MONARCH HEALTH GARE MANAGEMENT

## SIBLEY COUNTY HISTORY

Sibley County was named in honor of General Henry Hastings Sibley, the first governor of Minnesota. Sibley County was officially organized in 1853 and Henderson

was first selected as the county seat. As the railroad arrived, Sibley County continued to grow and cities were founded near railway junctions and lakes and streams. Businesses were established and the area began to develop. The county seat was moved to Gaylord in 1915 and the population of Sibley County reached 16,862. Today Sibley County is home to approximately 14,954 residents.

## SIBLEY COUNTY COMMUNITIES

#### ARLINGTON

Arlington was settled in 1855 and streets were platted in 1856. As the railroad arrived in 1881, Arlington continued to grow and businesses were established. The community was incorporated in 1948 and continues to thrive. Today Arlington is home to approximately 2,028 residents.

#### GAYLORD (COUNTY SEAT)

Once home to Sioux Indians, Gaylord was settled in the late 1800s near Lake Titloe. Attracted to the ample natural resources, settlers began to stake land claims and the first permanent resident was Fred Kahlow, Sr in 1853. The community was named in honor of Edward W. Gaylord, a railway engineer, and the city became the county seat in 1915. Today Gaylord is home to approximately 2,123 residents.

#### GIBBON

Gibbon was first settled in 1865 and named in honor of General John Gibbon of the Civil War. In 1895 Gibbon City Hall was constructed and by 1900, the community housed saloons, grocery stores and specialty shops with a population reaching 545. It hosted one of the largest Polka Festivals in the United States for many years and was featured on Garrison Keillor's "Prairie Home Companion Show." Today Gibbon is home to approximately 738 residents.

#### **GREEN ISLE**

First settled in 1857, Green Isle was platted in 1881. The community was named by Christopher Dolan, in honor of the "Emerald Isle" of Ireland. As residents were attracted to the shores of Lake Erin, the community began to grow. Today Green Isle is home to approximately 435 residents.

#### HENDERSON

Founded in 1852 and platted by Joseph R. Brown in 1855, Henderson was named by Brown in honor of his parents, Mr. and Mrs. Andrew Henderson. A newspaper was established in 1857 and Henderson began to grow. The community was incorporated as a city in 1891 and remained the county seat until 1915 when it was moved to Gaylord. Today Henderson is home to approximately 918 residents.

#### **NEW AUBURN**

New Auburn was first settled in 1855 and streets were platted in 1856. Settlers were attracted to the ample natural resources and nearby High Island Lake. New Auburn was named after Auburn, New York and remains a quiet, close-knit community. Today New Auburn is home to approximately 502 residents.

#### WINTHROP

Winthrop, named by the railway company, was settled in the late 1800s. Incorporated as a city in 1910, Winthrop has become widely recognized as the "Grackle City of the World." It is the childhood home of WCCO Radio's Roger Erickson and the "Pie Ladies of Winthrop," Mina Peterson and Karen Melius of Lyle's Cafe. Today Winthrop is home to approximately 1,256 residents.

### VICOLLET COUNTY HISTORY

County was named after the French explorer, Joseph N. Nicollet. Attracted to the abundant farmland, forests and streams, settlers

arrived to stake land claims after the signing of the Treaty of Traverse des Sioux. Townships were platted by 1855 and St. Peter was voted as the county seat in 1858. 15 school districts were organized throughout Nicollet County by 1859 and local businesses began to thrive. In 1868 the railroad arrived and communities were established near rail lines and nearby lakes and rivers. Today Nicollet County is home to approximately 32,027 residents.

#### **CITIES:**

COURTLAND - pop. 617 LAFAYETTE - pop. 515 MANKATO - pop. 36,245 NICOLLET - pop. 1,074 NORTH MANKATO - pop. 12,530 ST. PETER (COUNTY SEAT) - pop. 10,971

## VICOLLET COUNTY COMMUNITIES

#### COURTLAND

Settlers arrived to Courtland in 1855 and the area was first known as Hilo. A year later, a post office was established with William Duprey as the first postmaster. By 1882, general stores, a hotel, grain elevator and specialty shops were built. The community was incorporated in 1892 and named after a city in New York. Today Courtland is home to approximately 617 residents.

#### LAFAYETTE

Settled in the mid 1800s, Lafayette began as an agricultural community. As the railroad arrived, Lafayette began to grow and homes and businesses were constructed. Tippi Hedren, of Alfred Hitchcock's The Birds, was born here. Today Lafayette is home to approximately 515 residents.

#### NICOLLET

Once home to Sioux Indians, Nicollet was originally known as Eureka. With the signing of the Treaty of Traverse des Sioux, land was opened for settlement. A post office was established in 1855 and a year later, Eureka was renamed Nicollet. As the railroad arrived, Nicollet began to thrive and streets were platted by James H. Stewart and Walter L. Brackenridge in 1874. Today Nicollet is home to approximately 1,074 residents.

#### ST. PETER (COUNTY SEAT)

In 1853, Captain William Begelow Dodd claimed land and established a settlement called Rock Bend. A year later, Daniel L. Turpin surveyed and platted the community. With the signing of the Traverse des Sioux Treaty, lands were claimed by settlers. Rock Bend was renamed St. Peter by, St. Paul businessmen and an unsuccessful attempt was made in 1857 to move the Minnesota Capital to St. Peter. In 1858 St. Peter was voted as the county seat for Nicollet County and St. Peter has continued to grow. Today St. Peter is home to approximately 10,971 residents.

## BLUE EARTH COUNTY HISTORY

Once occupied by Dakota Indians, Blue Earth County was settled in the 1850s. The name Blue Earth translates from an Indian word, Mahkato, due to the blue-green clay found within the area. As the

Treaty of Traverse des Sioux was signed in 1851, land was available for settlement and the county was officially organized in 1853. Early industry included agriculture and milling, utilizing the Minnesota River for power as well as transportation. As the railroad arrived in 1868, the population of Blue Earth County grew dramatically. Towns were established near rail stations and Mankato was voted as the county seat. Blue Earth County is home to approximately 69,000 residents.

#### AMBOY

Settlers arrived to the Amboy area in the mid 1800s. Founded in 1879, Amboy grew as a farming community. A schoolhouse was constructed in 1881 and general stores were built. As the railroad arrived, Amboy began to thrive and the community was incorporated in 1887. Amboy, meaning bowl or hollow, was named after a city in Illinois by Robert Richardson, Amboy's first postmaster. Today Amboy is home to approximately 537 residents.

#### EAGLE LAKE

Platted by Freeman A. Cate in 1872, Eagle Lake was named after the many bald eagles found off the shores of the nearby lake. With the construction of rail lines, Eagle Lake became recognized as the county's lumber center. In 1902 Eagle Lake was officially incorporated and the community continued to grow. Today Eagle Lake is home to approximately 2,285 residents.

#### LAKE CRYSTAL

Lake Crystal was settled in the mid 1800s and incorporated in 1870. Settlers were attracted to the fertile soil and nearby water. Once known as Loon Lake, Gen. Judson W. Bishop renamed the community after the clear and spectacular waters of the nearby lake. In 1995 residents of Lake Crystal celebrated a 125 year anniversary of the founding of the community. Today Lake Crystal is home to approximately 2,598 residents.

#### MANKATO (COUNTY SEAT)

Named Mahkato by Dakota Sioux Indians, meaning greenish blue earth, until a spelling error made the city Mankato. The community was first settled in 1852 by Parsons K. Johnson and Henry Jackson after the signing of the Treaty of Traverse des Sioux. The community was voted as Blue Earth's county seat and the community grew quickly. As the railroad arrived in 1868, Mankato became a major transportation hub. Residents experienced great industrial growth between 1880 and 1890 and the city was officially incorporated in 1898. Today Mankato is home to approximately 36,245 residents.

#### MAPLETON

Upon the signing of the Treaty of Traverse des Sioux, land near Mapleton was opened for settlement. Attracted to the rich farmland, settlers arrived and the community was platted. General stores, post office and a school were built to accommodate the growing needs of the community. Mapleton is the site of the Lucas Troendle House, built in 1890, which can be visited today. Today Mapleton is home to approximately 1,658 residents.

#### NORTH MANKATO

North Mankato is a city in Nicollet and Blue Earth counties. Originally inhabited by Dakota Indians, North Mankato was settled in the 1850s. Pioneers were attracted to the ample natural resources and fertile soil. In 1880 the first bridge was constructed across the Minnesota River, connecting Mankato to North Mankato. Both cities formed a partnership and the area began to thrive as industry flourished. North Mankato was incorporated in 1898 and has continued to grow. Today North Mankato is home to approximately 12,530 residents.

#### **VERNON CENTER**

Founded by Col. Benjamin F. Smith and Benjamin McCraken, Vernon Center was platted in 1856. As the railroad arrived in 1879, businesses were established including grain elevators, lumberyard, general store, butcher shop, post office and blacksmith shops. Originally known as Edgewood, Vernon Center was incorporated in 1899. In 2006 residents of Vernon Center celebrated the community's 150 year anniversary. Today Vernon Center is home to approximately 330 residents.

## So, You want to adopt a dog...BUT WHAT BREED? If the breed is important to you, please consider the following.

• Lifestyle Assessment: Consider your lifestyle and daily routine. Different dog breeds have varying exercise needs, energy levels, and temperament. If you lead an active lifestyle and enjoy outdoor activities, a more energetic breed might be a good fit. If you prefer a more laid-back lifestyle, a calmer breed might be more suitable.

• Living Space: Assess your living space. If you live in a small apartment or have limited outdoor space, a smaller or low-energy breed might be more appropriate. Larger and more active breeds might require more space and access to a yard for exercise.

• Allergies: Consider any allergies that you or your family members might have. Some dog breeds are more hypoallergenic and produce fewer allergens, making them better choices for allergy sufferers.

• **Time Commitment:** Evaluate the time you can dedicate to training, grooming, and general care. Some breeds require more training and grooming, while others are relatively low-maintenance.

• Family and Children: If you have young children or other pets, look for breeds known for their compatibility with kids and other animals. Some breeds are more patient and gentle, making them better companions for families.

• **Temperament and Personality:** Research the typical temperament

and personality traits of different breeds. Some breeds are more independent, while others are highly affectionate and crave attention. Consider what type of personality would best complement your own.

• Health Considerations: Some breeds are more prone to certain health issues. Research the common health concerns for the breeds you are interested in and be prepared for potential medical expenses.

• **Rescue or Purebred:** Decide if you want to adopt a dog from a shelter or rescue organization or if you prefer a specific purebred dog. Both options have their merits, and there are wonderful dogs available in both categories.

• **Meet the Breed:** If possible, spend time with dogs of the breeds you are considering. Attend dog shows or local events where you can interact with different breeds and get a sense of their personalities.

• **Talk to Experts:** Consult with veterinarians, breeders, or experienced dog owners to gather insights into specific breeds. They can provide valuable information about breed characteristics, care requirements, and potential challenges.

• **Consider Adoption:** Keep in mind that adopting a mixed-breed dog or a dog from a shelter can be incredibly rewarding. Mixed-breed dogs often combine the best traits of different breeds and can make excellent companions.

Disc golf or frisbee golf is played a lot like traditional ball golf but instead of hitting a ball with a club into a hole the player throws a frisbee into a basket. Disc golf can be played by just about anyone at any age. It's also a cheap sport to get into. Specialized frisbees for disc golf cost around \$10-\$15 and a lot of courses are free. Playing disc golf is a great way to get out for some exercise, enjoy nature and have some fun.

## HUNTING SEASONS

For general information on firearm safety training call: 1 (888) 646-6367 or (651) 296-6157. Contact the MN DNR for specific zone areas/dates: Online: www.dnr.state.mn.us, Toll Free: 1 (888) 665-4236. You can purchase hunting and fishing licenses by phone: 1 (888) 665-4236.

## ICE SAFETY GUIDELINES:

ICE THAT IS 2" OR LESS IS UNSAFE TO WALK ON. STAY AWAY FROM THIN ICE! IS OKAY TO WALK ON OR

ICE THAT IS 6" OR MORE IS OKAY TO DRIVE IC SNOWMOBILES OR ATV'S ON IS C

ICE THAT IS 12" OR MORE IS OKAY TO DRIVE SMALL CARS ON ICE THAT IS 15"

**OR MORE** 

IS OKAY TO DRIVE

**MEDIUM SIZED** 

TRUCKS ON

15″

#### THERE IS NO SUCH THING AS 100% SAFE ICE!!!

• Ice always forms unevenly. It can be 2 feet thick in one spot, and just a few inches thick a couple feet away.

• The most dangerous ice is formed over flowing water. It's especially dangerous near streams, culverts and bridges. Also, the faster the water is running, usually means the weaker the ice will be.

• Snow insulates the ice and slows the freezing process. The added weight of the snow reduces the strength of the ice. Also, ice that is closer to shore is usually weaker than ice farther out.

• Cracking and rumbling ice isn't always bad. The ice expands and contracts as the temperature rises and falls.

• Fish and birds/wildlife can also effect the ice. Schools of fish can bring warm water from the bottom of lakes, and open holes in seemingly thick ice.

#### ALWAYS BE CAUTIOUS WHEN YOU ARE ON ICE!

22 - SIBLEY, NICOLLET & BLUE EARTH · RESIDENT GUIDE

Boating safety is critical for anyone who operates a boat or spends time on the water. Here are some general boating safety tips to keep in mind:

6 1

Always wear a life jacket while boating. Make sure the life jacket is appropriate for your weight and is U.S. Coast Guard approved. Check the weather forecast before you go boating and keep an eye on changing conditions. If you notice darkening clouds, rough winds or sudden drops in temperature, get off the water. • Use navigation aids: Use navigation aids like buoys and beacons to help you navigate safely. • Maintain your boat: Keep your boat well-maintained and in good working condition. Make sure all safety equipment is in good condition and functioning properly. • Avoid alcohol: Do not drink alcohol while operating a boat. It is illegal and increases the likelihood of accidents. • Watch your speed: Observe speed limits and maintain a safe speed based on conditions. Remember, slower speeds may be necessary in crowded areas or in inclement weather. - Be aware of oth Watch for other boats and be aware of their movements. Always assume other boaters may not see you. • Know the rules: Learn and follow boating safety laws and regulations. This includes rules for navigation, safety equipment, and right-of-way. Always let someone know where you are going and when you plan to return. File a float

plan with a trusted person or a marina. - Take a boating safety course: Consider taking a boating safety course to improve your skills and knowledge.

By following these general boating safety tips, you can reduce the likelihood of accidents and enjoy a safe and enjoyable time on the water.

## YOUR Help is NEEDED!

Do NOT Transport Invasive: • Fish • Invertebrates • Aquatic Plants

## CLEAN. DRAIN. DISPOSE.

#### KNOW THE LAW! YOU MAY NOT ...

- TRANSPORT WATERCRAFT WITHOUT REMOVING THE DRAIN PLUG.
- ARRIVE AT LAKE ACCESS WITH DRAIN PLUG IN PLACE.
- TRANSPORT AQUATIC PLANTS, ZEBRA MUSSELS, OR OTHER PROHIBITED SPECIES ON ANY ROADWAY.
- LAUNCH A WATERCRAFT WITH PROHIBITED SPECIES ATTACHED.
- TRANSPORT WATER FROM LAKES OR RIVERS.
- RELEASE BAIT INTO THE WATER.

## BICYCLE SAFETY

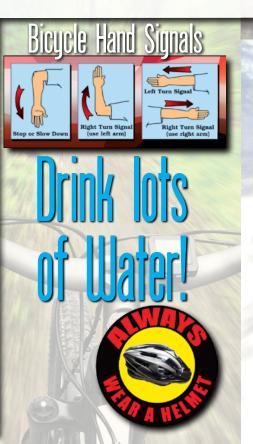

# Be Aware of your Surroundings

## ATV SAFETY

#### Read the owner's manual

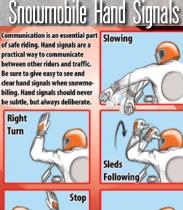

and know your vehicle thoroughly. • Check your vehicle before you ride. • Wear protective equipment and clothing. • Don't lend your vehicle to unskilled riders. • Supervise young or inexperienced riders. • Never carry a passenger on vehicles meant for one rider. • Do not operate under the influence of drugs or alcohol. • Drive at speeds that are appropriate to trail conditions. • Stay to the right on trails. • Stay away from thin ice, open water and wetlands • Know the weather forecast. • Make sure headlights and taillights work properly. • Maintain safe distances between other riders. • Reduce your speed when riding at night. • Yield to other motor vehicles and trail users. • Young or beginning riders are encouraged to take a safety training course.

• Always wear a properly fitting bike helmet as most serious injuries are to the head. • Be sure your handlebars, seat and wheels fit snugly. • Keep your bike in good shape by checking and oiling your chain, making sure your brakes work properly and maintaining your tire pressure. • Always ride with both hands on the handlebars except when doing turn signals. • When leaving a driveway, curb or alleyway always stop and check for traffic in both directions. • Cross only at intersections. • Use the crosswalk to walk your bike across busy intersections and follow the traffic signals. • Never ride against traffic. Travel in the same direction as the cars. • Whenever you can, use bike routes and avoid busy streets. • Don't ride near parked cars as doors can open and cause accidents. • Obey all traffic signs and traffic lights. • When biking with friends, ride in a single file. • Always pass other bikers or pedestrians on the left and say "On your left!" to make your presence known. Always use bicycle hand signals to alert traffic of your changing direction.

### SNOWMOBILE SAFETY

• Do not consume alcohol or take drugs prior to or during your snowmobile trip. Doing so increases your chances of injury or death.. Slow down and don't cut to the inside of the trail corners. It's dangerous and illegal. • If you snowmobile at night, don't override your lights. • Always use the buddy system. Never ride off alone. • Drowning is one of the causes of many snowmobile fatalities. Whenever possible, avoid the ice. • Wear sensible, protective clothing designed for operating a snowmobile. • Use a full size helmet, goggles, or visor to prevent injuries from twigs, stones, ice chips and other debris. • Avoid wearing long scarves. They may get caught in moving parts of the snowmobile. • Know the terrain you are going to ride. If unfamiliar to you, ask someone who has traveled over it before. • Know the weather forecast, especially the ice and snow conditions. • Be sure your snowmobile is in top-notch mechanical condition throughout the months of use. • Familiarize yourself with the snowmobile you are driving. Thoroughly read the manual that accompanies the snowmobile. • Do not pursue domestic or wild animals. That is not the conduct of a sportsman. Report such violations to the nearest law enforcement officer.

Please

#### PRIVATE PROPERTY NO TRESPASSING

respect private property and no trespassing signs. Stay on trails. Exercise extreme caution on all lakes and streams. Obey all state and local laws and ordinances. Do not operate snowmobiles/ATV's on county

roads or state highways.

#### INGREDIENTS

4 boneless, skinless <mark>chicken breasts</mark>

**SITCHEN** 

Easy • Fresh • Delicio

1/2 cup honey

1/4 cup soy sauce

2 tablespoons olive oil

2 tablespoons apple cider vinegar

our delicious

2 garlic cloves, minced

Salt and pepper to taste

#### Simple *meal* with a *Gournet* Feel

azed CHICKEN

HONEY

#### INSTRUCTIONS

Preheat the oven to 375°F (190°C).
 In a small bowl, whisk together the honey, soy sauce, olive oil, apple cider vinegar, garlic, salt, and pepper.

**3** Place the chicken breasts in a baking dish and pour the honey glaze over the chicken, making sure it's evenly coated.

**4** Bake in the preheated oven for 25-30 minutes, or until the chicken is cooked through and no longer pink in the center.

**5** After 15 minutes of baking, remove the chicken from the oven and brush the remaining honey glaze over the chicken. Return the chicken to the oven and continue baking.

**6** Once done, remove from the oven and let rest for a few minutes before serving.

**7** You can garnish with sesame seeds and chopped green onions if you like.

#### PREP: 10 MIN • TOTAL: 40 MIN

#### BARBECUE DO'S:

- use proper barbecue equipment and tools, such as a grill, tongs, and spatulas.
- preheat your grill before placing any food on it.
- marinate your meat before cooking to enhance the flavor.
- keep a close eye on your food while grilling to prevent overcooking or burning.
- use a meat thermometer to ensure that your meat is cooked to the correct internal temperature.
- Iet your meat rest for a few minutes before slicing or serving to allow the juices to redistribute.

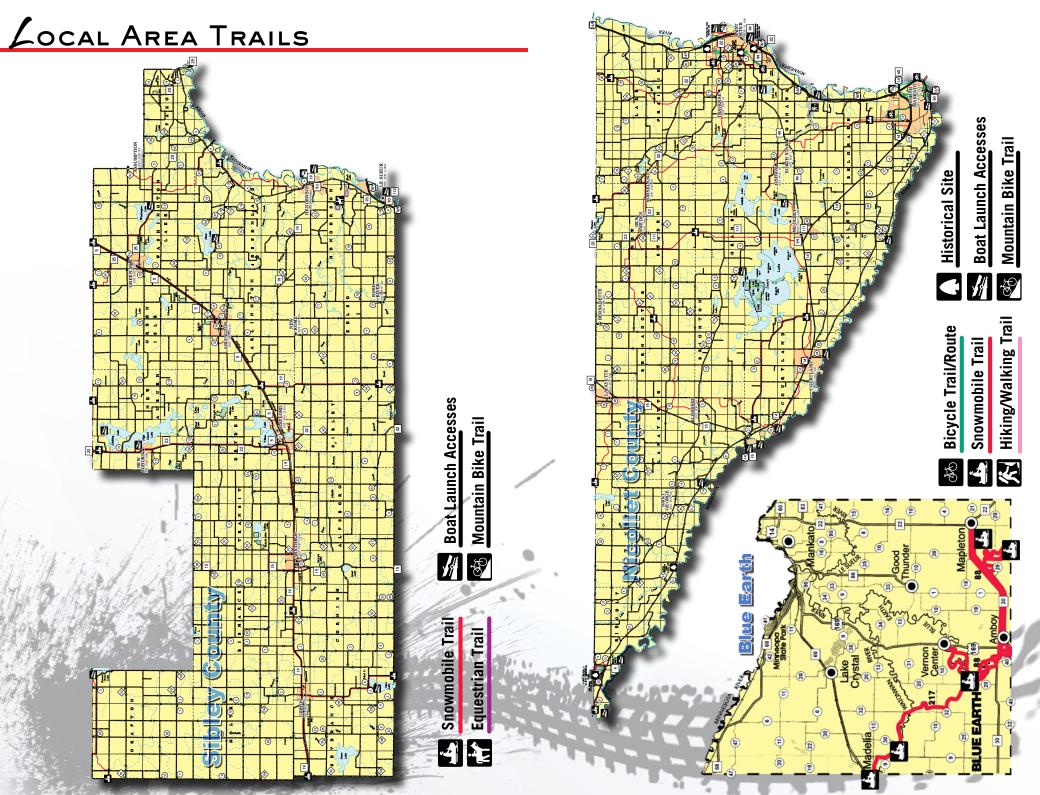

keep your grill and utensils clean to prevent any foodborne illness.

#### **BARBECUE DON'TS:**

- use lighter fluid to start your grill. Instead, use a chimney starter or electric starter.
- overcrowd your grill. Leave enough space between the pieces of meat to ensure even cooking.

- k . . .

- use a fork to flip your meat. Piercing the meat can cause it to lose its juices and become dry.
- baste your meat with sugary sauces too early in the cooking process, as it can burn and create a bitter taste.
- leave cooked meat out in the sun for too long, as it can spoil quickly.
- assume that meat is fully cooked by its color. Always use a meat thermometer to check the internal temperature.
- leave your grill unattended while it's still hot. Always make sure to properly cool it down before leaving it.
   www.LincolnMarketing.us - 29

pesticides/fertilizers. Also benefits mental health and provides fresh food. **Composting**: Decreases the amount of trash in landfills and

reduces carbon emissions.

*Plant Trees*: Planting trees is a classic Earth Day activity. *Local Food*: Buy local sustainable food.

**Clean-Up Events**: Organize or participate in local clean-up efforts.

Upcycle Crafts: Get creative by turning old items into new useful objects.

Choosing the *perfect* destination

What is your dream vacation? Do you want to lay on the beach, hike a mountain or explore a city? Questions like these are a good starting point to decide on where to go. Do research on some different areas and activities that may interest you and any others that you are traveling with to identify the most suitable vacation area.

How long do you plan on being gone? Don't try to go too far or jam in to many activities if you don't have the time. Leave some free time in your schedule to accommodate any unforeseen changes during the trip.

> Depending on what type of climate you are wanting to vacation in, plan your trip for an appropriate time of the year in that area. Also watch out for peak seasons at some popular vacation destinations. At these times prices may be higher with larger crowds.

Research and learn about the area you are heading to
 Check the Travel Advisories for your intended destination
 Pack the appropriate dothing and supplies you will need for your trip
 Have a backup plan in case of injury or illness will be no your trip
 Latificads or family know about your trip

Protect: • Makesure the food and water in the area is safe to consume • Protecty our skin from the sun and insects • Donit take any unnecessary risks • Keep an gree on your health while traveling & when you get back

- Sibley, Nicollet & Blue Earth · Resident Guide
