. Carry a compass and know how to use it. Decide ahead of time the direction to head for if you get lost or disoriented.
3. Weather can change quickly in Minnesota, so hunters should carry a simple survival kit and be prepared for an unexpected overnight stay in the field. The survival kit should contain a rope, a knife, water, waterproof matches, an emergency shelter, and first aid supplies.
4. If you are on the water, make sure to wear a personal flotation device (life preserver).
5. Know your hunting partners' physical and emotional limitations, as well as your own, and don't push your partners or yourself beyond those limits.

# ATV Safety

- Read the owner's manual and know your vehicle thoroughly.
- Check your vehicle before you ride.
- Wear protective equipment and clothing.
- Don't lend your vehicle to unskilled riders.
- Supervise young or inexperienced riders.
- Never carry a passenger on vehicles meant for one rider.
- Do not operate under the influence of drugs or alcohol.
- Drive at speeds that are appropriate to trail conditions.
- Stay to the right on trails.
- Stay away from thin ice, open water and wetlands
- Know the weather forecast.
- Make sure headlights and taillights work properly.
- Maintain safe distances between other riders.
- Reduce your speed when riding at night.
- Yield to other motor vehicles and trail users.
- Young or beginning riders are encouraged to take a safety training course.

# Bicycle Safety

Always wear a properly fitting bike helmet as most serious injuries are to the head.

Be sure your handlebars, seat and wheels fit snugly.

Keep your bike in good shape by checking and oiling your chain, making sure your brakes work properly and maintaining your tire pressure.

Always ride with both hands on the handlebars except when doing turn signals.

When leaving a driveway, curb or alleyway always stop and check for traffic in both directions.

Cross only at intersections.

Use the crosswalk to walk your bike across busy intersections and follow the traffic signals.

Never ride against traffic. Travel in the same direction as the cars.

Whenever you can, use bike routes and avoid busy streets.

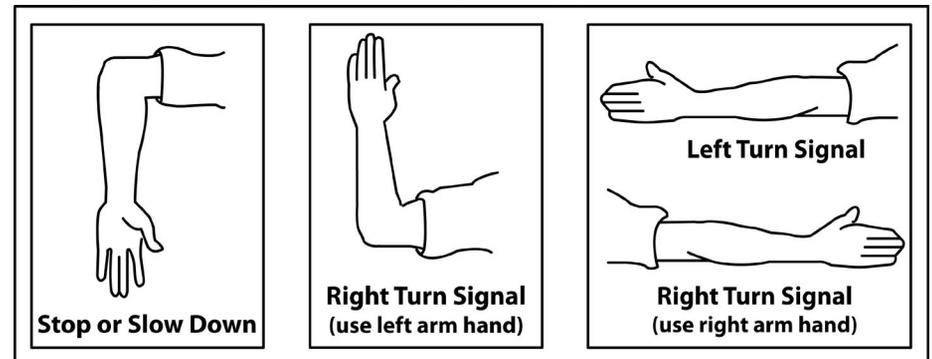

Don't ride near parked cars as doors can open and cause accidents.

Obey all traffic signs and traffic lights.

When biking with friends, ride in a single file.

Always pass other bikers or pedestrians on the left and say "On your left!" to make your presence known.

Always use bicycle hand signals to alert traffic of your changing direction.

# Snowmobile Safety

- Do not consume alcohol or take drugs prior to or during your snowmobile trip. Doing so increases your chances of injury or death.
- Slow down and don't cut to the inside of the trail corners. It's dangerous and illegal.
- If you snowmobile at night, don't override your lights.
- Always use the buddy system. Never ride off alone.
- Drowning is one of the causes of many snowmobile fatalities. Whenever possible, avoid the ice.
- Wear sensible, protective clothing designed for operating a snowmobile.
- Use a full size helmet, goggles, or visor to prevent injuries from twigs, stones, ice chips and other debris.
- Avoid wearing long scarves. They may get caught in moving parts of the snowmobile.
- Know the terrain you are going to ride. If unfamiliar to you, ask someone who has traveled over it before.
- Know the weather forecast, especially the ice and snow conditions.
- Be sure your snowmobile is in top-notch mechanical condition throughout the months of use.
- Familiarize yourself with the snowmobile you are driving. Thoroughly read the manual that accompanies the snowmobile.
- Do not pursue domestic or wild animals. That is not the conduct of a sportsman. Report such violations to the nearest law enforcement officer.

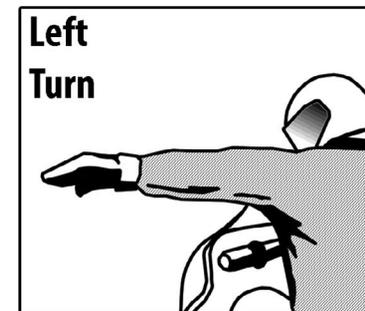

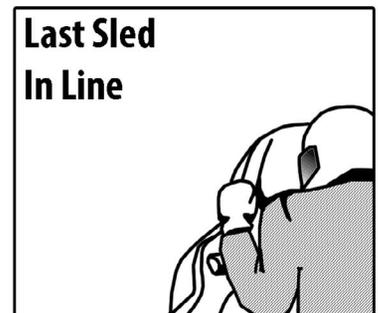

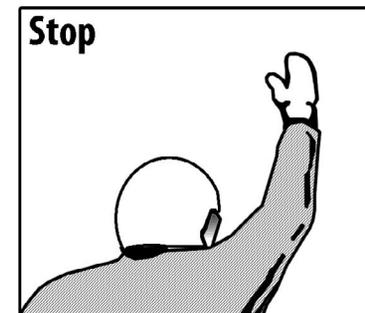

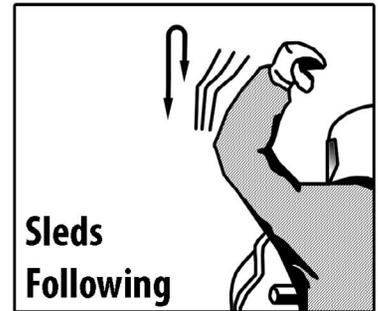

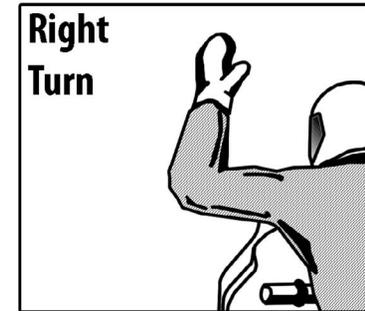

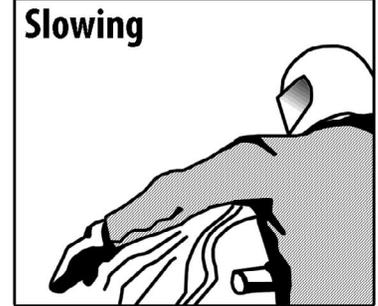

## Common Trail Signs

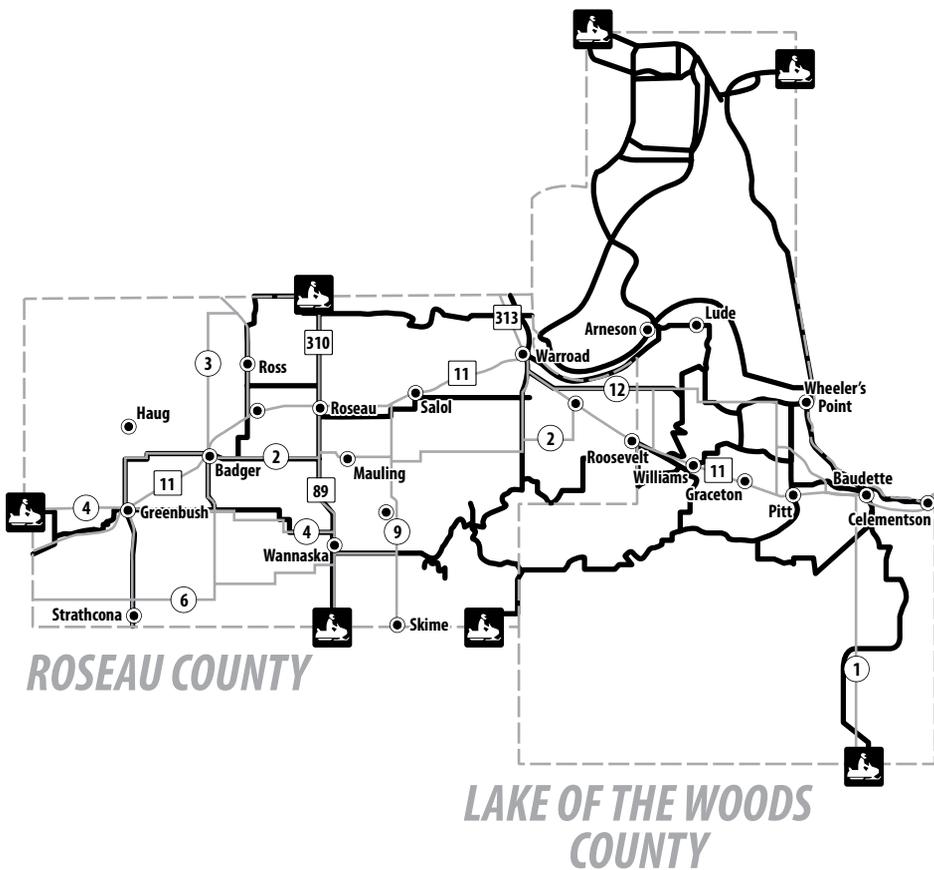

# Snowmobile Safety

Communication is an essential part of safe riding. Hand signals are a practical way to communicate between other riders and traffic.

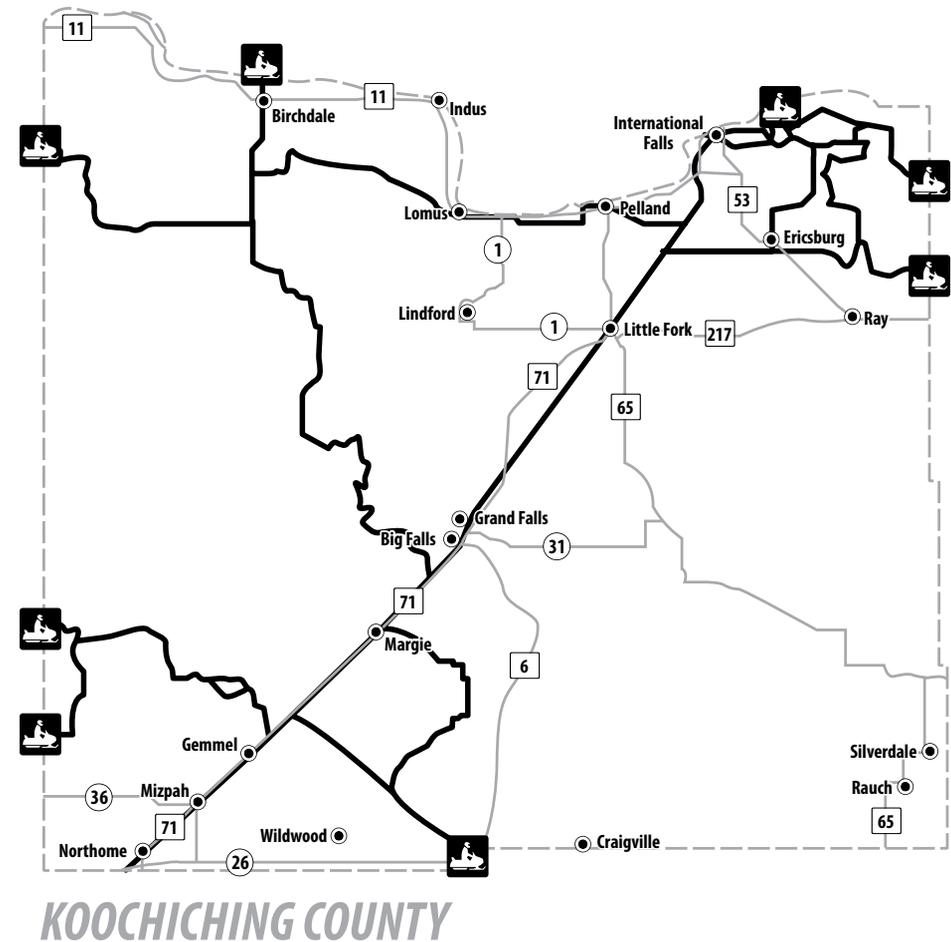

Be sure to give easy to see and clear hand signals when snowmobiling. Hand signals should never be subtle, but always deliberate.

# Tips on Recycling & Living Greener

 **Recycle as much as you can.** Even simple everyday things, such as plastic bottles and aluminum cans, can make a huge difference.

 **Switch your incandescent light bulbs to compact fluorescent ones.** Save money and energy.

 **Bring your own reusable shopping bags with you to the supermarket or the mall.**

 **Donate your unwanted clothing to a local charity.** Eyeglasses, household items, electronics and even vehicles can be accepted.

 **Recycle your used ink and toner cartridges.** Most office supply stores accept used cartridges.

 **Recycle your used batteries.** This prevents poisonous mercury from seeping into our water supplies and soil. Switch to rechargeable ones.

 **Switch to unbleached toilet paper, paper towels and coffee filters.** Avoiding bleached products can help preserve our water supply and soil.

 **Unplug any unused appliances.** Your cellphone charger uses electricity, even when your phone isn't charging - especially if you are not going to be home.

 **Bring your own lunch.** You'll avoid using non-recyclable styrofoam to-go containers and unnecessary throw-away packaging.

 **Start a compost bin in your yard.** There are even ones that you can store under your kitchen sink.

 **Be crafty.** Let old items be an inspiration for a craft project and re-purpose old items. Punch holes in tin cans to make candle luminaries or use empty yogurt containers to organize nuts and bolts.

 **Have a green-cleaning product party.** Invite your friends over to make enough vinegar-based homemade cleaners to share.

 **Run your washer/dryer/dishwasher after 5pm.** This is when less electricity is being used, especially in larger cities. In air-conditioned summer months this can help prevent blackouts.

# Home Safety

- Keep the outside of your home well-lit. Motion sensors and timers help deter burglars.
- Dead-bolts and peep-holes should be placed on all outside doors.
- Windows and sliding glass doors should have locks and be in good working order.
- Keep your garage door closed.
- Use an engraver to mark computers, cameras, stereos, TV's, tools, yard equipment, etc.
- Never leave valuables, expensive jewelry, or large amounts of cash at home. If you must, keep a list of your valuables with serial numbers to assist in insurance claims.
- Keep your car locked at all times and store all valuables out of sight.
- Guns should always be stored unloaded and with a gunlock.
- Become part of a neighborhood watch or program that is similar.
- Be suspicious of unusual people or vehicles in your neighborhood. Document the date, time, description and license plate number to give to law enforcement if needed.
- When on vacation, do not advertise your absence. Stop mail and newspaper delivery. Have a trusted friend or neighbor to give the impression you are home by stopping by to take out trash, shovel snow, mow the lawn, etc.

# Carbon Monoxide Safety

## PREVENTION

- Install carbon monoxide detectors near every bedroom, gas appliance and in your RV, camper or motor home and test them monthly.
- Have flues, chimneys and all fuel-burning appliances inspected by a professional annually.
- Make sure fireplaces, wood stoves, dryers, furnaces and water heaters are properly vented to the outside.
- Only burn clean and untreated wood.
- Never idle your car or gas powered vehicle in the garage, with or without the garage door open.
- Toxic fumes build up quickly and can easily contaminate your home.
- Never use gas-powered engines like weed trimmers, snow blowers, chain saws, lawnmowers or portable generators in enclosed areas.
- Never use a charcoal grill indoors or in any closed area.
- Never use a gas oven to heat your home.
- Never sleep in a room or area heated with a gas or kerosene space heater that does not have proper ventilation.

## SYMPTOMS

- Headaches, severe fatigue, vomiting, nausea, muscle and joint pain, dizziness, tingling, vertigo
- Attention and multi-tasking problems, short-term memory problems, word-finding problems
- Irritability, temper, loss of interest, sleep disturbance, anxiety, lack of motivation
- Eating and swallowing difficulties, vision problems, lack of muscular coordination, speaking difficulty, ringing in the ears
- Seizures, tremors, balancing problems, shortness of breath

***Carbon monoxide poisoning is easily confused with flu-like symptoms. Serious long-term health risks or death can result if warning signs are ignored. Carbon monoxide can affect you for days, weeks, months or years. High levels of carbon monoxide can be fatal within minutes.***

## TREATMENT

- Immediately take the victim out to fresh air.
- If the victim cannot be removed, open every window and door.
- All appliances should be turned off.
- Take the victim to an emergency room as quickly as fast as possible, or call 911.

# Emergency Planning

## ESCAPE ROUTES

Everyone in your family should know the best ways to exit the house in case of a disaster. Teach your young children how to open sliding doors, windows and other exits. Designate a meeting place where the family can gather after escaping from the house.

## FLASHLIGHTS

The whole family needs to know where to find flashlights. Periodically check the batteries.

## FULLY CHARGED CELL PHONES

All family members should keep their cell phones charged. Make a habit of charging them, while everyone is asleep. Cell phones can be lifesavers in emergencies.

## LIST OF VALUABLES

Keep this document listing your possessions (and if possible, a video of your home interior) in a fireproof safe, or in a safe deposit box at a bank.

## COMMUNITY EMERGENCY PLANS

Familiarize yourself with community evacuation plans and neighborhood escape routes. Post a copy of them in a highly visible place in your home.

## THUNDERSTORM/TORNADO

- Remove dead branches from trees beforehand to avoid injury or damage.
- After seeing lightning, if you hear thunder in less than 30 seconds, it is recommended that you stay inside for 30 minutes after the thunder has ceased.
- The inside of a car is safer than the outside, as a lightning strike will simply pass through the car as long as you aren't in contact with any metal.
- Unplug all major appliances, as a power surge can cause serious damage.
- Avoid all tall structures and elevated areas as well as large amounts of metal.

## FIRES

- Make sure that every level of your house has a smoke detector, and be sure to test them once a month. Have the family plan an emergency exit route.
- Always keep track of any stoves or high-temperature/high-voltage appliances that are running. Be sure to never leave any cooking unattended.
- Keep lighters and matches away from children.
- If a burn occurs, soak the skin in cool water. If the skin blisters, seek medical assistance.

# ⊕ Emergency First-Aid Tips ⊕

## FIRST AID FOR CPR & HEART ATTACK

### CPR

CPR is to be administered when a person is not breathing or has no pulse. Be quick to act by remembering the A,B,C's: Airway, Breathing & Circulation.

### Airway:

Place the person on a firm surface, on their back. Kneel next to the person's neck and shoulders. Open the person's airway by tilting back the head and lifting the chin.

### Breathing:

With the head tilted and chin lifted, pinch the nostrils shut and cover the person's mouth with yours. Give two slow breaths.

### Circulation:

Find the hand position on the center of the breastbone. Place the heel of your hand on that position, with your other hand on top of the first hand. Use your upper body weight to push down. Give two compressions per second. Compress the chest at a rate equal to 100/minute. Perform 30 compressions at this rate. Repeat until an ambulance arrives.

### HEART ATTACK

Symptoms of a heart attack may include any of the following:

- Uncomfortable pressure, fullness or squeezing pain in the center of the chest.
- Expanded pain in the upper abdomen.
- Shortness of breath.
- Pain or numbness in either arms, shoulders, neck, jaw or teeth.
- Dizziness or fainting.
- Nausea and sweating.

**If you or someone else may be having a heart attack - follow these steps immediately:**

- **DIAL 911**
- **Chew and swallow Aspirin (unless you are allergic/not allowed to)**
- **Take Nitroglycerin (only if prescribed)**
- **Begin CPR if the person is unconscious**

**IN AN EMERGENCY, DIAL 911**

# ⊕ *Emergency First-Aid Tips* ⊕

## *FIRST AID FOR BURNS & CHOKING*

### **BURNS**

**For minor 1st and 2nd degree burns smaller than 3" in diameter:** Cool the Burn. Run cool water over the burned area for 5 minutes, or until the pain diminishes. Never put ice on a burn!

#### **Bandage the burn with sterile gauze:**

It is important to use loosely wrapped gauze. This will avoid pressure and the bandage protects blisters. NEVER put lotions, vaseline, ointments or butter on burn. Do not break any blisters, which can cause infection.

#### **Take Aspirin, Ibuprofen, Naproxen or Acetaminophen to relieve pain:**

Minor burns usually heal with these basic treatments. Be aware for signs of infection which may include: increased pain, redness, fever, swelling or oozing. If symptoms develop, seek medical help. Avoid tanning the burned area for at least a year. Protect the area with sunscreen outdoors. Avoid giving aspirin to children.

***For 3rd degree burns/all major burns - DIAL 911***

***DO NOT run cold water over large severe burns - this can cause shock.***

***DO NOT remove burnt clothing.***

***Check for signs of breathing/coughing/movement.***

***If there are no signs of breathing begin CPR.***

***Elevate burned areas above heart level, if possible.***

***Cover the burn(s) with cool, sterile, moist bandages, towels or cloth.***

### **CHOKING**

Most people clutch at their throats when choking, an obvious symbol for help. However, if a person isn't giving that signal, be alert for these indications. Inability to talk, difficulty breathing or noisy breathing, inability to cough forcefully, skin/lips/nails turning blue, loss of consciousness.

The Red Cross recommends a "five-and-five" method for first aid: First give five blows between the person's shoulders with the heel of your hand. Second, perform the Heimlich maneuver (abdominal thrusts) five times. Alternate between five back blows and five abdominal thrusts until the blockage is dislodged.

***IN AN EMERGENCY, DIAL 911***

# ⊕ *Emergency First-Aid Tips* ⊕

## *FIRST AID FOR INSECT BITES/ANAPHYLAXIS & POISON SAFETY*

### **INSECT BITES/ANAPHYLAXIS**

**Anaphylaxis is a severe allergic reaction from insect bites (latex, food and drug allergies can also cause Anaphylaxis). Typical symptoms include hives, the swelling of lips or eyes, swollen throat, drop in blood pressure, light headedness, confusion, nausea or diarrhea. If someone is having an allergic reaction from an insect bite with these symptoms:**

#### **CALL 911.**

**Administer emergency prescription medication.** See if the person is carrying special emergency allergy medicine and give it to them according to the directions.

#### **Loosen tight clothing.**

**Lay the person down.** The person should lay down on their back with feet elevated. Turn them on their side if they are vomiting or bleeding from their mouth to prevent them from choking.

**If they are not breathing - administer CPR.** Most insect bite reactions are mild and cause no allergic reaction. If stung by a bee, use a straight edged object, like a credit card, to scrape away the stinger. Don't use tweezers - they can pinch more venom out of the stinger. Apply an ice pack to the area and take an over the counter pain reliever.

### **POISON PREVENTION**

**Teach your children about poison and how it can look like a food or drink. They should always ask an adult before eating or drinking anything. Have them learn the poison control phone number: 1-800-222-1222 and keep it programmed or posted near all your phones. Here are some prevention tips.**

**Lock up your poisons and medications.** Keep them out of the reach of children, lock them up if possible. Make sure your children understand that medicine is not candy.

**Follow directions carefully.** Read your labels. Be sure to use and store all poisons and medications properly according to recommendations.

**Keep your pets safe from household chemicals, too.** Don't allow pets near areas that have just been cleaned with chemicals, such as freshly mopped floors or bleached bathtubs and sinks. Clean up any antifreeze/coolant spills. Pets like the flavor but they can die if they ingest it. Store poisonous foods or plants in areas that your pets cannot access. Call your local emergency veterinary hospital if you believe your pet has been poisoned.
