**(218) 285-5011**  
**careers.packagingcorp.com**  
400 2nd St. • International Falls, MN

- The International Falls facility is the only white paper mill owned by Packaging Corporation of America. The Minnesota mill is a world-class, integrated pulp and paper operation with a 115-year operating history.
- With nearly 600 employees- many fourth generation, some fifth and sixth generations- the mill is the largest employer in Koochiching County. But the mill's impact extends far beyond its technical and family-wage jobs; over 360 contract employees, many of them wood producers, are directly associated with the mill. 100's of millions of dollars of goods and services contribute to the local economy each year.

# Roseau County History

Roseau County was established in 1894 and received an addition from Beltrami county later in 1896. It is named from the Roseau Lake and River which are located in the county. Many early settlers arrived to the area in search of timber and farming land for agriculture. The city of Roseau was named County Seat after its incorporation in 1895. Railroad expansion allowed for development and by 1900 the county saw a growth in industry and businesses. By 1920 Roseau County had a population of 13,305 people. The area has since become a very important spot for passage and trade between the United States and Canada. Today Roseau County is home to approximately 15,911 residents.

**STRATHCONA** – pop. 28

**WARROAD** – pop. 1,656

*\*Populations are approximate.*

# Roseau County Communities

## BADGER

Badger was first settled by J. W. Durham in 1884 and was named after Badger Creek, which flows northwest of the city and is also a tributary to the Roseau River. The first post office was established in 1889 and as railroad lines were constructed, Badger began to thrive. Badger was incorporated as a village in 1906 and businesses were organized to meet the growing needs of the community. The village was later incorporated as a city in 1968. Today Badger is home to approximately 459 residents.

## GREENBUSH

The name of Greenbush is derived from the Ojibwe Indian word “Sha Ach Wah,” which means spruce tree or green bush. Settlers arrived in the 1800s and were mainly of Scandinavian descent. The post office was established in 1892 and the railroad arrived soon after running through the town to Warroad. As the area began to develop, schools, churches, stores, mills and blacksmith shops were built and the area continued to grow. Greenbush officially was incorporated as a city in 1905. Today Greenbush is home to approximately 739 residents.

## ROSEAU (COUNTY SEAT)

Roseau was settled in 1888 and was named like the county for the Roseau Lake and River. The city was platted in 1892 and later incorporated in 1895, the same year the post office was established. Roseau was selected as the county seat and as the railroad was built in 1900, the area continued to develop. Roseau became a gateway to Canada in 1930 and new business and industry made the community prosperous. Roseau later became a commercial entry port to Canada in 1989. The community has become very popular for summer and winter travelers due to its proximity to a variety of lakes. Today Roseau is home to approximately 2,758 residents.

## STRATHCONA

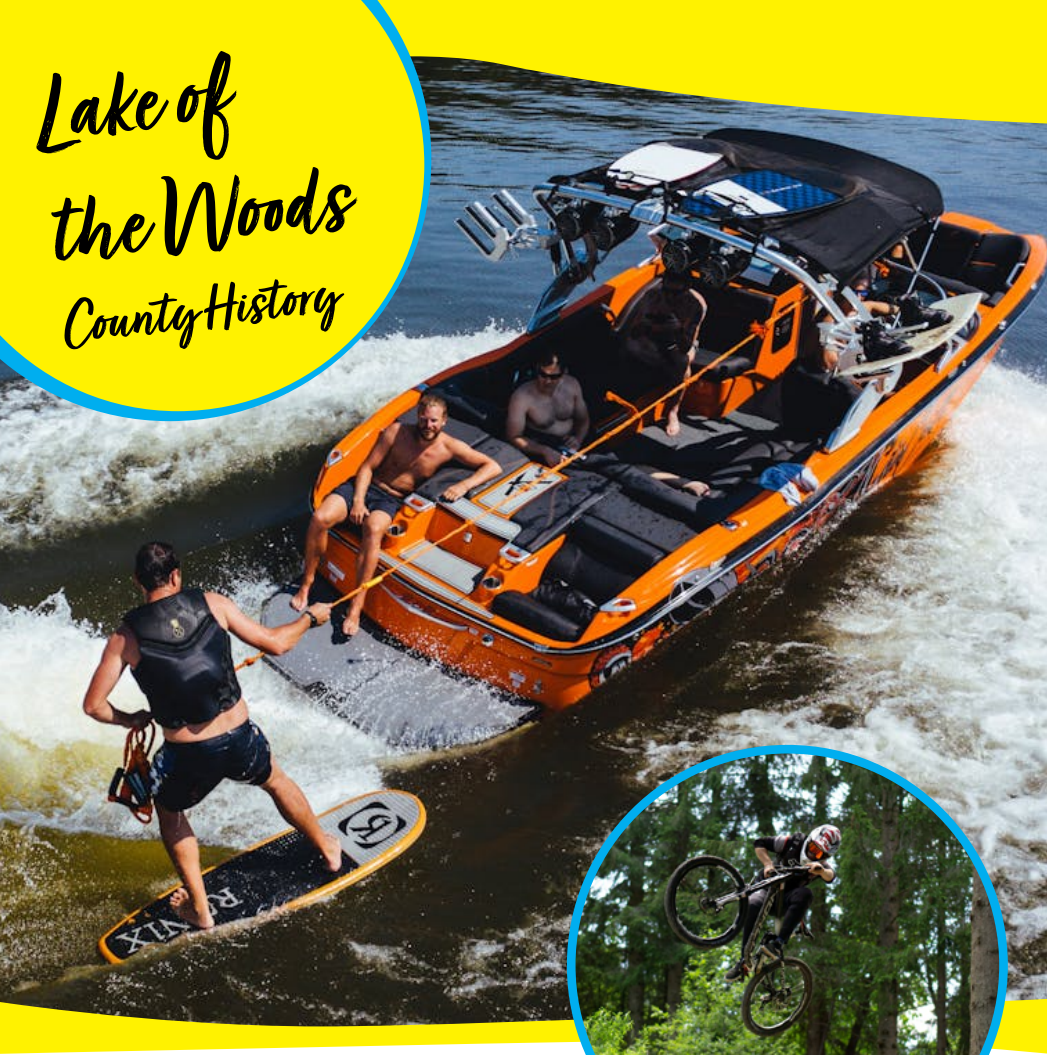

Strathcona was named in honor of Donald Alexander Smith, who later became Baron Strathcona, of Scotland. The first settlers arrived in the area in the late 1890s and Charlie Gunheim, built the first store in the city in 1904. Hans Lerum served as the first postmaster when the post office was established in 1905. As railroads arrived business and industry began to thrive in the community. Today Strathcona is home to approximately 28 residents.

## WARROAD

Warroad was once the largest Chippewa Indian village in the area. The name comes from the area where both the Chippewa and Sioux Indians often fought their wars along the trails of the Warroad River. Early settlement began in the late 1800s and by 1900 Warroad supported strong commercial fishing operations. The community was incorporated in 1901 and a school, churches and businesses were established. As commercial fishing declined in the mid 1900s tourism became the main sustenance for the local economy drawing sport fisherman due to Warroad's location on Lake of the Woods. Today Warroad is home to approximately 1,656 residents.

# Lake of the Woods County History

# Lake of the Woods County Communities

Lake of the Woods County was named after Lake of the Woods as its shores lie to the north of the county and it is also the most northern point of the continental United States. Settlement began in the early 1900s but the area was discovered as early as the late 17th century by French explorers. Most settlers were fur traders or loggers looking for good land for timber and places to trade. As the area grew, residents decided to separate from Beltrami County and form their own. Lake of the Woods County was established in 1922 making it the youngest county in Minnesota. By 1930 Lake of the Woods County had a population of 4,194 people. Today Lake of the Woods County is home to approximately 3,880 residents.

**ANGLE INLET** – pop. 162

**BAUDETTE (COUNTY SEAT)** – pop. 925

**ROOSEVELT** – pop. 161

**WILLIAMS** – pop. 178

*\*Populations are approximate.*

## ANGLE INLET

Angle Inlet is the northern most community located in Minnesota. The townsite was an ideal location for travelers to dock their boats on Lake of the Woods during their journeys between Minnesota and Winnipeg, Canada. The first post office was established in 1936 and Angle Inlet has become a very popular tourist destination and is known for its excellent fishing. Currently the only travel options to Angle Inlet from Minnesota is by boat or plane until Lake of the Woods freezes over in the winter months. Today Angle Inlet is home to approximately 162 residents.

## BAUDETTE (COUNTY SEAT)

Baudette was settled in the early 1880s and was named after Joseph Baudette, a trapper who was also one of the first settlers in the area. The city began as a steamboat landing and lumber town with a sawmill, following the railroad coming through in 1901. A post office was established in 1900 and the city was incorporated as a village in 1907. As the lumber industry grew, Baudette became a hub for business and soon became the most populous city in the area. With the decline of the lumber industry after a forest fire in 1910, agriculture became the largest source of income for the local economy. Baudette was named the county seat of Lake of the Woods County when it was established in 1923. Today Baudette is home to approximately 925 residents.

## ROOSEVELT

Located in both Roseau and Lake of the Woods Counties, Roosevelt was named in honor of Theodore Roosevelt, the 26th president of the United States. Residents were attracted to the nearby Lake of the Woods and a post office was established in 1901, soon after the first settlers arrived. As the railroads arrived in 1904 industry thrived and new businesses, churches and a school were founded. Today Roosevelt is home to approximately 161 residents.

## WILLIAMS

Williams was settled in the early 1900s by pioneers in search of fertile soil. The community was incorporated as a village in 1922 and developed into a railroad shipping center for timber products. The original name for the village was "The Siding" but it was later changed and named in honor of William Mason and George Williams, the first settlers in the area. Today Williams is home to approximately 178 residents.

# Koochiching County History

Koochiching County's name was derived from the Ojibwe Indian word "Koochiching" meaning "at the place of inlets," referring to the neighboring Rainy Lake and River. Many of the first settlers arrived to the area in the 1880s and were fur traders and loggers looking for places to set up camps. With the arrival of the railroad, businesses and industry began to develop and allowed for transportation so new residents could enter the area. The county was officially established in 1906 after it broke off from Itasca County. By 1920 Koochiching County had a population of 13,520 people. Koochiching County has since become a popular tourist destination offering a variety of recreational activities year round. Today Koochiching County is home to approximately 13,128 people.

**NORTHOME** – pop. 207

**RANIER** – pop. 168

*\*Populations are approximate.*

# Koochiching County Communities

## BIG FALLS

Big Falls is named after the Big Fork River which runs through the town and has numerous waterfalls. The area was first settled in the late 1880s and was a popular trading camp for fur traders. By the early 1900s it became a logging community due to the vast amounts of timber and waterways in the area. Railroad lines came in 1905 and with them came a growth in business and industry. Farming developed as timber was cleared from the land and helped the community grow after the decline of the lumber industry. Today Big Falls is home to approximately 236 residents.

## INTERNATIONAL FALLS (COUNTY SEAT)

The community was platted in 1895 by L. A. Ogaard, a teacher and preacher, for the Koochiching Company and named the community Koochiching. The word "Koochiching" is derived from either the Ojibwe word Gojijiing or Cree Kocicikh, both meaning "at the place of inlets." The city was incorporated as a village in 1901 and was later renamed to International Falls because of its location on the border of the United States and Canada. The community was an important area for the lumber industry and offered both Canada and Minnesota a place for business and trade. Lumber mills and dams were erected all over the nearby river and the area became very prosperous and International Falls was incorporated as a city in 1909. Currently the area is often referred to as the coldest city in the continental United States. Today International Falls is home to approximately 5,906 residents.

## LITTLEFORK

Settlers arrived to Littlefork in 1905 and found the region covered with cedar, spruce, balsam, tamarack, and some white pine. Logging led local industry and the area was used as a transportation hub for sending timber to International Falls. Its proximity to the Rainy and Little Fork River helped the area transport timber faster than any other community in the area. With the decline of the lumber industry, Littlefork became very prosperous as a farming community. Today Littlefork is home to approximately 680 residents.

## MIZPAH

Mizpah was first settled in 1900 and the post office was established in 1901. The community was incorporated as a village in 1905 and it was named for the Hebrew word for watchtower. Early industry was centered around logging and many jobs were created as a result. As rail lines were constructed, the area began to grow and business began to thrive. Today Mizpah is home to approximately 71 residents.

## FRANZ JEVNE STATE PARK

MN-11 | Birchdale | (218) 783-6252  
Located on 118 acres near Birchdale, Franz Jevne State Park offers great fishing opportunities on the Rainy River, picnic areas and hiking and nature trails.

## GARDEN ISLAND STATE PARK

3684 54th Ave. NW | Williams | (218) 783-6252  
Located 19 miles north of the southern point of Lake of the Woods, Garden Island State Park is the northern most state park located in Minnesota. The park offers picnic areas, excellent wildlife viewing and fishing opportunities.

## HAYES LAKE STATE PARK

48990 Co. Rd. 4 | Roseau | (218) 425-7504  
Located on 2,950 acres south of Roseau, Hayes Lake State Park features nature trails, a history trail, a bog boardwalk and wildlife viewing opportunities.

## PINE ISLAND STATE FOREST

Big Falls | (651) 296-6157  
Pine Island State Forest encompasses 878,040 acres and is the largest of all the state forests in Minnesota. The Big Bog River Trail runs through the forest and is excellent for canoeing and fishing opportunities. The forest features picnic shelters, nature trails, wildlife viewing opportunities and hunting areas.

## SCENIC STATE PARK

56956 Scenic Hwy. | Bigfork | (218) 743-3362  
Located on 3,360 acres near Bigfork, Scenic State Park features a year round campground, hiking and nature trails, fishing and canoeing opportunities and restroom facilities.

## ZIPPEL BAY STATE PARK

3684 54th Ave. NW | Williams | (218) 783-6252  
Located 16 miles northwest of Baudette on Lake of the Woods, Zippel Bay State Park features fishing opportunities, a swimming beach, camping areas, picnic areas, excellent bird watching opportunities and three miles of snowmobile trails during the winter months.

## Health Benefits of the Outdoors

**Spending time in nature offers numerous benefits for physical, mental, and emotional well-being.**

**Stress Reduction:** Nature has a calming effect on the mind and body, helping to reduce stress levels. The peaceful surroundings, fresh air, and natural beauty can lower cortisol levels, decrease heart rate, and promote relaxation.

**Improved Mental Health:** Being in nature is associated with improved mood and mental health. Studies have shown that spending time outdoors can reduce symptoms of anxiety, depression, and other mental health disorders. Nature provides a sense of tranquility and perspective, which can help alleviate negative thoughts and emotions.

**Increased Physical Activity:** Nature encourages physical activity, whether it's hiking, biking, walking, or simply exploring outdoor spaces. Engaging in outdoor activities promotes exercise, which is essential for maintaining physical health and fitness. Additionally, being in nature often involves exposure to sunlight, which helps the body produce vitamin D and supports overall well-being.

**Enhanced Creativity & Cognitive Function:** Nature stimulates creativity and cognitive function. Research suggests that spending time in natural environments can improve problem-solving skills, boost creativity, and enhance concentration and focus. Nature provides a rich sensory experience that activates different parts of the brain, fostering cognitive development and innovation.

**Connection with the Environment:** Spending time in nature fosters a deeper connection with the environment and promotes environmental stewardship. When people experience the beauty and wonder of nature firsthand, they are more likely to develop a sense of appreciation and respect for the natural world. This connection can lead to greater awareness of environmental issues and a desire to protect and preserve natural habitats for future generations.

**Overall, being in nature offers a multitude of benefits for both physical and mental well-being, making it essential for maintaining a healthy and balanced lifestyle.**

**Boating safety is critical for anyone who operates a boat or spends time on the water. Here are some general boating safety tips to keep in mind:**

- **Wear a life jacket:** Always wear a life jacket while boating. Make sure the life jacket is appropriate for your weight and is U.S. Coast Guard approved.
- **Know the weather:** Check the weather forecast before you go boating and keep an eye on changing conditions. If you notice darkening clouds, rough winds or sudden drops in temperature, get off the water.
- **Use navigation aids:** Use navigation aids like buoys and beacons to help you navigate safely.
- **Maintain your boat:** Keep your boat well-maintained and in good working condition. Make sure all safety equipment is in good condition and functioning properly.
- **Avoid alcohol:** Do not drink alcohol while operating a boat. It is illegal and increases the likelihood of accidents.
- **Watch your speed:** Observe speed limits and maintain a safe speed based on conditions. Remember, slower speeds may be necessary in crowded areas or in inclement weather.
- **Be aware of other boats:** Watch for other boats and be aware of their movements. Always assume other boaters may not see you.
- **Know the rules:** Learn and follow boating safety laws and regulations. This includes rules for navigation, safety equipment, and right-of-way.
- **File a float plan:** Always let someone know where you are going and when you plan to return. File a float plan with a trusted person or a marina.
- **Take a boating safety course:** Consider taking a boating safety course to improve your skills and knowledge.

**By following these general boating safety tips, you can reduce the likelihood of accidents and enjoy a safe and enjoyable time on the water.**

# YOUR Help is NEEDED!

Do  
**NOT**  
Transport  
Invasive:  
• Fish  
• Invertebrates  
• Aquatic Plants

## CLEAN. DRAIN. DISPOSE.

**KNOW THE LAW! YOU MAY NOT...**

- TRANSPORT WATERCRAFT WITHOUT REMOVING THE DRAIN PLUG.
- ARRIVE AT LAKE ACCESS WITH DRAIN PLUG IN PLACE.
- TRANSPORT AQUATIC PLANTS, ZEBRA MUSSELS, OR OTHER PROHIBITED SPECIES ON ANY ROADWAY.
- LAUNCH A WATERCRAFT WITH PROHIBITED SPECIES ATTACHED.
- TRANSPORT WATER FROM LAKES OR RIVERS.
- RELEASE BAIT INTO THE WATER.

# Mosquitoes

## Prevention & Health Risks

### A MOSQUITO FREE YARD

Create an environment in your yard that invites animals that like to eat mosquitoes. Some things that enjoy eating mosquitoes are:

- Bats • Frogs • Fish • Turtles • Birds • Dragonflies

To help repel mosquitoes, plant some of the different vegetation listed:

- Citronella • Geranium • Eucalyptus • Rosemary • Basil • Anise • Mint • Marigolds • Catnip • Wormwood • Tansy • Lavender • Cedar • Cloves

Don't have stagnant water sitting around in things like buckets or tires.

### BE SAFE WHILE OUTDOORS

When a mosquito bites you it can leave saliva in your body. If the mosquito is infected it can transfer diseases to you. A few of the more common diseases transmitted to people are:

- Dengue • Encephalitis • Malaria • Yellow Fever.

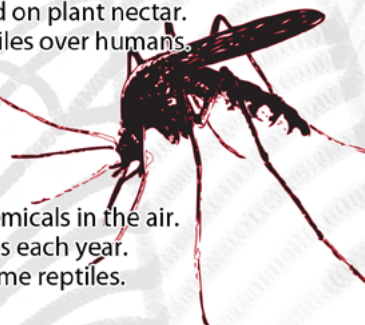

Mosquitoes can also transmit diseases to animals. A couple of these diseases are:

- Heartworm (mostly to dogs & cats) • Encephalitis.

To reduce your chance of getting a disease from mosquitoes you can, apply mosquito repellent to your skin and clothing.

### RANDOM MOSQUITO FACTS

- More than 3,000 different mosquito species can be found around the world.
- There are around 50 different mosquito species in the Upper Midwest.
- Female mosquitoes feed on blood. Male mosquitoes feed on plant nectar.
- Some mosquito species prefer to feed on animals or reptiles over humans.
- All mosquitoes need water to complete their life cycle.
- One female mosquito can lay over 200 eggs at one time.
- Mosquito larvae only need a week in water to hatch.
- Mosquito eggs can survive for more than five years.
- Mosquitoes can fly around 1 to 2 mph.
- Mosquitoes find food by sight, infrared radiation and chemicals in the air.
- Around 1,000 Americans get ill or die from mosquito bites each year.
- Mosquitoes are a huge food source for birds, bats and some reptiles.

# TICKS

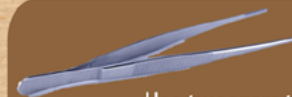

## Diseases & Prevention

You can get a tickborne disease if you are bitten by a tick that is infected • Tickborne diseases are increasing throughout the United States. • Personal protection methods can help reduce the odds of a tick bite while enjoying the outdoors

### Some symptoms of a tickborne disease

- Many tickborne diseases have similar symptoms
  - Symptoms usually show up within 2-4 weeks of being bitten
- Watch for symptoms like:

- Rash
- Fever
- Headache
- Fatigue
- Muscle or joint aches

### Tick Removal

Prompt tick removal is important.

Use tweezers to grasp the tick close to its mouth. Gently and slowly pull the tick straight outward.

Do not squeeze the ticks' body.

Wash the area and apply an antiseptic to the bite.

Watch for early signs and symptoms of a tickborne disease. Don't use folk remedies like Petroleum Jelly or a burnt match.

Blacklegged Tick Coverage

American Dog Tick Coverage

Lone Star Tick Coverage

Blacklegged (Deer) Tick  
Lyme disease  
Anaplasmosis  
Babesiosis  
Ehrlichiosis  
Powassan virus disease

American Dog (Wood) Tick  
Rocky Mountain Spotted Fever  
Tularemia

Lone Star Tick  
Ehrlichiosis  
Tularemia  
Heartland virus disease  
Southern Tick-Associated Rash Illness (STARI)

### Protect Yourself from Tickborne Diseases

**1-Know when and where you're at risk**

- Primarily Mid-May through Mid-July
- Wooded and brushy areas – Blacklegged Tick
- Grassy or wooded areas – American Dog Tick

**2-Wear EPA-registered tick repellent**

- DEET 20-30% on skin or clothing
- Permethrin 0.5% on clothing

**3-Check yourself for ticks**

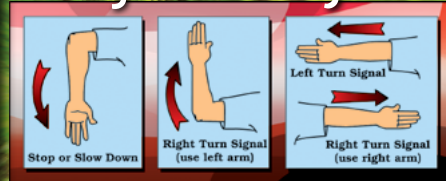

- Shower after being outdoors
- Check at least once a day
- Remove ticks ASAP!

# Be Aware of your Surroundings

- Always wear a properly fitting bike helmet as most serious injuries are to the head.
- Be sure your handlebars, seat and wheels fit snugly.
- Keep your bike in good shape by checking and oiling your chain, making sure your brakes work properly and maintaining your tire pressure.
- Always ride with both hands on the handlebars except when doing turn signals.
- When leaving a driveway, curb or alleyway always stop and check for traffic in both directions.
- Cross only at intersections.
- Use the crosswalk to walk your bike across busy intersections and follow the traffic signals.
- Never ride against traffic. Travel in the same direction as the cars.
- Whenever you can, use bike routes and avoid busy streets.
- Don't ride near parked cars as doors can open and cause accidents.
- Obey all traffic signs and traffic lights.
- When biking with friends, ride in a single file.
- Always pass other bikers or pedestrians on the left and say "On your left!" to make your presence known.
- Always use bicycle hand signals to alert traffic of your changing direction.

## Bicycle Hand Signals

# Drink lots of Water!

# Know Your ATV

## Read the owner's manual

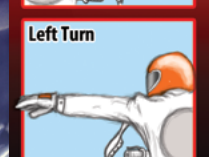

and know your vehicle thoroughly. • Check your vehicle before you ride. • Wear protective equipment and clothing. • Don't lend your vehicle to unskilled riders. • Supervise young or inexperienced riders. • Never carry a passenger on vehicles meant for one rider. • Do not operate under the influence of drugs or alcohol. • Drive at speeds that are appropriate to trail conditions. • Stay to the right on trails. • Stay away from thin ice, open water and wetlands. • Know the weather forecast. • Make sure headlights and taillights work properly. • Maintain safe distances between other riders. • Reduce your speed when riding at night. • Yield to other motor vehicles and trail users. • Young or beginning riders are encouraged to take a safety training course.

# SNOWMOBILE SAFETY

- Do not consume alcohol or take drugs prior to or during your snowmobile trip. Doing so increases your chances of injury or death.
- Slow down and don't cut to the inside of the trail corners. It's dangerous and illegal.
- If you snowmobile at night, don't override your lights.
- Always use the buddy system. Never ride off alone.
- Drowning is one of the causes of many snowmobile fatalities. Whenever possible, avoid the ice.
- Wear sensible, protective clothing designed for operating a snowmobile.
- Use a full size helmet, goggles, or visor to prevent injuries from twigs, stones, ice chips and other debris.
- Avoid wearing long scarves. They may get caught in moving parts of the snowmobile.
- Know the terrain you are going to ride. If unfamiliar to you, ask someone who has traveled over it before.
- Know the weather forecast, especially the ice and snow conditions.
- Be sure your snowmobile is in top-notch mechanical condition throughout the months of use.
- Familiarize yourself with the snowmobile you are driving. Thoroughly read the manual that accompanies the snowmobile.
- Do not pursue domestic or wild animals. That is not the conduct of a sportsman. Report such violations to the nearest law enforcement officer.

## Snowmobile Hand Signals

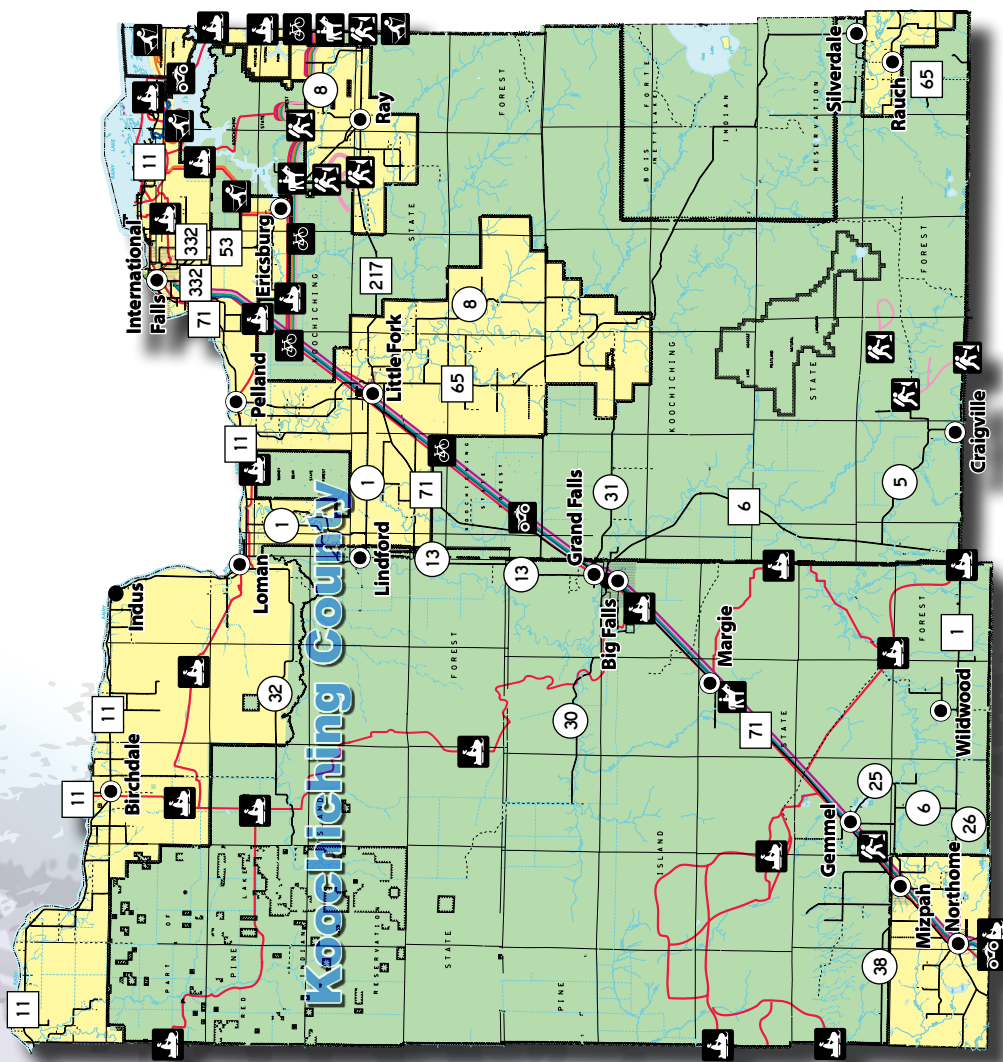

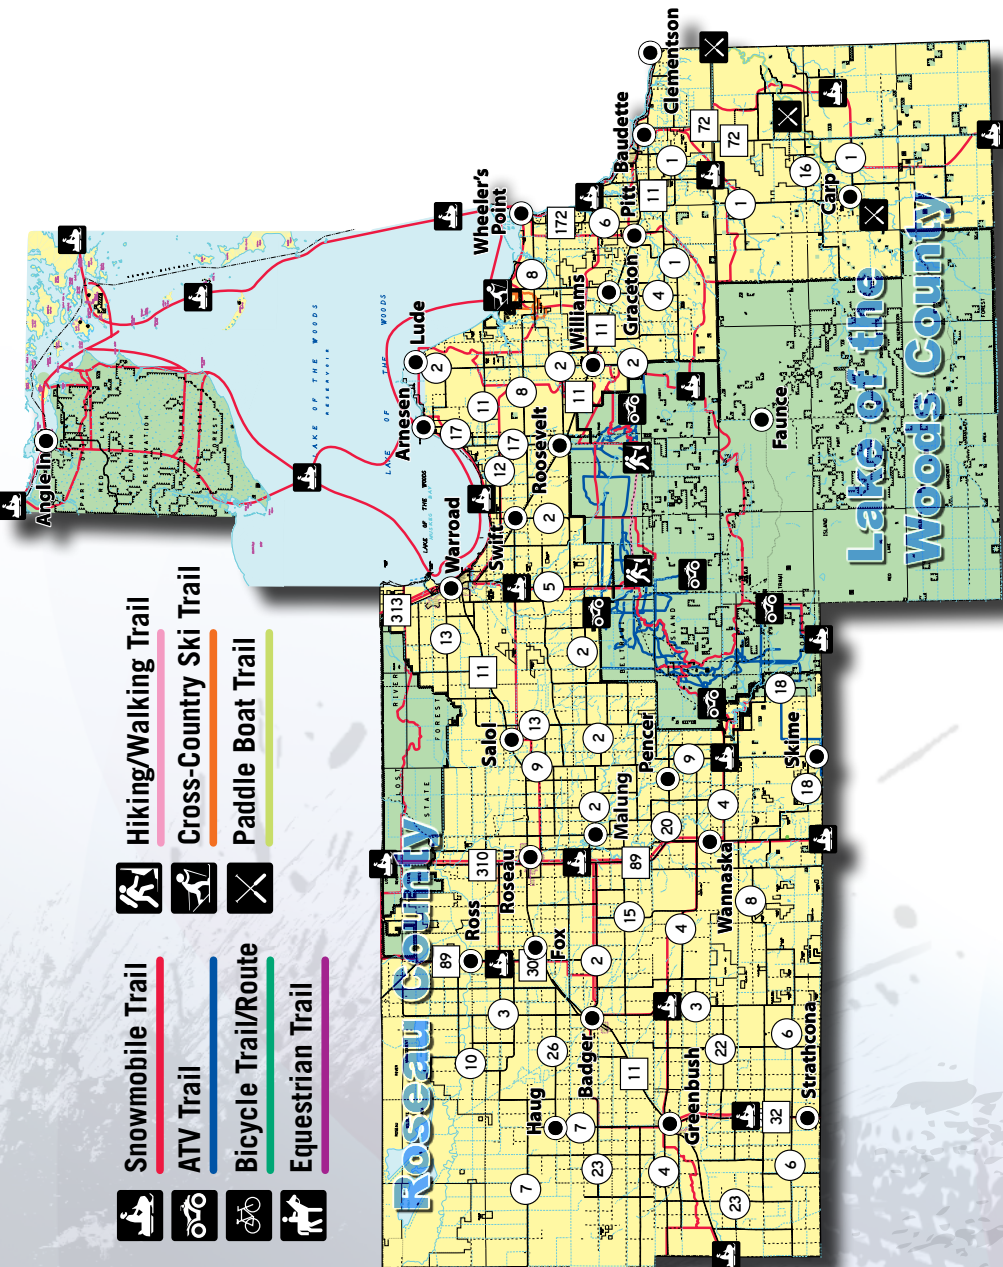

Communication is an essential part of safe riding. Hand signals are a practical way to communicate between other riders and traffic. Be sure to give easy to see and clear hand signals when snowmobiling. Hand signals should never be subtle, but always deliberate.

**PRIVATE PROPERTY**  
**NO TRESPASSING**

Please respect private property and no trespassing signs. Stay on trails. Exercise extreme caution on all lakes and streams. Obey all state and local laws and ordinances. Do not operate snowmobiles/ATVs on county roads or state highways.

# LOCAL AREA TRAILS

Disc golf or frisbee golf is played a lot like traditional ball golf but instead of hitting a ball with a club into a hole the player throws a frisbee into a basket. Disc golf can be played by just about anyone at any age. It's also a cheap sport to get into. Specialized frisbees for disc golf cost around \$10-\$15 and a lot of courses are free. Playing disc golf is a great way to get out for some exercise, enjoy nature and have some fun.

# Barbecue

## BARBECUE DO'S:

- use proper barbecue equipment and tools, such as a grill, tongs, and spatulas.
- preheat your grill before placing any food on it.
- marinate your meat before cooking to enhance the flavor.
- keep a close eye on your food while grilling to prevent overcooking or burning.
- use a meat thermometer to ensure that your meat is cooked to the correct internal temperature.
- let your meat rest for a few minutes before slicing or serving to allow the juices to redistribute.
- keep your grill and utensils clean to prevent any foodborne illness.

## BARBECUE DON'TS:

- use lighter fluid to start your grill. Instead, use a chimney starter or electric starter.
- overcrowd your grill. Leave enough space between the pieces of meat to ensure even cooking.
- use a fork to flip your meat. Piercing the meat can cause it to lose its juices and become dry.
- baste your meat with sugary sauces too early in the cooking process, as it can burn and create a bitter taste.
- leave cooked meat out in the sun for too long, as it can spoil quickly.
- assume that meat is fully cooked by its color. Always use a meat thermometer to check the internal temperature.
- leave your grill unattended while it's still hot. Always make sure to properly cool it down before leaving it.

# HONEY Glazed CHICKEN

Simple meal with a *Gourmet* Feel

## INSTRUCTIONS

- 1 Preheat the oven to 375°F (190°C).
- 2 In a small bowl, whisk together the honey, soy sauce, olive oil, apple cider vinegar, garlic, salt, and pepper.
- 3 Place the chicken breasts in a baking dish and pour the honey glaze over the chicken, making sure it's evenly coated.
- 4 Bake in the preheated oven for 25-30 minutes, or until the chicken is cooked through and no longer pink in the center.
- 5 After 15 minutes of baking, remove the chicken from the oven and brush the remaining honey glaze over the chicken. Return the chicken to the oven and continue baking.
- 6 Once done, remove from the oven and let rest for a few minutes before serving.
- 7 You can garnish with sesame seeds and chopped green onions if you like.

## INGREDIENTS

- 4 boneless, skinless chicken breasts
- 1/2 cup honey
- 1/4 cup soy sauce
- 2 tablespoons olive oil
- 2 tablespoons apple cider vinegar
- 2 garlic cloves, minced
- Salt and pepper to taste

Enjoy your delicious  
honey glazed chicken!

PREP: 10 MIN • TOTAL: 40 MIN

# So, You have decided to get a pet... NOW WHAT??

**Commitment and Time:** Owning a pet is a long-term commitment. Before bringing a pet home, consider your lifestyle and ensure you have enough time to spend with your pet. Dogs, cats, and many other animals require attention, exercise, and mental stimulation.

**Choose the Right Pet for Your Lifestyle:** Different pets have varying needs, temperaments, and activity levels. Research and select a pet that fits well with your lifestyle, living situation, and family dynamics. Whether you choose a dog, cat, bird, fish, or any other animal, make sure you can provide for its specific needs.

**Proper Nutrition:** Feed your pet a balanced and nutritious diet suitable for their species and age. Consult with a veterinarian to determine the best food options for your pet's health and well-being.

**Regular Exercise:** Most pets need regular physical activity to stay healthy and happy. Engage in playtime and exercise with your pet daily, as it helps prevent obesity and provides mental stimulation.

**Routine Veterinary Care:** Schedule regular check-ups with a veterinarian to monitor your pet's health, get necessary vaccinations, and address any concerns. Early detection of health issues can often lead to better outcomes.

**Spaying/Neutering:** Consider spaying or neutering your pet if you don't plan on breeding. This helps control the pet population and can have health benefits for your pet.

**Training and Socialization:** Properly train your pet to follow basic commands and have good manners. Socialize them with other animals and people from a young age to prevent behavioral issues later on.

**Provide a Safe Environment:** Ensure that your home and yard are safe for your pet. Remove hazards, keep toxic substances out of reach, and provide appropriate shelter from extreme weather conditions.

**Grooming:** Regular grooming is essential for most pets. Brush their fur, trim nails, and clean their ears as needed to keep them comfortable and healthy.

**Identification and Microchipping:** Keep identification tags with your current contact information on your pet's collar. Consider microchipping your pet as an extra measure to ensure they can be identified if lost.

**Love and Attention:** Pets thrive on love and attention from their owners. Spend quality time with your pet, provide affection, and build a strong bond.

**Respect and Understanding:** Learn to understand your pet's body language and behavior. Respect their boundaries and feelings, and avoid forcing them into uncomfortable situations.

**Patience and Forgiveness:** Pets, especially young ones, can be mischievous or have accidents. Be patient with them during the training process and forgive any mistakes they make along the way.

**Emergency Preparedness:** Have a plan in place for emergencies, including natural disasters. Know how to evacuate with your pet safely if needed.

*If you have just rescued / adopted a new fur baby, please it is important to remember the 3-3-3 RULE:*

## 3 Days:

In the first 3 days being in its new home, they will be feeling overwhelmed, scared & unsure of what is going on. They may also be uncomfortable being "themselves", and may not want to eat or drink. They may want to "shut down" or hide under a bed or in a crate, and they will test boundaries.

## 3 Weeks:

At this point, they may be a lot more comfortable & settling in. Learning a new routine can be overwhelming, so please be patient. By now they may have figured out the new environment & accepted that this may be their FURever home. Their personality traits will start to show, as well as any behavior issue that may be present.

## 3 Months:

For most fur babies, 3 months is enough time to finally be comfortable and begin to build trust and a true bond. A sense of security may be present & a set routine will help this process.

Please know that this is not the rule with every rescued or adopted pet, as some may need 6 months to a year to adjust & adapt, depending on MANY factors. Age of animal, what type of an environment did they come from?

## DOG FRIENDLY PARKS
