"Creating An Active Lifestyle For Our Community"

## Milton House Museum National Historic Landmark

The Milton House Museum is Rock County's only National Historic Landmark and the only documented National Underground Railroad site in Wisconsin that can be toured. Built in 1844 as a stagecoach inn by Milton founder Joseph Goodrich, a staunch abolitionist, the site offers a tour of the unique hexagon inn, 1837 pioneer cabin and the tunnel Goodrich used to hide and aid fugitive slaves.

For Information Contact Milton Historical Society 18 S. Janesville Street • Milton, WI 53563 • (608) 868-7772 www.miltonhouse.org • miltonhouse@miltonhouse.org

Hours of Operation We are open for drop-in tours Monday - Sunday 10:00a-4:00p.

Guided tours only -- No walk-throughs. Our tour is handicap accessible.

# DODGE COUNTY HISTORY

Griginally inhabited by Indians, Dodge County was established in 1836 and named in honor of Governor Henry Dodge. The City of Victory was selected as the county seat, but was later renamed Juneau, its present name. Early industry was led by agriculture as farmers raised wheat, potatoes, apples and cattle. By 1900 its population had reached 46,631 and the area has continued to prosper. It is now home to a variety of industries, cultural events and an assortment of natural attractions that make this area an ideal place to live in and visit. Today Dodge County is home to approximately 88,759 residents.

#### **BEAVER DAM**

In 1841 Thomas Mackie and Joseph Goetschius settled the Beaver Dam area. Its name was derived from the presence of beavers along the rivers and streams and dams were constructed to harness the water power. The community grew quickly and by 1870 the area housed breweries, sawmills, gristmills, cotton mills, flour mills, creameries. Early industry was led by agriculture and Beaver Dam has now become recognized for its ample recreational opportunities and diverse economy. Today Beaver Dam is home to approximately 16,243 residents.

<sup>\*</sup>Located in adjacent county or counties.

<sup>\*\*</sup>Populations are approximate.

# DODGE COUNTY COMMUNITIES

#### **COLUMBUS**

Located in Columbia and Dodge Counties, the first settler of Columbus was Elbert Dickason in 1839 who built a home and a small sawmill. James T. Lewis was the first lawyer to the area and later went on to become Governor of Wisconsin from 1864 to 1865. The community is said to have been named after Christopher Columbus and a statue and a museum were constructed to honor his legacy. Today Columbus is home to approximately 4,991 residents.

#### **FOX LAKE**

Fox Lake was established in 1838 and was the first community organized in Dodge County. It was originally recognized as Waushara but was renamed Fox Lake in 1852. The area was a stopping place between Fort Winnebago and Fort Howard and development was prompted by railroad expansion. Ample timber, fertile soil and access to water continued to draw settlers and businesses were established to meet the growing needs of the community. Today Fox Lake is home to approximately 1,454 residents.

#### **HARTFORD**

Located in Washington and Dodge Counties, the area was surveyed in 1843 by Nicholas Simon and a dam was built across the Rubicon River the following year. A sawmill soon followed and the railroad arrived in 1855, connecting Hartford to Chicago, Milwaukee, La Crosse and Minneapolis. Hartford was founded in 1866 by a Civil War Veteran, William Benjamin Place. Industry provided a steady population growth as the Kissel automobile plant was established here. Today Hartford is home to approximately 10,978 residents.

#### **HORICON**

In 1846 a dam was constructed to harness the waterpower near present-day Horicon which resulted in the formation of Lake Horicon. The community was established near the shores and its name was derived from an Indian word meaning "clear" or "pure water." In 1869 the dam was destroyed and the area once again became marshland. Failed attempts to drain the marshland for farmland prompted legislation to make the area a conservation area which now provides habitat to thousands of migratory birds each year. Today Horicon is home to approximately 3,775 residents.

#### **JUNEAU (COUNTY SEAT)**

The Juneau area was first settled in 1845 and was originally known as Victory. The community was renamed after its founder Paul Juneau and selected as the county seat. By 1860 Juneau boasted a population of 300 with two hotels, three churches and a variety of businesses. Construction of the railroad allowed for growth and the community is now widely recognized as the childhood home to Hall of Fame pitcher Addie Joss who played for the Cleveland Indians until 1910. Today Juneau is home to approximately 2,485 residents.

#### MAYVILLE

In 1845 pioneers Alvin and William Foster with Chester and E.P. May founded the community of Mayville as its proximity to the Rock River provided the means for a sawmill. Fertile soil, ample timber and iron ore deposits attracted many settlers and the development of rail lines allowed for growth. By 1910 Mayville housed factories, specialty shops and general stores and the area continued to develop. Today Mayville is home to approximately 4,902 residents.

#### WAUPUN

Located in Dodge and Fond du Lac Counties, the area was first settled by Seymour Wilcox in 1839. The community was first known as Madrid but was changed to Wabun, a Native American word meaning rising sun in the east. A postal spelling error led to its current spelling in 1851 and a state penitentiary was constructed the following year. The area grew dramatically upon the arrival of the railroad and has since become a center for commerce and industry. Today Waupun is home to approximately 11,340 residents.

WOUNDED WARRIORS GUIDE SERVICE

is a cost free guide service founded by veterans for veterans. We here at WOUNDED WARRIORS GUIDE SERVICE provide waterfowl hunting and fishing opportunities for our vets that have been wounded serving our great nation.

At WOUNDED WARRIORS GUIDE SERVICE we are always preparing for the seasons and decided that we want to share our great experiences with those who have sacrificed greatly for our country

## JEFFERSON COUNTY HISTORY

# JEFFERSON COUNTY COMMUNITIES

Giginally inhabited by Indians, Jefferson County was established in 1836 from parts of Milwaukee County. It was named in honor of President Thomas Jefferson and communities were established near lakes, rivers and railroad junctions. Early industry was led by agriculture and lumbering, and the City of Jefferson was selected as the county seat. By 1900 its population had reached 34,789 and the area has continued to thrive. It is now home to a variety of recreational opportunities, historical sites and an array of cultural events which make this area an excellent place to live in and visit. Today Jefferson County is home to approximately 83,686 residents.

# JEFFERSON COUNTY COMMUNITIES

#### **FORT ATKINSON**

In 1832 during the Black Hawk War Fort Koshkonong was constructed by General Henry Atkinson in present-day Fort Atkinson, and the community was named in his honor. Its location along the Rock River was ideal for the transportation of goods and services and the area continued to expand with the construction of the railroad. The community is now known as the home of Governor William Dempster Hoard, known as the "Father of Dairy Farming" in Wisconsin due to his early contributions to agriculture. Today Fort Atkinson is home to approximately 12,368 residents.

#### JEFFERSON (COUNTY SEAT)

Jefferson was settled at the convergence of the Rock and Crawfish Rivers to harness water power and serve as a means of transportation for supplies in 1836. By 1853 the community boasted a population of 950 with hotels, churches, factories, mills and an assortment of specialty shops. In 1857 Jefferson was incorporated and the community was selected as the county seat. A courthouse was constructed and the community continued to develop. Jefferson is now recognized for its "Gemuetlichkeit Days" held every September which celebrates its German heritage. Today Jefferson is home to approximately 7,338 residents.

#### **LAKE MILLS**

Captain Joseph Keyes was the first settler of the Lake Mills area in 1836 and he named the area after the establishment of sawmills and gristmills on nearby Rock Lake. In 1852 the community was incorporated within one year businesses included general stores, mills, blacksmith shops, a church and a factory. In 1866 its name was changed to Tyrhnena, but was changed back to Lake Mills the following year. Today Lake Mills is home to approximately 4,843 residents.

#### **WATERLOO**

First known as Groves Prairie, Waterloo was renamed after the Battle of Waterloo fought in 1815. Groves of oak, poplar and cherry trees along with fertile prairie attracted its first settler, Joseph Edwards, who established a homestead in 1834. By 1853 Waterloo housed 200 residents, hotels, stores, manufacturing centers and a church. The area is now known as the home to the Trek Bicycle Corporation, one of the top bicycle manufacturers in the world. Today Waterloo is home to approximately 3,333 residents.

#### WATERTOWN

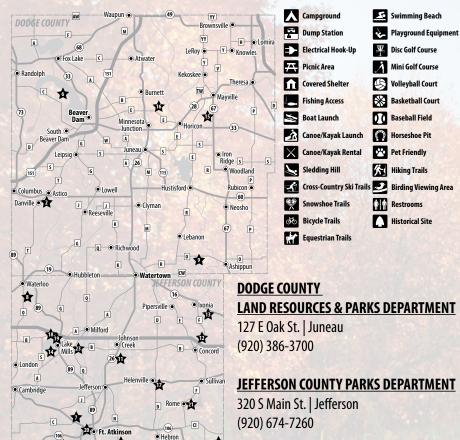

Located in Jefferson and Dodge Counties, Watertown was settled in 1836 by Timothy Johnson and was originally known as Johnson's Rapids. Its proximity to the Rock River attracted settlers who established sawmills and dams to harness the water power. In 1854 the Octagon House was completed by John Richards, now a National Historic Landmark, which boasted central heating, ventilation systems and running water. The following year Watertown was the second largest city in Wisconsin with a population of 8,512. In 1856 Margarethe Meyer Schurz established the first kindergarten in the United States which has since become an integral part of education throughout the world. Today Watertown is home to approximately 21,598 residents.

#### WHITEWATER

Located in Jefferson and Walworth Counties, Whitewater was named for the white sand beds found near Whitewater Creek. Railroad expansion in 1852 prompted dramatic growth and the community became a trading center for timber, minerals and crops. Within ten years, businesses included pottery shops, mills, lumberyards, brickyards and general stores. Whitewater is now the home to the University of Wisconsin at Whitewater, which was attended by late comedian and actor John Belushi. Today Whitewater is home to approximately 13,437 residents.

# HUNTING SEASONS

## HUNTING SAFETY

#### DEER

Archery & Crossbow | Sept. 17 - Jan. 8 2017

Youth Deer Hunt | Oct. 8 & 9

Gun Deer Hunt for Hunters with Disabilities | Oct. 1 - 9

Gun | Nov. 19-27

Muzzleloader | Nov. 28 - Dec. 7

Statewide Antlerless Hunt | Dec. 8—11

#### **GAME BIRDS**

Pheasant | Oct. 15 (9 am) - Dec. 31
Bobwhite Quail | Oct. 15 (9 am) - Dec. 7
Hungarian Partridge | Oct. 15 (9 am) – Dec. 31
\* Closed in Clark, Marathon and Taylor counties
Ruffed Grouse
Zone A | Sept. 17—Jan. 31, 2017
Zone B | Oct. 15—Dec. 8

Sharp-tailed Grouse
Season is under review. Visit dnr.wi.gov for updates.
Crow | Sept. 17—Nov. 17 & Jan. 18, 2017—Mar. 20, 2017

#### **MIGRATORY BIRDS**

Early Canada Goose | Sept. 1–15
Early Teal Season | Sept. 1–7
Regular Duck and Goose
Dates will be established in mid April.
Woodcock | Sept. 24–Nov. 7
Mourning Dove | Sept. 1–Nov. 29

#### **FURBEARERS**

Coyote
Hunting Continuous open season.
Trapping | Oct. 15—Feb. 15, 2017
Beaver
Trapping Only
Zone A (Northwest) | Nov. 5—Apr.

Zone A (Northwest) | Nov. 5–Apr. 30, 2017

Zone B (Northeast) | Nov. 5–Apr. 30, 2017

Zone C (South) | Nov. 5–Mar. 31, 2017

Zone D (Mississippi River) | Day after duck season closes to

Mar. 15, 2017
Mink and Muskrat

Trapping Only
Statewide | Oct. 22—Mar. 5, 2017
Mississippi River Zone | Nov. 14\*\*—Mar. 5, 2017

\*\*Zone opens either the day after the duck season closes or Nov. 14, whichever occurs first.

Fox (Red and Grav)

Hunting and Trapping | Oct. 15-Feb. 15, 2017

Bobcat

Hunting and Trapping - Permits required

Period 1 | Oct. 15-Dec. 25

Period 2 | Dec. 26—Jan. 31, 2017

Fisher

Trapping Only - Permits required Various zones | Oct. 15—Dec. 31

#### **FURBEARERS (Cont)**

Otter

North Zone | Nov. 5—Apr. 30, 2017 Central Zone | Nov. 5—Apr. 30, 2017 Central Zone | Nov. 5—Mar. 31, 2017 South Zone | Nov. 5—Mar. 31, 2017

Raccoon

Hunting and Trapping
Resident | Oct. 15–Feb. 15, 2017

Non-resident | Oct. 29–Feb. 15, 2017

Opossum, Skunk, Weasel and Snowshoe Hare

No season limits, bag limits, size limits or possession limits, but a license is required.

#### TURKEY

Youth Turkey Hunt | Apr. 9 & 10
Open Zones
Spring Period A | Apr. 13–19
Period B | Apr. 20–26
Period C | Apr. 27–May 3
Period D | May 4–10
Period E | May 11–17
Period F | May 18–24
Fall Statewide | Sept. 17–Nov. 18
Zones 1-5 | Sept. 17–Dec. 31

#### RFAR

Zone C where dogs are not permitted | Sept. 7–Oct. 11 with aid of bait with all other legal methods not using dogs
All other zones where dogs are permitted: | Sept. 7–13 with aid of bait with all other legal methods not using dogs
Sept. 14–Oct. 4 with aid of dogs with aid of bait with all other legal methods
Oct. 5–11 with aid of dogs only

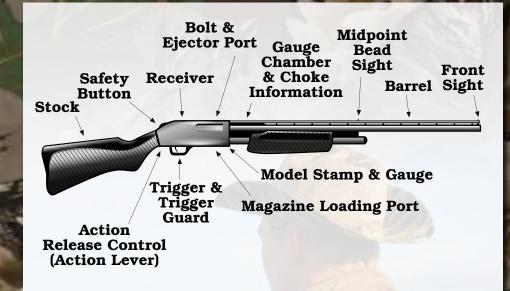

#### **SMALL GAME**

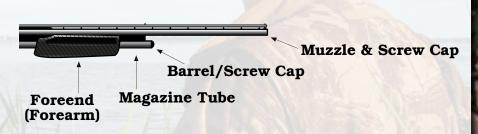

Cottontail Rabbit
Northern Zone | Sept. 17—Feb. 28, 2017
Southern Zone | Oct. 15 (9 AM) – Feb. 28, 2017
Squirrels (Gray and Fox) | Sept. 17—Jan. 31, 2017

#### **PROTECTED SPECIES**

Hunting protected species—such as badger, woodchuck, jackrabbit, moose and flying squirrel—is prohibited. See 2016 Small Game Regulations for more details

\*Please contact your local DNR office for specific hunting and trapping zone regulations. For general information on firearm safety training call; 1 (888) 936-7463.

All hunters should consider taking an advanced hunter education class to learn the latest hunting techniques along with tips on coming home alive.

Here are 5 Suggestions for a safe and successful hunting experience:

- Get a detailed map of the area you are hunting, review it before you leave, and carry it with you in the field.
- Carry a compass and know how to use it. Decide ahead of time the direction to head for if you getlost or disoriented.
- Weather can change quickly, so hunters should carry a simple survival kit and be prepared for an unexpected overnight stay in the field. The survival kit should contain a rope, a knife, water, waterproof matches, an emergency shelter, and first aid supplies.

If you are on the water, make sure to wear a personal flotation device (life preserver).

 Know your hunting partners' physical and emotional limitations, as well as your own, and don't push your partners or yourself beyond those limits.

#### **PARENTS:**

- Teach your kids that an emergency is when you need help from a doctor, a police officer or a firefighter.
- Designate a safe place by your house that a child can go to if they need help right away.
- Have your kids memorize your address and phone numbers. They should also know your full name and where you work.

#### KIDS:

#### **FIRE SAFETY**

- If you or someone else is on fire remember to STOP, DROP and ROLL. Wrap a blanket on the person to help put out the fire.
- If there is a fire, leave the house as fast as you can! Crawl on the floor to avoid smoke and if the door is hot, don't open it - find another way out.
- Learn all the fire exits in your house. Assign a safe place outside for everyone to meet in case of a fire emergency.

#### **HOME ALONE**

- Never tell anyone that you are home alone.
- If someone calls and asks for your mom and dad, tell them "They cannot come to the phone right now, can you please call back later?"
- Do not answer the door, unless it is someone that
   you know your parents have okay'd
   them to come over.

#### FIRST AID FOR INSECT BITES/ANAPHYLAXIS & POISON SAFETY

#### **INSECT BITES/ANAPHYLAXIS**

Anaphylaxis is a severe allergic reaction from insect bites (latex, food and drug allergies can also cause Anaphylaxis). Typical symptoms include hives, the swelling of lips or eyes, swollen throat, drop in blood pressure, light headedness, confusion, nausea or diarrhea.

#### POISON PREVENTION

Teach your children about poison and how it can look like a food or drink. They should always ask an adult before eating or drinking anything. Have them learn

the poison control phone number: 1-800-222-1222 and keep it programmed or posted near all your phones. Here are some prevention tips.

**Lock up your poisons and medications.** Keep them out of the reach of children, lock them up if possible. Make sure your children understand that medicine is not candy.

**Follow directions carefully.** Read your labels. Be sure to use and store all poisons and medications properly according to recommendations.

#### Keep

#### your pets safe from household chemicals, too.

Don't allow pets near areas that have just been cleaned with chemicals, such as freshly mopped floors or bleached bathtubs and sinks. Clean up any antifreeze/coolant spills. Pets like the flavor but they can die if they ingest it. Store poisonous foods or plants in areas that your pets cannot access. Call your local emergency veterinary hospital if you believe your pet has been poisoned.

# ICE SAFETY GUIDELINES:

OR LESS
IS UNSAFE TO WALK ON.
STAY-AWAY
FROM THIN ICE!

THIN ICE!

ICE THAT IS 4" OR MORE IS OKAY TO WALK ON OR MORE
IS OKAY TO DRIVE
SNOWMOBILES
OR ATV'S ON

OR MORE
IS OKAY TO DRIVE
SMALL CARS ON

OR MORE
IS OKAY TO DRIVE
MEDIUM SIZED
TRUCKS ON

4"

122

15°

THERE IS NO SUCH THING AS 100% SAFE ICE!!!

# Did you know?

- Ice always forms unevenly. It can be 2 feet thick in one spot, and just a few inches thick a couple feet away.
- The most dangerous ice is formed over flowing water. It's especially dangerous near streams, culverts and bridges. Also, the faster the water is running, usually means the weaker the ice will be.
- Snow insulates the ice and slows the freezing process. The added weight
  of the snow reduces the strength of the ice. Also, ice that is closer to shore
  is usually weaker than ice farther out.
- Cracking and rumbling ice isn't always bad. The ice expands and contracts as the temperature rises and falls.
- Fish and birds/wildlife can also effect the ice. Schools of fish can bring warm water from the bottom of lakes, and open holes in seemingly thick ice.
- ALWAYS BE CAUTIOUS WHEN YOU ARE ON ICE!

# 7ISHING SEASONS

#### **Early inland trout**

March 7 (5 a.m.) to April 26

#### **General inland trout**

May 2 (5 a.m.) to Sept. 30

#### **General inland fishing**

May 2 to March 6, 2016

#### Largemouth bass northern zone

May 2 to March 6, 2016

### Smallmouth bass northern zone catch and release

May 2 to June 19

#### Smallmouth bass northern zone harvest

June 20 to March 6, 2016

#### Large and smallmouth bass southern zone May 2 to March 6, 2016

Musky - northern zone May 23 to Nov. 30

#### Musky - southern zone

May 2 to Dec. 31

#### Northern pike

May 2 to March 6, 2016

#### Walleye

May 2 to March 6, 2016

#### Lake sturgeon

Sept. 5 to Sept. 30 (hook-and-line)

#### Free fishing weekends

Third Saturday & Sunday in January First Saturday & Sunday in June

\*At the time of publication not all of the 2016 Wisconsin Fishing Seasons were available. Contact www.dnr.wi.gov/ for more information

www.MortonBuildings.com

W1190 American St. • Ixonia, WI

# Operating Watercraft

FOLLOW THESE GUIDELINES TO HELP PREVENT AND PREPARE FOR CAPSIZING, SWAMPING, OR SOMEONE FALLING OVERBOARD.

• Make sure that you and your passengers are wearing lifeJackets while the boat is moving. • Attach the ignition safety
Lanyard to your wrist, clothes, or life Jacket. • Don't allow
anyone to sit on the gun wale, bow, seat backs, motor cover,
or areas not designed for seating. Also, don't let anyone sit
on pedestal seats when craft is not in idle. • Don't overload
your boat. Balance the load of passengers and gear stored
on-board. • Keep your center of gravity low by not allowing
people to stand up or move around while craft is in motion.
• In small boats, don't allow anyone to lean beyond the gunwale. • Turn boat at slow rates of speed. • Secure the anchor
line to the bow, never to the stern. • Don't risk operating
water craft in rough conditions or bad weather.

# Who May Operate a Motorboat

(OTHER THAN A PERSONAL WATERCRAFT)

- For engines 25 horsepower or less:
- Those under age 12 may operate without restrictions.
- FOR ENGINES OVER 25 HORSEPOWER THROUGH 75 HORSEPOWER:
- Those under age 12 must have someone 21 years of age or older on board within reach of the controls.
- For engines over 75 horsepower:
- No CHILDREN UNDER AGE 12 MAY OPERATE, EVEN WITH AN ADULT ON BOARD.
- OTHER RESTRICTIONS APPLY TO BOAT OPERATORS 12 TO 17 YEARS OLD:
- OPERATORS FROM 12 TO 17 YEARS OF AGE MAY OPERATE ENGINES OF 25 HORSEPOWER OR LOWER WITH NO RESTRICTIONS.
- For engines over 25 horsepower:
- OPERATORS 12 TO 17 YEARS OF AGE MUST HAVE: A WATERCRAFT OPERATOR'S PERMIT, OR SOMEONE AGE 21 YEARS OR OLDER OLD ON BOARD WITHIN REACH OF THE CONTROLS.

# All Watercraft Must Have.

- AT LEAST ONE COAST GUARD APPROVED TYPE 1, 2, 3 OR 5 FLOTATION DE-VICE THAT IS THE PROPER SIZE FOR EACH PERSON ON BOARD OR BEING TOWED.
- ALL DEVICES MUST BE IN GOOD CONDITION AND EASILY ACCESSIBLE.
- CHILDREN UNDER AGE IO MUST WEAR A DEVICE WHEN ON BOARD A BOAT THAT IS UNDERWAY UNLESS:

IN AN ENCLOSED CABIN OR BELOW DECK OR ON AN ANCHORED BOAT THAT IS BEING USED FOR SWIMMING OR DIVING OR PASSENGER CRAFT WITH A LICENSED CAPTAIN.

- ALONG WITH THE ABOVE AT LEAST ONE APPROVED TYPE 4 MUST BE ON BOARD BOATS IG FT. OR LONGER (EXCEPT CANOES AND KAYAKS) AND IMMEDI-ATELY AVAILABLE.
- A Coast Guard approved Type 5 device may be substituted for any other Coast Guard approved device if it meets the same requirements and is noted on the label.
- Anyone riding a jet ski or other Personal Water Craft must wear an approved -non inflating flotation device, as well as anyone being towed by a water craft.

# ATV SAFETY

# Bicycle Hand Signals

# Snowmobile Hand Signals

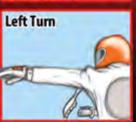

Slowing

Communication is an essential part of safe riding. Hand signals are a practical way to communicate between other riders and traffic.

Be sure to give easy to see and clear hand signals when snowmobiling. Hand signals should never be subtle, but always deliberate.

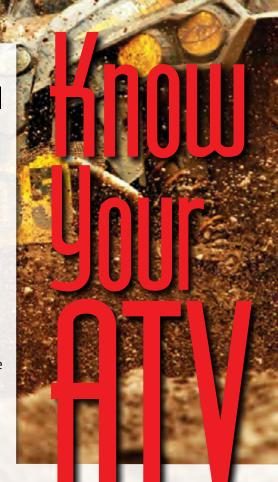

# Read the owner's manual

and know your vehicle thoroughly.

- Check your vehicle before you ride.
- Wear protective equipment and clothing. Don't lend your vehicle to unskilled riders. Supervise young or inexperienced riders. Never carry a passenger on vehicles meant for one rider. Do not operate under the influence of drugs or alcohol. Drive at speeds that are appropriate to trail conditions. Stay to the right on trails.
- Stay away from thin ice, open water and wetlands • Know the weather forecast. • Make sure headlights and taillights work properly. • Maintain safe distances between other riders. • Reduce your speed when riding at night.
- Yield to other motor vehicles and trail users.
   Young or beginning riders are encouraged to take a safety training course.

CBN-BITT

Oncoming

## SNOWMOBILE SAFETY

# De Cautious of Other Bikers

PRIVATE PROPERTY

highways.

Please respect private property and no trespassing signs.
Stay on trails.
Exercise extreme caution on all

lakes and streams. Obey

all state and local laws and ordinances. Do not operate snowmobiles/ATV's on county roads or state

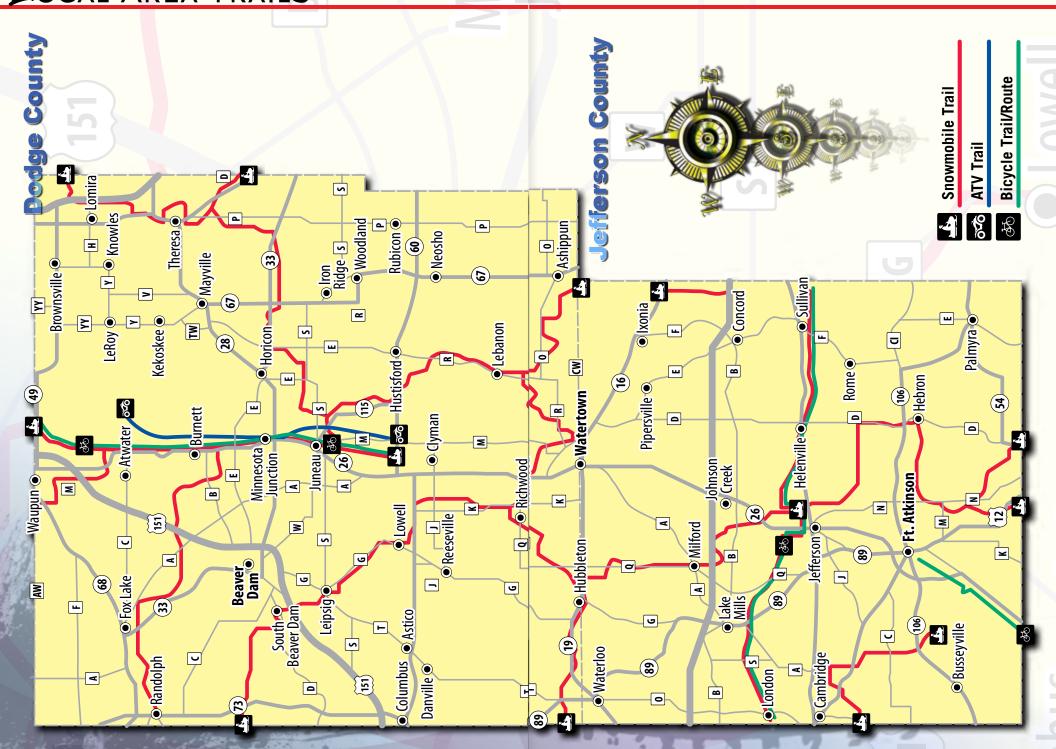

· Always wear a properly fitting bike helmet as most serious injuries are to the head. • Be sure your handlebars, seat and wheels fit snugly. • Keep your bike in good shape by checking and oiling your chain, making sure your brakes work properly and maintaining your tire pressure. • Always ride with both hands on the handlebars except when doing turn signals. • When leaving a driveway, curb or alleyway always stop and check for traffic in both directions. • Cross only at intersections. • Use the crosswalk to walk your bike across busy intersections and follow the traffic signals. • Never ride against traffic. Travel in the same direction as the cars. • Whenever you can, use bike routes and avoid busy streets. • Don't ride near parked cars as doors can open and cause accidents. • Obey all traffic signs and traffic lights. • When biking with friends, ride in a single file. • Always pass other bikers or pedestrians on the left and say "On your left!" to make your presence known. · Always use bicycle hand signals to alert traf-

enforcement officer.

• Do not consume alcohol or take drugs prior to or during your snowmobile trip. Doing so increases your chances of injury or death. Slow down and don't cut to the inside of the trail corners. It's dangerous and illegal. • If you snowmobile at night, don't override your lights. • Always use the buddy system. Never ride off alone. • Drowning is one of the causes of many snowmobile fatalities. Whenever possible, avoid the ice. • Wear sensible, protective clothing designed for operating a snowmobile. • Use a full size helmet, goggles, or visor to prevent injuries from twigs, stones, ice chips and other debris. • Avoid wearing long scarves. They may get caught in moving parts of the snowmobile. • Know the terrain you are going to ride. If unfamiliar to you, ask someone who has traveled over it before. • Know the weather forecast, especially the ice and snow conditions. • Be sure your snowmobile is in top-notch mechanical condition throughout the months of use. • Familiarize yourself with the snowmobile you are driving. Thoroughly read the manual that accompanies the snowmobile. • Do not pursue domestic or wild animals. That is not the conduct of a sportsman. Report such violations to the nearest law

SIOW Down! Snowmobiling is fun. Going to the hospital isn't.

fic of your changing direction.

# 10 Tips for Green humb GARDENING

Don't like all the dirt in your fingernails while you work in the garden? Before you go out, run your fingernails across a bar of soap and you'll effectively seal the undersides of your nails so dirt cannot accumulate. Then, after you are all done gardening, use a toothpick or nailbrush to remove the soap and your nails will be sparkling clean.

Spray vegetable oil on your string trimmer to help prevent jamming or breaking (Treat before installing string in trimmer).

Make a convenient measuring tool out of a long handled garden tool by laying it on the ground next to a tape measure. Use a permanent marker to copy the inches and feet. Next time you are spacing plants you aready have a dual-purpose measuring tool in your hand!

Write the names of your plants (with a permanent marker) on the flat parts of stones of any size and lay them in front of your plants for natural looking markers.

The next time you boil or steam vegetables, use the leftover water to water potted patio plants, and you'll be suprised at how the plants grow with "vege-soup."

You can use leftover tea and coffee grounds to help acidify the soil of acid-loving plants like azaleas, rhododendrons, camellias, gardenias and blueberries. A light sprinkle of about 1/4 of an inch applied once a month will help keep the pH of the soil on the acidic side.

You can use chamomile tea to control damping-off fungus, which often attacks young seedlings quite suddenly. Just add some tea to the soil around the soil of seedlings once a week for healthy plant.

Here is a really quick way to dry out your herbs: Just lay a sheet of newspaper on the seat of your car, arrange the herbs in a single layer, then roll up the windows and shut the car doors. Your herbs will be dry in no time!

Use your blender to grind up egg shells. Just like a mother bird chews up worms for the baby birds making the food easier to digest, grinding eggshells makes it easy for your garden to absorb the calcium egg shells retain.

Animals (cats especially) seem to think all of the hard work you've put into your garden looks like a huge litter box. To keep them from pooping on your basil and other plants, strategically place a few plastic forks around your plants to deter them from destroying your fresh herbs, fruits, and vegetables.

# **NR** LICENSE CENTERS

You can purchase hunting and fishing licenses, cross-country ski passes and snowmobile trail stickers through the Electronic License System.

Online: dnr.wi.gov, Toll Free: 1 (888) 936-7463 or visit one of the ELS agents available throughout your County:

#### FIRST AID FOR BURNS & CHOKING

#### **BURNS**

**For minor 1st and 2nd degree burns smaller than 3" in diameter:** Cool the Burn. Run cool water over the burned area for 5 minutes, or until the pain diminishes. Never put ice on a burn!

#### Bandage the burn with sterile gauze:

It is important to use loosely wrapped gauze. This will avoid pressure and the bandage protects blisters. NEVER put lotions, vaseline, ointments or butter on burn. Do not break any blisters, which can cause infection.

#### Take Aspirin, Ibuprofen, Naproxe<mark>n or Acetaminop</mark>hen to relieve pain:

Minor burns usually heal with these basic treatments. Be aware for signs of infection which may include: increased pain, redness, fever, swelling or oozing. If symptoms develop, seek medical help. Avoid tanning the burned area for at least a year. Protect the area with sunscreen outdoors. Avoid giving aspirin to children.

For 3rd degree burns/all major burns - DIAL 911

DO NOT run cold water over large severe burns - this can cause shock.

DO NOT remove burnt clothing.

Check for signs of breathing/coughing/movement.

If there are no signs of breathing begin CPR.

Elevate burned areas above heart level, if possible.

Cover the burn(s) with cool, sterile, moist bandages, towels or cloth.

#### **CHOKING**

Most people clutch at their throats when choking, an obvious symbol for help. However, if a person isn't giving that signal, be alert for these indications. Inability to talk, difficulty breathing or noisy breathing, inability to cough forcefully, skin/lips/nails turning blue, loss of consciousness.

The Red Cross recommends a "five-and-five" method for first aid: First give five blows between the person's shoulders with the heel of your hand. Second, perform the Heimlich maneuver (abdominal thrusts) five times. Alternate between five back blows and five abdominal thrusts until the blockage is dislodged.

IN AN EMERGENCY, DIAL 911

# N10575 Chief Kuno Trail • Fox Lake (920) 928-3470

Pub and eatery featuring Homemade Pizza,

1/2 pound burgers and a large sandwich menu. Daily specials. Located on beautiful Fox Lake. Outside Tiki bar, outside dining and year round lake access. Open Tues.-Sun. 11 AM to close. Mon. 3 PM to close.
