It's the difference between finding somewhere you can stay, and somewhere you never want to leave.

Contrary to what we'd like to believe, middle age doesn't last forever. Perhaps it's time we stopped being so afraid of getting old and cherished life for the remarkable journey it has been and that is still to come. For only then can we open our hearts and minds to experiencing the joys of everyday existence. The way we see it, it's about living the whole of life. Something that, as the nation's largest not-for-profit provider of senior care and services, we have made our duty mission. And our life's work.
