**Animal Fun Facts**

- Deer can jump as high as 10 feet while running.
- A gray squirrel bite can exert 2 1/2 tons of pressure.
- Dragonflies have been clocked at 50 miles per hour.
- A hummingbird's wings flap at 75 beats per second.
- Mosquitoes weigh about one tenth of a gram.
- It takes around 18 hours for a tick to pass Lyme disease.
- Mosquitoes can smell carbon dioxide from over 100 feet away.
- Raccoons sometimes purr like house cats when they feel content or safe.
- Woodpeckers can strike their beaks against wood around 20 times per second.
- There's a hole in the turkey vulture tongue to help with breathing while eating.
- A mouse can squeeze through holes as small as a marble thanks to its soft skull.
- The ant's brain is the largest of any known creatures on earth in proportion to its size.
- Some wolf species in North America can get up to around six and a half feet from nose to tail.
- The swallowtail butterfly beats its wings slower than any other insect at around 500 times per minute.
- Spiders eat around three times their own body weight every day and will starve after one day without food.

antiquesuniquesmall.com

Over 20,000 Square feet with 75+ dealers featuring collectibles and vintage items from jewelry to furniture and everything in-between

Open Seven Days a Week at 10am

**DISC GOLF**

Disc golf or frisbee golf is played a lot like traditional ball golf but instead of hitting a ball with a club into a hole the player throws a frisbee into a basket. Disc golf can be played by just about anyone at any age. It's also an inexpensive sport to get into. Specialized frisbees for disc golf cost around \$10-\$15 and a lot of courses are free. Playing disc golf is a great way to get out for some exercise, enjoy nature and have some fun.
