St. Louis County is the second largest county in the United States, spanning over 6,000 square miles of picturesque wilderness and over 500 lakes. Dakota and Chippewa Indians occupied St. Louis County area until French fur traders and missionaries arrived. Daniel Duluth, a soldier and explorer from France, is believed to have established one of the first trading posts on the shores of Lake Superior in the 1600's. Once known as part of Superior County, St. Louis County was established in 1855 and is named after the St. Louis River. With the discovery of iron ore, St. Louis County forms part of the Iron Range where taconite mining continues today and is home to the fastest and largest lift bridge in the world, allowing ships to pass through the canals of Lake Superior. Visitors can enjoy many recreational activities as the Superior National Forest, Voyageurs National Park and the Boundary Waters Canoe Area Wilderness are located here. Today St. Louis County is home to approximately 196,864 residents.

DULUTH (COUNTY SEAT)

Duluth was originally occupied by Dakota and Chippewa Indians. French explorers arrived in the 1600's and began trapping and trading fur. Daniel Duluth was sent by the French to settle disputes between the tribes and to progress the fur trading industry, thus the area came to be known as Duluth. Upon settlement, Duluth was the only port in the United States with access to the Atlantic and Pacific Oceans where lumber, wheat and iron ore were shipped. The arrival of the railroad furthered its progress. Duluth was soon the fastest growing and largest city in the United States until a stock market crash in 1873. With the abundance of natural resources, Duluth recovered and is the largest city on the North Shore.

ELY

Occupied by the Chippewa Indians, Ely was explored by French fur traders. As prospectors arrived in search of gold, rich iron ore deposits were discovered here in 1883. On the shores of Shagawa Lake a mining village was established called "Florence." As more iron deposits were discovered west, the settlement moved and was renamed "Ely" after Samuel Ely, a miner from Michigan. The shipment of iron ore began in 1888 and sawmills and logging industries were established to meet the growing needs of the mines. As the industries in Ely began to boom, the railroad was extended to simplify the transport of goods. As of 1916 Ely was a widely known tourist attraction.

HIBBING

Hibbing was established in 1893 by Frank Hibbing, a German miner who discovered iron ore in the area and was once known as the "Iron Capitol of the World." When a large deposit of ore was found two miles south in the 1920's, Hibbing moved to its present location. Over 20 businesses and 180 houses were moved by logs and steel wheels at the cost of \$16 million, taking several years to complete. The remains of buildings at the old location can still be found. Hibbing is widely known for its famous former residents, most notably, Bob Dylan.

VIRGINIA

Virginia was originally called "Qeechaquepagem" or "lake of the north birds" by the Cherokee tribe. In 1890 the first settlers arrived hoping to find gold. Instead, large iron deposits were discovered and the town was incorporated in 1892. After twice being destroyed by fire, all buildings in Virginia were required to be brick, concrete or stone in 1900. Virginia Rainy Lake Lumber was built in 1909 and was the largest white pine mill worldwide.

Lake County spans 2,062 miles and is located in the Arrowhead Region of Northeastern Minnesota. The Dakota and Chippewa tribes occupied the area until European fur traders, missionaries and trappers arrived in the late 1600's. Iron ore was discovered by George Stuntz in 1868 on the Vermilion Range and by 1884 Minnesota was part of the iron ore industry. Norwegian and Swedish immigrants began commercial fishing on Lake Superior at the turn of the century and the Two Harbors Lighthouse was built to guide ships in 1892. The Mesabi Range, the chief iron ore deposit in the United States, was discovered by the Merritt Brothers and the Minnesota Mining and Manufacturing Company was established. Lake County is bordered by Lake Superior, the largest freshwater lake in the world. Two public marinas, historical shipwrecks and two lighthouses can be found along the shoreline. Four state parks, the Boundary Waters Canoe Area and a national forest are located within Lake County's boundaries, offering residents and visitors many recreational opportunities such as hiking, camping and fishing. Today Lake County is home to approximately 10,609 residents.

**Populations are approximate.*

BEAVER BAY

The Chippewa named this bay "Ga-gijikensikag" or the "Place of Little Cedars." Beaver Bay is located at the mouth of the Beaver River and is the oldest community on the North Shore. A flour mill was built at the falls of the river in the 1800's and has since been a summer colony. Beaver Bay was the county seat until 1886 when it was moved to Two Harbors. Beaver River is known for the plentiful trout and every spring a community fish fry is held. Its proximity to two state parks makes this area a popular recreational spot for visitors.

SILVER BAY

Silver Bay is the newest community on the North Shore and was originally built by the Reserve Mining Company to process taconite, the first taconite processing facility in North America. Employees needed a place to reside and Silver Bay was incorporated in 1956.

TWO HARBORS (COUNTY SEAT)

Once known as "Agate Bay," the earliest settlers in Two Harbors were those of Norwegian, Swedish, Danish, French, English and Canadian descent. It was a noisy community of single men who worked the harbor which was known as "Whiskey Row" for the multitude of dance halls and saloons until families began to arrive and settle. Churches, banks, schools and other businesses were then built to accommodate the needs of the new residents. The economy was dependent upon iron, timber and fish. The railroad arrived in 1874 to allow for easy transport of goods throughout the country. In 1892 the Two Harbors Light Station, the oldest light house on the North Shore, was built to make the harbor safer for travelers on Lake Superior and was operated 24 hours a day. Two Harbors became the county seat for Lake County in 1886 and was incorporated as a city in 1888. The development of an international highway in 1924 allowed for the tourism industry to boom.

WOUNDED WARRIORS GUIDE SERVICE

is a cost free guide service founded by veterans for veterans. We here at WOUNDED WARRIORS GUIDE SERVICE provide waterfowl hunting and fishing opportunities for our vets that have been wounded serving our great nation. At WOUNDED WARRIORS GUIDE SERVICE we are always preparing for the seasons and decided that we want to share our great experiences with those who have sacrificed greatly for our country

Cook County was originally populated by the Dakota and Chippewa Indians until French explorers arrived in the 1600's. Fur trading became popular along the North Shore as pelts were exchanged and sold for supplies until the 1800's. Then development began after discovery of iron ore in the Vermilion Range. Railroad lines were built as a means to transport the iron ore in the late 1800's. In the early 1900's, Cook County witnessed an influx of settlers arriving to obtain homesteads and work for the timber mills. Travel then increased with the advent of roads. Fishing, farming, logging and tourism dominated the industry in the area until the 1950's when commercial fishing declined. Today Cook County is home to approximately 5,437 residents.

SCHROEDER TOWNSHIP – pop. 218

TOFTE TOWNSHIP – pop. 261

**Populations are approximate.*

GRAND MARAIS (COUNTY SEAT)

Grand Marais was originally called “Kitchi-Bitobig” by the Chippewa Indians, which meant “Double Body of Water” for its two bays on Lake Superior. The area had been an Indian village until European settlement. French fur trappers named the area “Grand Marais,” loosely translated to great marsh. Fur trading was common in the early 1800's as the American Fur Company competed with the Northwest Company until 1802. In the 1850's fur trading declined and fishing, logging and mineral prospecting led the industry. With its proximity to the Sawtooth Mountains, Boundary Waters Canoe Area and the Superior National Forest, Grand Marais now attracts many visitors who enjoy year-round recreational activities.

GRAND PORTAGE

The Chippewa Indians initially occupied Grand Portage and in 1731 the first European settlement was established. Grand Portage is home to the High Falls, the highest waterfall in Minnesota. The falls were dangerous to travel and as a result, the Chippewa created a nine mile trail to Lake Superior or the “Grand Portage.” The area became the center of activity for the North Shore as fur was traded and sold by the Northwest Company. As fur trading declined, logging, fishing and mining boomed and tourism currently leads the industry.

Crow Hunting (4th season)

**At the time of publication not all of the 2015 Minnesota Hunting Seasons were available. Contact www.dnr.state.mn.us for more information.*

All hunters should consider taking an advanced hunter education class to learn the latest hunting techniques along with tips on coming home alive.

Here are 5 Suggestions for a safe and successful hunting experience:

1. Get a detailed map of the area you are hunting, review it before you leave, and carry it with you in the field.
2. Carry a compass and know how to use it. Decide ahead of time the direction to head for if you get lost or disoriented.
3. Weather can change quickly, so hunters should carry a simple survival kit and be prepared for an unexpected overnight stay in the field. The survival kit should contain a rope, a knife, water, waterproof matches, an emergency shelter, and first aid supplies.
4. If you are on the water, make sure to wear a personal flotation device (life preserver).
5. Know your hunting partners' physical and emotional limitations, as well as your own, and don't push your partners or yourself beyond those limits.

You can purchase hunting and fishing licenses, cross-country ski passes and snowmobile trail stickers through the Electronic License System. Online www.dnr.state.mn.us, Toll Free: 1 (888) 646-6367
Or visit one of the ELS agents available throughout the area:

Operating Watercraft

FOLLOW THESE GUIDELINES TO HELP PREVENT AND PREPARE FOR CAPSIZING, SWAMPING, OR SOMEONE FALLING OVERBOARD.

- MAKE SURE THAT YOU AND YOUR PASSENGERS ARE WEARING LIFE-JACKETS WHILE THE BOAT IS MOVING.
- ATTACH THE IGNITION SAFETY LANYARD TO YOUR WRIST, CLOTHES, OR LIFE JACKET.
- DON'T ALLOW ANYONE TO SIT ON THE GUN WALE, BOW, SEAT BACKS, MOTOR COVER, OR AREAS NOT DESIGNED FOR SEATING. ALSO, DON'T LET ANYONE SIT ON PEDESTAL SEATS WHEN CRAFT IS NOT IN IDLE.
- DON'T OVERLOAD YOUR BOAT. BALANCE THE LOAD OF PASSENGERS AND GEAR STORED ON-BOARD.
- KEEP YOUR CENTER OF GRAVITY LOW BY NOT ALLOWING PEOPLE TO STAND UP OR MOVE AROUND WHILE CRAFT IS IN MOTION.
- IN SMALL BOATS, DON'T ALLOW ANYONE TO LEAN BEYOND THE GUNWALE.
- TURN BOAT AT SLOW RATES OF SPEED.
- SECURE THE ANCHOR LINE TO THE BOW, NEVER TO THE STERN.
- DON'T RISK OPERATING WATER CRAFT IN ROUGH CONDITIONS OR BAD WEATHER.

Who May Operate a Motorboat

(OTHER THAN A PERSONAL WATERCRAFT)

- FOR ENGINES 25 HORSEPOWER OR LESS:
 - THOSE UNDER AGE 12 MAY OPERATE WITHOUT RESTRICTIONS.
- FOR ENGINES OVER 25 HORSEPOWER THROUGH 75 HORSEPOWER:
 - THOSE UNDER AGE 12 MUST HAVE SOMEONE 21 YEARS OF AGE OR OLDER ON BOARD WITHIN REACH OF THE CONTROLS.
- FOR ENGINES OVER 75 HORSEPOWER:
 - NO CHILDREN UNDER AGE 12 MAY OPERATE, EVEN WITH AN ADULT ON BOARD.
 - OTHER RESTRICTIONS APPLY TO BOAT OPERATORS 12 TO 17 YEARS OLD:
 - OPERATORS FROM 12 TO 17 YEARS OF AGE MAY OPERATE ENGINES OF 25 HORSEPOWER OR LOWER WITH NO RESTRICTIONS.
- FOR ENGINES OVER 25 HORSEPOWER:
 - OPERATORS 12 TO 17 YEARS OF AGE MUST HAVE: A WATERCRAFT OPERATOR'S PERMIT, OR SOMEONE AGE 21 YEARS OR OLDER ON BOARD WITHIN REACH OF THE CONTROLS.

Bicycle Hand Signals

Snowmobile Hand Signals

Read the owner's manual

- and know your vehicle thoroughly.
- Check your vehicle before you ride.
- Wear protective equipment and clothing.
- Don't lend your vehicle to unskilled riders.
- Supervise young or inexperienced riders.
- Never carry a passenger on vehicles meant for one rider.
- Do not operate under the influence of drugs or alcohol.
- Drive at speeds that are appropriate to trail conditions.
- Stay to the right on trails.
- Stay away from thin ice, open water and wetlands
- Know the weather forecast.
- Make sure headlights and taillights work properly.
- Maintain safe distances between other riders.
- Reduce your speed when riding at night.
- Yield to other motor vehicles and trail users.
- Young or beginning riders are encouraged to take a safety training course.

Know Your ATV

Be Cautious of Other Bikers

- Always wear a properly fitting bike helmet as most serious injuries are to the head.
- Be sure your handlebars, seat and wheels fit snugly.
- Keep your bike in good shape by checking and oiling your chain, making sure your brakes work properly and maintaining your tire pressure.
- Always ride with both hands on the handlebars except when doing turn signals.
- When leaving a driveway, curb or alleyway always stop and check for traffic in both directions.
- Cross only at intersections.
- Use the crosswalk to walk your bike across busy intersections and follow the traffic signals.
- Never ride against traffic. Travel in the same direction as the cars.
- Whenever you can, use bike routes and avoid busy streets.
- Don't ride near parked cars as doors can open and cause accidents.
- Obey all traffic signs and traffic lights.
- When biking with friends, ride in a single file.
- Always pass other bikers or pedestrians on the left and say "On your left!" to make your presence known.
- Always use bicycle hand signals to alert traffic of your changing direction.

Drink lots of Water!

all state and local laws and ordinances. Do not operate snowmobiles/ATV's on county roads or state highways.

Please respect private property and no trespassing signs. Stay on trails. Exercise extreme caution on all lakes and streams. Obey

- Do not consume alcohol or take drugs prior to or during your snowmobile trip. Doing so increases your chances of injury or death.
- Slow down and don't cut to the inside of the trail corners. It's dangerous and illegal.
- If you snowmobile at night, don't override your lights.
- Always use the buddy system. Never ride off alone.
- Drowning is one of the causes of many snowmobile fatalities. Whenever possible, avoid the ice.
- Wear sensible, protective clothing designed for operating a snowmobile.
- Use a full size helmet, goggles, or visor to prevent injuries from twigs, stones, ice chips and other debris.
- Avoid wearing long scarves. They may get caught in moving parts of the snowmobile.
- Know the terrain you are going to ride. If unfamiliar to you, ask someone who has traveled over it before.
- Know the weather forecast, especially the ice and snow conditions.
- Be sure your snowmobile is in top-notch mechanical condition throughout the months of use.
- Familiarize yourself with the snowmobile you are driving. Thoroughly read the manual that accompanies the snowmobile.
- Do not pursue domestic or wild animals. That is not the conduct of a sportsman. Report such violations to the nearest law enforcement officer.

Slow Down!

Snowmobiling is fun. Going to the hospital isn't.

End Here!

PARENTS:

- Teach your kids that an emergency is when you need help from a doctor, a police officer or a firefighter.
- Designate a safe place by your house that a child can go to if they need help right away.
- Have your kids memorize your address and phone numbers. They should also know your full name and where you work.

KIDS:

FIRE SAFETY

- If you or someone else is on fire - remember to STOP, DROP and ROLL. Wrap a blanket on the person to help put out the fire.
- If there is a fire, leave the house as fast as you can! Crawl on the floor to avoid smoke and if the door is hot, don't open it - find another way out.
- Learn all the fire exits in your house. Assign a safe place outside for everyone to meet in case of a fire emergency.

HOME ALONE

- Never tell anyone that you are home alone.
- If someone calls and asks for your mom and dad, tell them "They cannot come to the phone right now, can you please call back later?"
- Do not answer the door, unless it is someone that you know your parents have okay'd them to come over.

FIRST AID FOR INSECT BITES/ANAPHYLAXIS & POISON SAFETY

INSECT BITES/ANAPHYLAXIS

Anaphylaxis is a severe allergic reaction from insect bites (latex, food and drug allergies can also cause Anaphylaxis). Typical symptoms include hives, the swelling of lips or eyes, swollen throat, drop in blood pressure, light headedness, confusion, nausea or diarrhea. If someone is having an allergic reaction from an insect bite with these symptoms:

POISON PREVENTION

Teach your children about poison and how it can look like a food or drink. They should always ask an adult before eating or drinking anything. Have them learn the poison control phone number: 1-800-222-1222 and keep it programmed or posted near all your phones. Here are some prevention tips.

Lock up your poisons and medications. Keep them out of the reach of children, lock them up if possible. Make sure your children understand that medicine is not candy.

Follow directions carefully. Read your labels. Be sure to use and store all poisons and medications properly according to recommendations.

Keep

your pets safe from household chemicals, too. Don't allow pets near areas that have just been cleaned with chemicals, such as freshly mopped floors or bleached bathtubs and sinks. Clean up any anti-freeze/coolant spills. Pets like the flavor but they can die if they ingest it. Store poisonous foods or plants in areas that your pets cannot access. Call your local emergency veterinary hospital if you believe your pet has been poisoned.

FIRST AID FOR BURNS & CHOKING

BURNS

For minor 1st and 2nd degree burns smaller than 3" in diameter: Cool the Burn. Run cool water over the burned area for 5 minutes, or until the pain diminishes. Never put ice on a burn!

Bandage the burn with sterile gauze:

It is important to use loosely wrapped gauze. This will avoid pressure and the bandage protects blisters. NEVER put lotions, vaseline, ointments or butter on burn. Do not break any blisters, which can cause infection.

Take Aspirin, Ibuprofen, Naproxen or Acetaminophen to relieve pain:

Minor burns usually heal with these basic treatments. Be aware for signs of infection which may include: increased pain, redness, fever, swelling or oozing. If symptoms develop, seek medical help. Avoid tanning the burned area for at least a year. Protect the area with sun-screen outdoors. Avoid giving aspirin to children.

For 3rd degree burns/all major burns - DIAL 911

DO NOT run cold water over large severe burns - this can cause shock.

DO NOT remove burnt clothing.

Check for signs of breathing/coughing/movement.

If there are no signs of breathing begin CPR.

Elevate burned areas above heart level, if possible.

Cover the burn(s) with cool, sterile, moist bandages, towels or cloth.

CHOKING

Most people clutch at their throats when choking, an obvious symbol for help. However, if a person isn't giving that signal, be alert for these indications. Inability to talk, difficulty breathing or noisy breathing, inability to cough forcefully, skin/lips/nails turning blue, loss of consciousness.

The Red Cross recommends a "five-and-five" method for first aid: First give five blows between the person's shoulders with the heel of your hand. Second, perform the Heimlich maneuver (abdominal thrusts) five times. Alternate between five back blows and five abdominal thrusts until the blockage is dislodged.

IN AN EMERGENCY, DIAL 911
